

Form IT-203 Highlights for Tax Year 1992

Due to recent New York State Tax Law changes, the 1991 New York State and New York City income tax rates and brackets and standard deduction amounts are retained for the 1992 tax year.

- **Publication 150**

Beginning in 1992, certain taxpayers (other than farmers and fishermen) must make a special computation to figure their required estimated tax payments. Publication 150, *Estimated Tax Rules Limiting Use of Prior Year's Tax*, gives a detailed explanation of all the changes and worksheets for completing the required calculations. For more information, see Publication 150.

- **Estimated Tax Penalty Will Reduce Your Refund or Increase the Amount You Owe Shown on Your Return**

Beginning this year, if you compute an estimated tax penalty on Form IT-21059, the penalty transferred to line 78 of your Form IT-203 will reduce the overpayment you show on line 74 or increase the amount you owe on line 77. For more information, see the instructions for *Line 78, Estimated Tax Penalty*, on page 22 of these instructions.

- **Your Refund Can Be Applied to a Past-Due Legally Enforceable Debt**

Due to a recent law change, your refund can now be applied to a past-due legally enforceable debt that you owe to a state agency. For more information, see *Collection of debts from your refund* on page 21 of these instructions.

- **Certain Married Taxpayers Allowed Filing Status Election**

If you are married and filed a joint federal return, you may be allowed to file your New York State return either jointly using filing status ②, or separately using filing status ③. For more information, see *Joint and Separate Returns for Married Taxpayers* on page 4 of these instructions.

- **Do you need a tax packet?**

If you use a paid preparer, or if you use computer software to prepare your return, or if for any other reason you do not need a tax packet mailed to you for next year's taxes, please check the box at item D of your Form IT-203. By checking this box, you will help us reduce printing and mailing costs.

When you check the box, we will send you a mailing label that you or whoever prepares your return should use on your 1993 return. Be sure to use your preprinted mailing label; if you do not, it may cause a delay in processing your return and your refund, if you are entitled to one.

How to avoid mistakes that slow down the processing of your return and refund:

- **Public employee 414(h) retirement contributions must be entered on line 21.**

If you are a Tier III or Tier IV member of the New York State and Local Retirement Systems (including the New York State Employees' Retirement System and the New York State Policemen's and Firemen's Retirement System), New York State Teachers' Retirement System, or an employee of the State or City University of New York who belongs to the TIAA/CREF Optional Retirement System or any tier member of the New York City Employees' Retirement System, the New York City Teachers' Retirement System, the New York City Board of Education Retirement System, the New York City Police Pension Fund or the New York City Fire Department Pension Fund, you must enter the amount of public employee 414(h) retirement contributions you made in 1992 on line 21.

- **Be sure to check either the Yes or No box at Item C.**

Item C asks whether or not you can be claimed as a dependent on another taxpayer's federal return. Be sure to check either the Yes or No box, especially if you are single, since the answer determines the amount of standard deduction allowed.

- **Check the New York standard deduction table on page 18 and make sure that you have claimed the correct standard deduction for your filing status on line 47.**

For example, do not claim a head of household filing status and then claim a

standard deduction for a single or married filer.

- **Complete the New York Dependent Exemption Worksheet on page 19 and enter the line c number on line 49.**

Some taxpayers make the mistake of entering their federal exemptions on line 49. Federal exemptions may include both personal and dependent exemptions. However, only dependent exemptions are allowed on your New York State return.

- **Be sure to claim the correct amount for your New York State child and dependent care credit.**

This credit is limited to 20% of your federal child care credit before any limitations. Some taxpayers erroneously claim 20% of their federal child and dependent care expenses instead of 20% of their credit.

Be sure that, on line 52, you enter 20% of the federal child and dependent care credit, not expenses (from federal Form 1040A, Schedule 2, Part II, line 14; or, if you filed federal Form 2441, from line 16, before any limitations).

Taxpayers who file federal Form 2441 and are required to complete the worksheet on page 2 of the Form 2441 instructions may find that their federal child care credit is reduced on this worksheet. Some taxpayers claim 20% of this reduced federal child and dependent care credit on their state return; however, you are actually allowed 20% of the credit before any limitations.

- **Nonobligated spouses should attach Form IT-280 to their returns.**

If you are a nonobligated spouse who is filing Form IT-280 to disclaim your spouse's debt, use the original Form IT-280. Do not use a photocopy. If you need to order this form, call toll free (from New York State only) 1 800 462-8100. From areas outside New York State, call (518) 438-1073.

- **Enter your refund or amount you owe on the correct line of your return.**

Taxpayers sometimes enter the amount they owe on the refund line (line 75) instead of on the amount you owe line (line 77). The taxpayer then expects a refund, when in fact he or she owes tax. This will result in a bill for the tax owed plus interest and possible penalty. This situation can be avoided by making sure that if you owe tax, you enter the amount owed on the correct line and pay this amount when you file your return.

- **New York City IRC 125 flexible benefits program must be entered on line 22.**

IRC section 125 amounts deducted or deferred from your salary under a flexible benefits program established by the city of New York and certain other New York City public employers must be entered on line 22 of Form IT-203.

