

Instructions for Form IT-2105.9 IT-2105.9-I

Underpayment of Estimated Income Tax by Individuals and Fiduciaries

Changes for 1988

For 1988, you may owe a penalty for underpaying your estimated taxes if you did not pay at least 90% of your 1988 tax liability.

The exceptions to the addition to tax for failure to pay estimated tax now apply to part-year residents.

General Instructions

Everyone must prepay each year's tax, either by having tax withheld or by paying estimated tax. If your withholding and estimated tax payments during 1988 were less than your income tax for 1988, you may be charged a penalty on the amount of the underpayment.

Use Part I of Form IT-2105.9 to see if you prepaid enough tax in each payment period. If you did not, use Part II to figure the penalty for that period.

If you checked filing status ③ on your New York State return, each spouse must figure his or her penalty on a separate Form IT-2105.9.

The penalty for each installment is figured separately. Income taxes withheld from your salary, pension, etc., are considered payments of estimated tax in equal installments on the four installment dates, unless you prove otherwise.

Penalty rate — The present penalty rate is 7.2% (.072). For information as to whether or not the rate will change on March 1, 1989, please wait until after February 1, 1989 to call toll free (from New York State only) 1 800 CALL TAX (1 800 225-5829). From outside New York State, call (518) 438-8581. The rate does not have to be compounded daily when figuring the penalty.

Period of underpayment — The penalty is applied to the number of days that the installment was not paid. You figure the period of the underpayment by counting the number of days after the due date of the installment to and including the date of payment or the next installment due date, whichever is earlier.

Farmers and fishermen — If your New York adjusted gross income from farming or fishing is at least two-thirds of your New York adjusted gross income for 1987, or 1988, you cannot use this form. Instead, attach a copy of federal Form 2210F, *Underpayment of Estimated Tax by Farmers and Fishermen*, to show how you figured the penalty or which exceptions apply.

Estates and trusts — The estimated tax penalty will apply to any estate with respect to any taxable year ending two or more years after the date of death of the decedent, and to any trust.

For example, decedent died June 30, 1988, fiscal year fiduciary July 1 - June 30.

Estimated tax payments, if any, would be required beginning July 1, 1990 and installment payment is due October 15, 1990.

Exceptions to penalty — No penalty will be due if:

- the tax due (after deducting tax withheld) is less than \$100. If you owe two taxes (for example, New York State and city of New York), no penalty is due if you owe less than \$200. If you owe three taxes (New York State, city of New York and city of Yonkers), no penalty is due if you owe less than \$300; or
- you did not have any New York State tax liability for the preceding taxable year, the preceding taxable year was a taxable year of 12 months, and year you were a New York State resident, a nonresident or a part-year resident who had New York source income; or
- an installment of estimated tax is due on or after an individual's death; or
- the underpayment was caused by a casualty, disaster or other unusual circumstances; or
- you retired in 1987 or 1988 after reaching the age of 62, or you became disabled, and the underpayment was due to reasonable cause and not to willful neglect.

If you are requesting a waiver of the penalty, attach a statement to Form IT-2105.9 containing all the facts necessary to justify your request.

Privacy act — The Personal Privacy Protection Act requires the Tax Department to set forth its authority for asking for personal information from you or your employer, how such information will be used, what could happen to you if you fail to provide such information, and its authority to maintain such information.

For more information on the Personal Privacy Protection Act, see the instructions for Forms IT-201, IT-203 or IT-205 or call toll free (from New York State only) 1 800 CALL TAX (1 800 225-5829). From areas outside New York State, call (518) 438-8581.

Fiscal year filers - If you are filing for a fiscal year, enter the month and day your tax year began and the month, day and year that it ended in the spaces provided at the top of page 1.

Name and Identifying Number Box

Individuals — Enter in the spaces at the top of the form your name and social security number. If you filed a joint return, also enter your spouse's name.

Fiduciaries — Enter in the spaces at the top of the form the name of the estate or trust and the name of the fiduciary. Also enter the employer identification number of the estate or trust.

Specific Instructions

Part I — Figuring Your Underpayment

Line 1 — Enter your total tax from line 73 of Form IT-201, line 72 of Form IT-203 or line 27 of Form IT-205. Reduce the amount on line 73 of Form IT-201 or line 72 of Form IT-203 by any gift for wildlife entered on line 72 of Form IT-201 or line 71 of Form IT-203, or by any real property tax credit claimed on line 74 of Form IT-201.

Line 4 — If this line is less than \$100, you do not owe a penalty and need not complete Form IT-2105.9. Also, you do not have to complete this form if you owe two taxes (for example, New York State and New York City) and line 4 is less than \$200, or you owe three taxes (New York State, city of New York and city of Yonkers) and line 4 is less than \$300.

Line 5 — Enter your 1987 tax from line 71 of your 1987 Form IT-201, line 62 of your 1987 Form IT-203 or line 28 of your 1987 Form IT-205. Reduce the amount on line 71 of Form IT-201 by any gift for wildlife entered on line 70 of Form IT-201, or by any real property tax credit claimed on line 72 of Form IT-201.

If you did not file a 1987 return or if your 1987 tax year was for a period of less than 12 months, do not complete line 5. Instead, enter the amount from line 2 on line 6.

You will not have to pay a penalty or complete this form if you had no tax liability for 1987, the preceding taxable year was a taxable year of 12 months and you were a New York State resident, a nonresident or a part-year resident who had New York source income.

Line 8 — If your income varies during the year (for example, you receive unexpected or seasonal income not subject to withholding in April or later), complete the annualized income installment worksheet on page 3 of these instructions. Separate worksheets are provided so that you can figure annualized installments of New York State, New York City and Yonkers taxes. If you complete line 8 for any payment period, you must complete it for all payment periods. Attach a copy of the worksheet to Form IT-2105.9.

Line 9 — Enter the amounts from line 7 in each column. However, if you elect to annualize your installments at line 8,

and it is to your advantage, enter the amounts from line 8 in each column.

Line 10 — Enter the total of New York State, New York City and Yonkers estimated tax paid and tax withheld for each period. If you worked all year, figure even payments of income tax withheld by dividing the total amount withheld by 4, and include the result in each column.

Instead of making the estimated tax payment due January 17, 1989, you can file your return and pay all the tax due by February 1, 1989. If you do this, enter the amount of tax you pay with your return on line 10, column (d).

Line 11 — Enter any overpayment (or underpayment) from the prior payment period.

Line 12 — In column (a), enter the amount from line 10. In the other columns, add lines 10 and 11 if line 11 is an overpayment. Subtract line 11 from line 10 if line 11 is an underpayment.

Line 13 — If line 9 is greater than line 12, subtract line 12 from line 9. The result is an underpayment which should also be entered on line 14 for the same payment due date and on line 11 for the next payment due date. If line 12 is greater than line 9, subtract line 9 from line 12. The result is an overpayment which should also be entered on line 11 for the next payment due date.

If line 12 is a negative amount, your total underpayment at line 13 is the installment due at line 9 plus the line 12 amount.

Part II — Figuring the Penalty

Complete this part only for periods in which there is an underpayment.

Line 15 — Enter the date of payment or the next payment due date, whichever is earlier. If you reduce a line 10 amount by an underpayment from a prior period, the underpayment is considered to be paid on the due date of the later period.

Lines 16 and 17 — Line 16 is for figuring the number of days at the present penalty rate of 7.2% (.072). Line 17 is for figuring the penalty for the last installment due date (January 17, 1989) at the new penalty rate if the rate changes on March 1, 1989.

Example 1 — You were required to pay 1988 estimated tax but did not do so. The penalty rate changed on March 1, 1989. You would figure the number of days for the last installment due date as follows:

Line 16 — from January 17, 1989 to February 28, 1989 — 42 days

Line 17 — from February 28, 1989 to April 15, 1989 — 46 days

Line 18 — To compute the penalty on line 18, multiply the number of days on line 16 (divided by 365) x 7.2% x the amount on line 14.