- **Notice to Estimated Tax Filers**

The Tax Department plans to begin mailing estimated tax vouchers in mid-February. Estimated tax filers can expect to receive their IT-2105 payment vouchers in late February or early March. The first installment is due on or before April 15, 1993.

How Nonresidents and Part-Year Residents are Taxed

If you were a nonresident of New York State and received income in 1992 from New York State sources, or if you moved into or out of New York in 1992, you must file Form IT-203, *Nonresident and Part-Year Resident Income Tax Return*. You are subject to New York State tax on income you received from New York sources while you were a nonresident

and on all income you received while you were a New York State resident.

First, you must compute a base tax as if you were a resident of New York for the entire year, including items of income, gain, loss and deduction from all sources. You must then divide your New York source income by

your federal adjusted gross income to determine an income percentage. The base tax is multiplied by the income percentage to arrive at the amount of tax apportioned to New York based on New York source income.

If you were a resident of New York for all of 1992, you should get a resident income tax return, Form IT-200 or Form IT-201.

Who Must File

New York Nonresidents

You must file a New York State nonresident return, Form IT-203, if you meet any of the following conditions:

- You have New York source income included in your federal adjusted gross income and your federal adjusted gross income plus New York additions is more than your New York standard deduction.

New York source income is the sum of the net amount of items of income, gain, loss and deduction derived from or connected with New York sources, including your share of those items from partnerships, S corporations and estates and trusts. See *New York Source Income* on this page for more information.

Your federal filing status is: and you had New York source income, and your federal adjusted gross income (plus New York additions)* is more than:

single, and you can be claimed as a dependent on another taxpayer's federal return	\$2,800
single, and you cannot be claimed as a dependent on another taxpayer's federal return	\$6,000
married filing joint return	\$9,500
married filing separate return	\$4,750
head of household	\$7,000
qualifying widow(er)	\$9,500

* (New York additions are explained on pages 14 and 15 of these instructions; see the federal instructions to find your filing status and figure your federal adjusted gross income if you do not have to file a federal return.)

- You want to claim a refund of any New York State, city of New York or city of Yonkers income taxes withheld from your pay.
- You are subject to the minimum income tax on tax preference items derived from or connected with New York sources. For further information, see *Other Forms You May Have to File* (Form IT-220, *Minimum Income Tax*) on page 6 of these instructions.
- You are subject to a separate tax on any lump-sum distributions derived from or connected with New York sources. See

Other Forms You May Have to File (Form IT-230, *Separate Tax on Lump-Sum Distributions*) on page 6 of these instructions.

- You incurred a net operating loss for New York State personal income tax purposes for the tax year without incurring a similar net operating loss for federal income tax purposes.

If you need help, call New York taxpayer assistance toll free (from New York State only) at **1 800 CALL TAX** (1 800 225-5829). From areas outside New York State, call (518) 438-8581. Also see *Need Help?* on page 9 of these instructions.

Did you use federal Form 8814 or federal Form 8615 to report your child's investment income?

If you elected to file federal Form 8814 with your federal return, the amount of your child's investment income over \$1,000 that was included in your federal gross income must be reported in the *Federal Amount* column of your Form IT-203 and taxed at your rate. In this case, you will not file a New York return for your child. However, it will be to your advantage to file a New York return for your child since there will not be any New York tax on the first \$2,800 of your child's investment income. To qualify for filing a New York return for your child, you must first file a federal income tax return and federal Form 8615 (instead of federal Form 8814) to report your child's investment income.

New York Source Income

Nonresident — The New York source income of a nonresident is the sum of the income, gain, loss or deduction derived from or connected with New York State included in your federal adjusted gross income. This includes income from:

- real or tangible personal property located in New York;
- services performed in New York;
- a business, trade, profession or occupation carried on in New York;
- a corporation in which you are a shareholder and which makes an election under section 660 of the Tax Law to be taxed as an S corporation;
- your distributive share of New York State partnership income or gain; and
- your share of New York State estate or trust income or gain.

New York source income of a nonresident does **not** include the following income even if it was included in your federal adjusted gross income:

- annuities and p **86** which meet the definition of an unless the

annuity is employed in or used as an asset of a business, trade, profession or occupation carried on in New York;

- interest, dividends or gains from the sale or exchange of intangible personal property, unless they are part of the income you received from carrying on a business, trade, profession or occupation in New York;
- compensation you received for active service in the United States military (see *Members of the Armed Forces* on page 5);
- your income as a shareholder of a corporation which did **not** have an election in effect to be taxed as an S corporation under section 660 of the Tax Law; or
- your distributive or pro rata share for federal income tax purposes of income, gain, loss or deduction from an insurance business doing business as a member of the New York Insurance Exchange; or
- compensation you received from an interstate rail carrier, interstate motor carrier or an interstate motor private carrier for regularly assigned duties performed in more than one state.

Part-year resident — The New York source income of a part-year resident is the sum of the following with adjustments for the special accruals defined on this page and page 4:

1. all income reported on your federal return for the period you are a resident of New York State; and
2. the New York source income for the period you were a nonresident of New York State.

Part-Year Residents

The filing requirements for part-year residents are the same as for nonresidents. However, the New York source income of a part-year resident is the sum of the following, with adjustments for special accruals (for further information, see *Special Accruals* below):

- your federal adjusted gross income for the period of residence, computed as if your tax year for federal income tax purposes were limited to the period of residence; and
- your New York source income for the period of nonresidence determined as if your tax year for federal income tax purposes were limited to the period of nonresidence.

Special Accruals

If you **moved out** of New York State, you must accrue any item of income, gain, loss or deduction which, under an accrual method of accounting, would be reportable at the time you changed your residence. This includes income or gain you elected to report on the installment basis. You also have to accrue to New York State items of tax preference subject to the minimum income tax (Form IT-220) and the total taxable amount of lump-sum distributions subject to the separate tax on lump-sum distributions (Form IT-230).

Who Must File *(continued)*

Special Accruals *(continued)*

Accruals are not required if you file a bond or other acceptable security in an amount equal to or greater than the amount of additional New York State income tax that would be due if the accrued items were included on your part-year resident return, and you include the accrued amounts on your New York nonresident return for subsequent tax years as if no change in resident status occurred. If you elect to file a bond or other acceptable security instead of accruing income, you will need Form IT-260, *Surety Bond Form*, or Form IT-260.1, *Change of Resident Status - Special Accruals*. For more information on how to file a bond or other acceptable security, see Form IT-260-1, *Instructions for Forms IT-260 and IT-260.1*.

As a resident, if you received proceeds from lottery winnings (the amount of winnings less the amount of wager) of more than \$5,000 from the New York State lottery, the proceeds are subject to New York State, New York City (if applicable) and Yonkers (if applicable) income tax withholding. Form IT-2102-G, *Report of Certain Gambling Winnings*, will serve as an acceptable security in lieu of making a special accrual of lottery winnings as required by section 638(c) of the Tax Law.

If you became a New York State resident during the tax year, you must accrue any item of income, gain, loss or deduction which, under an accrual method of accounting, would be reportable at the time you changed your residence, except that no accrual is required or allowed for items of income, gain, loss or deduction derived from or connected with New York State sources.

Any item of income, gain, loss or deduction accrued up to the time you changed your residence must be excluded in determining your New York source income, New York adjusted gross income, minimum taxable income or total taxable amount of lump-sum distributions, for the year of change or any subsequent year.

The New York adjusted gross income of a part-year resident must include special accruals and any applicable modifications (see *New York Additions* beginning on page 14 and *New York Subtractions* beginning on page 16) as if the accrued items were includable or allowable for federal income tax purposes.

Resident, Nonresident and Part-Year Resident Defined

You may have to pay income tax as a New York State resident even if you are not considered a resident for other purposes. For income tax purposes, your resident status depends on where you were domiciled and where you maintained a permanent place of abode during the taxable year.

In general, your *domicile* is the place you intend to have as your permanent home. Your domicile is, in effect, the state where your permanent home is located. It is the place you intend to return to whenever you may be away (as on vacation abroad, business assignment, educational leave, or military assignment).

You can have only one domicile. Your New York domicile is not changed until you can demonstrate that you have abandoned your New York domicile and established a new permanent domicile outside New York State.

If you move to a new location but intend to stay there only for a limited amount of time (no matter how long), your domicile does not change. For example: Mr. Green of ABC Electronics in Elmira, New York, was temporarily assigned to the Atlanta, Georgia branch office for two years. After his stay in Atlanta, he returned to his job in New York. His domicile did not change during his stay in Georgia; it remained New York State.

If your domicile is New York State and you go to a foreign country because of a business assignment by your employer, or for study, research or any other purpose, your domicile does not change unless you show that you definitely do not intend to return to New York.

A *permanent place of abode* is a residence (a building or structure where a person can live) you permanently maintain, whether you own it or not, and usually includes a residence your husband or wife owns or leases. A place of abode is not permanent if you maintain it only during a temporary or limited period of time for a particular purpose. For more information, see Publication 88, *General Tax Information for New York State Nonresidents and Part-Year Residents*.

Resident — You are a New York State resident if:

- Your domicile is not New York State but you maintain a permanent place of abode in New York and spend *184 days or more* in New York during the taxable year. However, if you are a member of the armed forces, and your domicile is not New York State, you are not a resident under this definition; or
- Your domicile is New York State unless you meet **all three** of the conditions in either Group A or Group B as follows:

Group A

- You did not maintain any permanent place of abode in New York State during the taxable year; and
- You maintained a permanent place of abode outside New York State during the entire taxable year; and
- You spent *30 days or less* in New York State during the taxable year.

Group B

- You were in a foreign country for at least 450 days during any period of 548 consecutive days; and
- You spent *90 days or less* in New York State during this 548-day period, and your spouse (unless legally separated) or minor children spent *90 days or less* in New York during this 548-day period in a permanent place of abode maintained by you; and
- During the nonresident portion of the taxable year in which the 548-day period either begins or ends, you were present in New York State for no more than the number of days which bears the same ratio to 90 as the number of days in such portion of the taxable year bears to 548. This condition is illustrated by the following formula:

$$\frac{\text{Number of days in the nonresident portion}}{548} \times 90 = \text{Maximum number of days allowed in New York State}$$

For more information, see Publication 88, *General Tax Information for New York State Nonresidents and F*

Nonresident — You are a New York State nonresident if you were not a resident of New York State for any part of the year.

Part-year resident — You are a New York State part-year resident if you meet the definition of resident or nonresident for only part of the year.

Joint and Separate Returns for Married Taxpayers

If you each filed a separate federal return, each spouse having New York source income must file a separate New York State return.

If you filed a joint federal return, you must file a joint New York State return if:

- both spouses are nonresidents and both have New York source income; or
- one spouse is a part-year resident and the other is a nonresident with New York source income; or
- both spouses are part-year residents.

Exception: If you are unable to file a joint New York return because the address or whereabouts of your spouse is unknown or your spouse refuses to sign a joint New York return, you may file a separate New York return using filing status ③.

Caution - A separate return may be filed using the above exception **only** if you meet at least one of the following conditions:

- you can demonstrate that the address and whereabouts of your spouse is unknown, reasonable efforts have been made to locate your spouse and good cause exists for the failure to file a joint New York return; or
- reasonable efforts have been made to have your spouse sign a joint return, there exists objective evidence of alienation from your spouse such as judicial order of protection, legal separation under a decree of divorce or separate maintenance, or living apart at all times during the preceding year, and good cause exists for the failure to file a joint return.

If you filed a joint federal return, you must file a separate New York State return on Form IT-203 using filing status ③, *Married filing separate return* (unless both spouses elect to file a joint New York State return on Form IT-203 using filing status ②, *Married filing joint return*) if:

- both spouses are nonresidents but only one has New York source income; or
- one spouse is a part-year resident and the other is a nonresident with no New York source income.

If you filed a joint federal return and one spouse is a New York State resident and the other is a nonresident or part-year resident, you must file separate New York State returns, using filing status ③. The New York State resident must use either Form IT-200 or Form IT-201; the nonresident or the part-year resident, if required to file a New York return, must use Form IT-203. However, if both of you choose to file as New York residents, you may elect to file a joint New York State resident return, using filing status ② on Form IT-200 or Form IT-201.

When you file a joint New York return using filing status ②, you must complete your New York return using the same joint income and deductions you used on your federal return. Also, you must use the *Married filing jointly* columns in the *New York State Tax Table*, and if you claim the New York standard deduction, you must use the *Married filing joint return* standard deduction from the

Who Must File *(continued)*

Standard Deduction Table and the household credit amount from *Household Credit Table II* in these instructions.

When you file a separate New York return using filing status ③, you must complete your New York return using only your own income and deductions, computed as if you had filed separate federal returns. Also, you must use the *Single or Married filing separately* columns in the *New York State Tax Table*, and if you claim the New York standard deduction, you must use the *Married filing separate return* standard deduction from the *Standard Deduction Table* and the household credit amount from *Household Credit Table III* in these instructions.

Generally, you must file a joint New York return if you wish to claim the New York State child and dependent care credit. However, if one spouse is a nonresident or part-year resident and the other spouse is a resident and both spouses have New York source income, and they file separate New York returns, the credit may be claimed on the separate return of the spouse with the lower taxable income.

If you are eligible to elect a filing status, you should consider which filing status would be more advantageous. Generally, if the spouse with the lower federal income has New York source income, you may pay less tax if you use filing status ③, *Married filing separate return*. If the spouse with the higher federal income has New York source income or, if the other spouse has no federal income, you may pay less tax if you use filing status ②, *Married filing joint return*. You should figure your tax both ways to see which filing status results in a lower tax for you.

Members of the Armed Forces

If your permanent home (domicile) was outside New York State when you entered the military, you do not become a New York State resident even if you were assigned to duty in New York State and established a place of abode in New York State. If you are a New York State nonresident, your military pay is not subject to New York State tax. However, any other income that you receive from New York State sources while you are a nonresident (including your spouse's income) may be subject to tax. If you have a civilian job in New York during your off-duty hours, the income you receive is subject to income tax. Income or gain from property located in New York or from a business, trade or profession carried on in this state is also subject to tax.

If your permanent home (domicile) was in New York State when you entered the military, you are still a New York State resident and must file a resident return even if you are presently assigned to duty in another state or country. Generally, your domicile does not change when you are serving temporarily in the armed forces of the United States. However, if you meet all three conditions in Group A on page 4 and want to file for a refund of any New York State income tax withheld, file nonresident Form IT-203 and attach an explanation which contains the following information:

- a statement that you had no permanent place of abode in New York State during the taxable year; and
- the location and a brief description of the permanent place of abode you maintained outside New York State and the beginning and ending dates of your stay there; and
- the exact number of days you were in New York State during the tax year.

Your barracks, bachelor officer's quarters or quarters on ship generally do not qualify as a permanent place of abode.

If you meet all three conditions in Group B on page 4 and want to file for a refund, file Form IT-203 and attach a statement explaining how you meet the three conditions.

If you are stationed in a foreign country when your return is due and you qualify for an automatic two-month extension of time to file your federal return, you are automatically granted a two-month extension of time to file your New York return.

For more information, see Publication 361, *Military Personnel and Veterans*.

City taxes: If you were a New York City or Yonkers resident when you entered the military and if your military pay is subject to New York State income tax, it is also subject to New York City or Yonkers taxes. However, if you meet the conditions for nonresident status, your military pay is not subject to the New York City or Yonkers nonresident earnings tax.

US Nonresident Aliens

If you are a US nonresident alien for federal income tax purposes and are required to file federal Form 1040NR, *U.S. Nonresident Alien Income Tax Return*, you may be required to file a New York State nonresident return, Form IT-203. See *Who Must File* on page 3 of these instructions.

If you must file a New York return and you checked filing status box 3, 4 or 5 on federal Form 1040NR, you must compute your New York State tax as married filing separately and check box 3 at item A on your Form IT-203. It is important to note that some income items and line references used on Form IT-203 do not correspond with those shown on federal Form 1040NR. Item E on the front page of Form IT-203 asks you to enter the number of exemptions from line 6e of your federal Form 1040 or 1040A. For a nonresident alien, the corresponding line to obtain this information is line 7e of federal Form 1040NR. Line 12 of federal Form 1040NR is used to report income from scholarships and fellowships. Since there is no corresponding line on the New York nonresident return, this income should be reported as other income on line 16 of Form IT-203.

Also, if you filed federal Form 1040NR you should claim the New York deduction (itemized or standard) that is more advantageous to you.

Complete your return using the line instructions beginning on page 10.

Deceased Taxpayers

An executor, administrator or spouse has to file a New York State return for a nonresident or part-year resident taxpayer who died before filing a 1992 return. Generally, if a joint federal income tax return was filed for the deceased taxpayer and the surviving spouse, a joint New York State return must be filed on Form IT-203. For more information, see *Joint and Separate Returns for Married Taxpayers* beginning on page 4. The filing due date is the same as if the taxpayer had lived.

If you are not an executor or administrator and are claiming a refund for a deceased taxpayer, you may have to file Form AU-281.17, *Survivor's Affidavit*. If the refund requested is over \$10,000 and the return is not signed by the fiduciary, a copy of the letter certified by the surrogate's court must be attached to the return. Call or write us for this form. See *How to Get Forms* on p. 88 these instructions.

Estates and Trusts

Estates and trusts are subject to the New York State personal income tax. The fiduciary for an estate or trust must file Form IT-205, *New York State Fiduciary Income Tax Return*. Each nonresident and part-year resident beneficiary of an estate or trust must include his or her share of the estate or trust income, if any portion of that income is derived from or connected with New York sources, on Form IT-203. For more information on responsibilities of beneficiaries, see *Beneficiaries (estates and trusts)* on page 14 of these instructions.

Estimated income tax for estates and trusts - Estates and trusts are required to make estimated tax payments. However, estates (and certain grantor trusts that receive the residue of the decedent's estate under the decedent's will) are exempt from paying estimated tax for the first two years after the decedent's death. Generally, an estate or trust must pay estimated tax if the estate or trust is expected to owe, after subtracting its withholdings and credits, at least \$100 in New York income tax for 1993. The total amount you must pay for 1993 through withholding and estimated tax is the lesser of:

- 90% of the tax shown on the 1992 return, or
 - 100% of the tax shown on the 1992 return.
- The return must cover all 12 months (see the caution below).

Caution: You cannot use your 1992 tax as your required annual payment if it is the lesser of the two amounts above, and if all of the following conditions are met:

- You are subject to the federal limit on the use of the prior year's tax.
- You made an estimated tax payment for 1992, 1991, or 1990, or you were charged a penalty for not paying estimated tax for any of those years. (Do not include withholding or use a credit from your prior year's tax as a payment of estimated tax.)
- Your 1993 New York adjusted gross income (NYAGI) as shown on line 1 of your 1993 Estimated Tax Worksheet will be more than \$75,000 (more than \$37,500 if you are married filing separately).
- Your 1993 modified New York adjusted gross income will exceed the amount of the NYAGI shown on your return for 1992 by more than \$40,000 (more than \$20,000 if you are married filing separately).
- 90% of your 1993 modified New York expected tax will be more than your 1992 tax.

For more information, see Publication 150, *Estimated Tax Rules Limiting Use of Prior Year's Tax*.

A fiduciary of an estate or trust who makes an election to allocate the estate's or trust's estimated tax overpayment among the beneficiaries must file Form IT-205-T. For more information, see the instructions for Form IT-205.

Partnerships

Partnerships are not subject to the New York State personal income tax but individual members of the partnership are. If your partnership has a partner who is a New York State resident, or if the partnership has any income from New York State sources, it must file Form IT-204, *Partnership Return*. If you were a partner with New York source income, transfer your share of income (or loss), deductions and adjustments from Form IT-204 to your Form IT-203. For more information see Form IT-204-I, *Instructions for Form IT-204*. If your partnership carried on a business in New

Who Must File *(continued)*

York City, it may also be required to file Form NYC-204, *City of New York Unincorporated Business Tax Partnership Return*. For more information, see the instructions for Form NYC-204. You can get this form and its instructions by calling the NYC Department of Finance. See *How to Get Forms* on this page. Since New York State does not administer the New York City unincorporated business tax, do not file your Form NYC-204 with your state return.

Nonresidents of New York City and Yonkers

If you were not a New York City or Yonkers resident for 1992 but you earned wages or self-employment income there and you have to file a New York State income tax return, you must also file Form NYC-203, *City of New York Nonresident Earnings Tax Return*, and/or Form Y-203, *City of Yonkers Nonresident Earnings Tax Return*.

If you are married, you cannot file jointly on Form NYC-203 or Form Y-203. If you each have taxable earnings, you must each file a separate Form NYC-203 and/or Form Y-203.

Forms NYC-203 and Y-203 are due at the same time as your state return and must be attached to it. For more information, see the instructions for these forms.

Part-Year Residents of New York City and Yonkers

If you changed your New York City or Yonkers resident status during the year, you must complete Form IT-360.1, *Change of City Resident Status*, and pay New York City resident tax or Yonkers resident income tax surcharge for the part of the year that you lived in New York City or Yonkers. If you earned wages in one of these cities or conducted a trade or business there (either as an individual or a member of a partnership) during the part of the year that you were not a New York City or Yonkers resident, you must complete Form NYC-203, *City of New York Nonresident Earnings Tax Return*, or Form Y-203, *City of Yonkers Nonresident Earnings Tax Return*, and pay any tax due. For more information, see Form IT-360.1-1, *Instructions for Form IT-360.1*.

Other Forms You May Have to File

Form IT-203-ATT, Summary of Other Credits and Taxes, Attachment to Form IT-203. Complete this form if you are subject to any other New York State or New York City taxes. You can also use this form to claim other New York State credits. You must complete Schedule A on the back of this form if you worked both in and out of New York State for an employer, and your income is not based on the volume of business transacted. You must complete Schedule B on the back of this form if you or your spouse maintained living quarters in New York State during any part of 1992. For more information, see *Instructions for Form IT-203-ATT, Summary of Other Credits and Taxes*, beginning on page 24.

Form IT-220, Minimum Income Tax. Complete this form if you have federal tax preference items totaling more than the allowable specific deduction. You may have

to file Form IT-220 even if you are not required to file federal Form 6251, *Alternative Minimum Tax - Individuals*. For more information, see the instructions for Form IT-220.

Form IT-221, Disability Income Exclusion. Complete this form to figure the amount of your disability income that may be excluded from income on Form IT-203. To qualify, you must have retired due to permanent and total disability and you must not have reached age 65 when your tax year ended. For more information, see Form IT-221.

Form IT-230, Separate Tax on Lump-Sum Distributions. Complete Form IT-230 if you used federal Form 4972 to figure your federal tax on a lump-sum distribution from a qualified retirement plan. For more information, see the instructions for Form IT-230.

Form IT-399, New York State Depreciation. Complete this form if you are an individual, partnership, estate or trust to figure your New York depreciation deduction for property placed in service during taxable years beginning in 1981, 1982, 1983 and 1984, and for property placed in service outside New York State in taxable years beginning after December 31, 1984 (including property on which ACRS depreciation was figured in accordance with the federal Tax Reform Act of 1986). Also use Form IT-399 to figure your adjustment for the federal ACRS deduction and the year of disposition adjustment. For more information, see Form IT-399.

Form IT-2105, Estimated Income Tax Payment Voucher. The total amount you must pay for 1993 through withholding and estimated tax is the lesser of 90% of the tax shown on your 1993 return or 100% of the tax shown on your 1992 return (based on a return covering 12 months). However, if your 1992 tax is the lesser of the two amounts above and you meet all of the conditions shown on page 5 under *Estates and Trusts* in the **Caution** paragraph, you cannot use your 1992 tax as your required annual payment. Beginning in 1992, certain taxpayers (other than farmers and fishermen) must make a special computation to figure their required estimated tax payments using Estimated Tax Worksheet I (and if applicable, Worksheets II and III) found in Publication 150, *Estimated Tax Rules Limiting Use of Prior Year's Tax*. You don't have to pay estimated tax if you expect to owe less than \$100 of New York State or New York City or Yonkers tax after deducting tax withheld and credits you are entitled to claim. For more information, see Publication 150 and the instructions for Form IT-2105.

If you paid estimated tax for 1992 and filed a New York State income tax return, you will automatically receive a 1993 estimated tax packet in the mail. Included in your packet will be your account statement for tax year 1992. It will show the total amount recorded in your account as of the date shown on the statement. Review this statement carefully. If you disagree with any of the information, complete Form IT-2105.1 and attach it to the front of your Form IT-203.

If you did not receive your 1993 estimated tax packet by the date your first payment is due (generally April 15) or you would like to begin making estimated tax payments, call or write us for forms and instructions. See *How to Get Forms* on this page.

Amended Returns or Federal Changes Generally, an amended return claiming credit for, or a refund of, an overpayment must be filed within three years of the date that the original return was filed, or within two years of the date the tax was paid, whichever is later. However, if you

return showing a change in your taxable income, tax preference items, total taxable amount or capital gain or ordinary income portion of a lump-sum distribution, or credit for child and dependent care expenses, you must also file an amended New York State return within 90 days from the date you amend your federal return if the change increases or decreases your New York State tax.

You must also file an amended return to correct any error on your original nonresident and part-year resident return and to report changes made by the Internal Revenue Service.

If the Internal Revenue Service changes the taxable income, tax preference items, total taxable amount or capital gain or ordinary income portion of a lump-sum distribution, or disallows your refund claim or credit for child and dependent care expenses that you reported on your federal return and the change increases or decreases your New York State tax, you must report these changes to the New York State Tax Department within 90 days from the date the Internal Revenue Service makes its final determination. Attach a copy of the federal report of examination changes and a signed statement indicating you concede the federal audit changes. If you do not concede the federal audit changes, attach a signed statement explaining why.

To amend your original Form IT-203, get a blank Form IT-203 for the tax year involved and write **Amended** at the top of the front page. Complete the form by entering the corrected information. Attach payment for any additional tax plus interest that may result from these changes. Send it to: NYS Income Tax, W A Harriman Campus, Albany NY 12227-0125.

Since we cannot act on your amended return until we have completed the processing of all original returns, there may be some delay in processing your amended return.

For more information, see Publication 380, *How to Amend Your New York State Income Tax Return*.

Form CT-33-D, Tax on Premiums Paid or Payable to an Unauthorized Insurer on Risks Located Within New York State.

Complete this form if you have purchased or renewed a taxable insurance contract from an insurer not authorized to transact business in New York State under a Certificate of Authority from the Superintendent of Insurance. You will be liable for a tax of 3.6% of the premium. The return must be filed within 60 days following the end of the calendar quarter in which the contract was purchased or renewed. For more information, see Form CT-33-D and TSB-M-90(9)C.

Reminders

Refunds

Even if you do not have to file a return, you should file to get a refund if New York State, New York City or Yonkers income taxes were withheld from your pay.

Name and Social Security Number

You must enter your name and social security number on all forms you send to us. **If you are making a payment, write your social security number and 1992 Income Tax on your check or money order.**

Whole Dollar Amounts

You may round all money items on your return to the nearest dollar. For example, round \$10.49 to \$10; round \$10.50 to \$11. If you round to the nearest dollar, round for all amounts.

Wage and Tax Statements

Your employer must give you a wage and tax statement — either federal Form W-2 or New York State Form IT-2102. This statement shows your total earnings and the amount of New York State, New York City and Yonkers taxes withheld from your pay during the year.

If you received periodic annuity, pension, retired pay or IRA payments and income tax was withheld, the payer must give you a statement, either federal Form 1099-R or New York State Form IT-2102-P. This statement shows the amount of your gross and taxable retirement plan payments, and the New York State, New York City and Yonkers tax withheld from your payments during the year.

If you received payments of lottery distributions or horse racing proceeds and income tax was withheld from those payments, you will receive federal Form W-2G or New York State Form IT-2102-G, *Report of Certain Gambling Winnings*. This statement shows your total payments and the amount of New York State, New York City and Yonkers taxes withheld during the year.

You must attach the New York State copy of federal Form W-2 (Copy 2) or New York State Form IT-2102 (Copy 1) to the back of your return as shown in Step 7, *Return Assembly*, on page 23 of these instructions. If you have not received your statement by February 16, 1993, or if it is incorrect or lost, contact your employer.

Estimated Tax Paid - Enter the amount of estimated tax payments made for New York State, New York City and Yonkers. Before completing this section of your return, review the account statement that was included with your estimated tax packet. Report any discrepancies by completing Form IT-2105.1 provided in your packet and attaching this form to the front of your Form IT-203.

Paid Preparers Must Sign Your Return

Anyone you pay to prepare your return must sign it and fill in the other blanks in the paid preparer's area of your return. The preparer required to sign your return must sign it by hand; signature stamps or labels are not acceptable. If someone prepares your return

and does not charge you, that person should not sign it.

Paid preparers may be subject to a penalty for failure to comply with certain requirements. For more information, see *Penalties and Interest* on page 8. Paid tax return preparers should get Publication 50, *Information for Paid Preparers of New York Income Tax Returns*, for more details.

Computer Filled-In Returns

If you use a computer to fill in your return, be sure you meet these requirements:

- If you do not use the official income tax forms that we provide, any computer-generated form you use must comply with the guidelines in Publication 75, *Specifications for Reproduction of 1992 New York State Income Tax Forms*.
- Your software must conform to current federal and state income tax laws.

Don't Delay Your Refund

We want to send your refund to you as soon as possible. You can help us by filing an error-free return. Be sure that you have checked your correct filing status and that you have signed your return and attached your wage and tax statements so that we do not have to send your return back to you. Please check the figures on your return and carefully follow steps 5, 6, 7, 8 and 9 on pages 22 and 23 of these instructions.

New Taxpayer Bill of Rights

New York State recently adopted the taxpayer bill of rights, which enhances and formalizes your rights as a New York taxpayer. In part, the bill of rights requires the Tax Department to advise you, in writing, of your rights and obligations during an audit, or when appealing a departmental decision. It also requires the Tax Department to inform affected taxpayers of the legal means it has to enforce collection of any finally assessed liability. For more information on these written statements, including when and why they are sent out, call toll free (from New York State only) 1 800 CALL TAX (1 800 225-5829). From areas outside New York State, call (518) 438-8581.

Resolving Tax Problems

The best ways to avoid tax problems are to keep accurate tax records and to stay on top of current tax requirements. These instructions contain information that can help you do both; the instructions list free publications you can order and give telephone numbers you can call for answers to your specific questions.

Most tax problems can be resolved informally. If your refund is late, call our refund information number; if you receive a tax deficiency notice that you think is in error, promptly call the telephone number listed on the notice for guidance. These instructions also list telephone numbers for ordering any forms you might need (see *How to Get Forms* on page 6).

If you have made two or more attempts to resolve your problem and feel that you aren't getting anywhere, you may want to turn to our Problem Resolution Program, which is described on page 9 under *Need Help*. The program is set up specifically for taxpayers who have tried to resolve their problems through the normal channels but have been unsuccessful.

Only a relative handful of tax problems fail to be resolved by these informal means.

However, if you are issued a *Notice of Deficiency* or a refund denial and you feel

that the Tax Department has made a mistake, you still have a number of options available to you:

- You can request a **conciliation conference** through the Bureau of Conciliation and Mediation Services. The conference is conducted informally by a conferee who issues an order that is binding on the Tax Department, but not on you (you can appeal by filing a petition for a formal hearing, as explained below). To set up a conference, get a *Request for Conciliation Conference* by calling toll free (from New York State only) 1 800 462-8100 (from areas outside New York State, call (518) 438-1073) or by writing to the Bureau of Conciliation and Mediation Services, NYS Tax Department, W A Harriman Campus, Albany NY 12227.
- You can request a **small claims hearing** before an impartial presiding officer if the disputed amount is within certain dollar limitations set by the *Rules of Practice and Procedure*. The presiding officer's decision is final, but at any time before the end of the small claims hearing, you can request a transfer to a formal hearing before an administrative law judge. A copy of the *Rules of Practice and Procedure*

will be sent to you when you request a petition form as explained below.

- You can file a petition for a **tax appeals hearing**. The hearing is held before an administrative law judge, and both you and the Tax Department may appeal the judge's decision to the Tax Appeals Tribunal. The Tax Department cannot seek a review of the Tribunal's decision, but you can by instituting an Article 78 proceeding in the Appellate Division of the State Supreme Court. You can get the petition forms by writing to the Division of Tax Appeals, Riverfront Professional Tower, 500 Federal Street, 4th Floor, Troy NY 12180-2894.

Regardless of which appeal option you exercise, you may appear on your own behalf or you may have an authorized representative present your case for review. An authorized representative must have Power of Attorney from you in order to appear on your behalf. Further, your representative must be in compliance with the Ethics in Government Act which restricts appearances by former Tax Department employees. A summary of these restrictions is included on the back of Form DTF-14, *Power of Attorney (Individual)*.

Penalties and Interest

Interest — Daily compounded interest will be charged on income tax that is not paid on or before April 15, 1993, even if you received an extension of time to file your return. Interest is a charge for the use of money and in most cases may not be waived.

If we have to pay interest to you because we don't issue your refund check by July 15, 1993 (or, if your return is filed after April 15, 1993, within 3 months from the date it is filed), it also will be compounded daily. However, interest will not be paid to you: (1) on the portion of your refund that is attributable to the real property tax credit or (2) if your return cannot be processed. To be processed, your return must show your name, address, social security number, signature and the information needed to mathematically verify your tax liability.

Late filing penalty — If you file late, you will be charged a penalty of 5% of the tax due for each month, or part of a month, the return is late, up to a maximum of 25%, unless you extend the time to file or attach to your return an explanation showing reasonable cause for the delay. If your return is more than 60 days late, this penalty will not be less than the lesser of \$100 or 100% of the amount required to be shown as tax due on the return, reduced by any tax paid and by any credit that may be claimed. For information on getting an extension of time to file your return, see *When to File* below.

Late payment penalty — If you do not pay your tax when due, you will be charged a penalty of 1/2 of 1% of the unpaid amount for each month or part of a month it is not paid, up to a maximum of 25%. This penalty is in addition to the interest charged for late payments.

This penalty may not be charged if you attach to your return an explanation showing reasonable cause for paying late.

If you figure your tax incorrectly — You may have to pay a penalty if the tax you report on your return is less than your correct tax. If you are off by more than 10% or

\$2,000, whichever is more, you may have to pay this penalty. The penalty is 10% of the difference between the tax you reported and the tax you actually owe.

Underpayment of estimated tax penalty — If your 1992 withholding and estimated tax payments do not equal at least 90% of the tax shown on the return for the taxable year or 100% of the tax shown on the return for the preceding taxable year (based on a return covering 12 months), you may be subject to a penalty for underpayment of estimated income tax. However, if your 1991 tax is the lesser of the two amounts above, you may not be able to use it as your required annual payment.

Beginning in 1992 certain taxpayers (other than farmers and fishermen) must make a special computation to figure their required estimated tax payments. For more information, see Publication 150, *Estimated Tax Rules Limiting Use of Prior Year's Tax*, and get Form IT-2105.9, *Underpayment of Estimated Tax by Individuals and Fiduciaries*, and the instructions, to see if you owe the penalty, how to figure the penalty or which exceptions to the penalty apply.

Negligence penalty — If your return does not show all of the tax imposed under the Tax