Example 2 — On line 14 you entered \$1,000 and on line 16 you entered 61 days. You would figure the amount to be entered on line 18 as follows:

$$61/365 \times 7.2\% \times \$1,000 = \$12.03$$

Complete line 19 (if the penalty rate changes on March 1, 1989) by multiplying the number of days on line 17, column (d), (divided by 365) times the new rate times the amount on line 14.

In columns (a), (b) and (c), transfer the amount on line 18 to line 20. In column (d), add lines 18 and 19 and enter the total on line 20.

Line 21 — Add the amounts on line 20 and enter the total on line 21. Check the box on line 84 of Form IT-201, on line 82 of Form IT-203 or on line 39 of Form IT-205, and enter the amount of the penalty on line 84 of Form IT-201, on line 82 of Form IT-203 or on line 39 of Form IT-205. If you owe tax, include the penalty in the amount that you pay.

If you show an overpayment on your return, do not reduce the overpayment by the amount of the penalty. As explained above, check the box and enter the amount of the penalty on the proper line. We will reduce your overpayment by the amount of the penalty and refund the difference to you. If you indicate that you want your overpayment applied to your 1989 estimated tax, we will apply the difference to your 1989 estimated tax.

Instructions for Annualized Income Installment Worksheet — New York State

Line 1 — Attach a schedule showing how you figured your New York adjusted gross income for each period.

Line 4 — Enter your itemized deductions for the period shown. The percentage of itemized deductions disallowed for each filing status and income range applies to the amount of itemized deductions for each period.

Line 7 — Individuals - If you claim the standard deduction on line 7, the amount that you can enter is shown below:

Single	\$5,000
Single and a dependent of another taxpayer	2,800
Married filing joint return	8,500
Married filing separate return	4,250
Head of household (with qualifying person)	6,000
Qualifying widow(er) with dependent child	8,500

Do not prorate your standard deduction. Enter the full amount in each column.

Line 11a — Worksheet A

- a) Tax on the amount on line 10, page 3 a) _____
- b) Income Percentage
New York source income
for the period _____
Federal adjusted gross
income for the period b) _____
- c) Multiply line a by line b.
Enter here and on page 3,
line 11a. c) _____

Line 13 - Resident individuals and resident estates and trusts - Add lines 11 and 12. Enter result on line 13. **Nonresidents and part-year resident individuals, nonresident estates and trusts and part-year resident trusts** - Add lines 11a and 12. Enter result on line 13.

Line 14 — Credits that are based wholly or partly on income are figured on the annualized income for each period.

Example 3 — You are single and qualified to claim the household credit. Your New York adjusted gross income (line 1) for the period January 1, 1988, through March 31, 1988, is \$5,000. You would use the annualized amount on line 3 (\$20,000) when figuring your household credit.

Other credits that should be figured on an annualized basis are the resident credit, child and dependent care credit and real property tax credit. Credits that are not based on income are figured by applying the 1987 credit rate to the amount of the expenditure paid or incurred during the period. An example of this is the investment credit.

Line 16 — Enter in each column the total amount of other New York State taxes reported on line 61 of Form IT-201 or on line 64 of Form IT-203. Except for the minimum tax, you do not have to annualize these taxes. Use Form IT-220, *Minimum Income Tax*, as a guide in figuring this tax. Figure your total New York tax preference items based upon the income and deductions during the period shown in the column headings of this worksheet. Multiply the total New York tax preference items by the annualization amounts on line 2 of this worksheet and then deduct the specific deduction allowed on Form IT-220.

Instructions for City of New York Worksheet

Use the *City of New York Worksheet* on page 4 to figure the amount to be entered on line 20 of the *Annualized Income Installment Worksheet*. You can transfer the figures from lines 1 through 10 of the *Annualized Income Installment Worksheet* to the *City of New York Worksheet* if you are required to complete both worksheets. If you are figuring annualized installments of the New York City nonresident earnings tax, skip lines 1 through 11 of the worksheet and start with line 12.

Instructions for City of Yonkers Worksheet

Use the *City of Yonkers Worksheet* on page 4 to figure the amount to be entered on line 20 of the *Annualized Income Installment Worksheet*. If you are figuring annualized installments of the Yonkers nonresident earnings tax, skip lines 1 through 3 of the worksheet and start with line 4.
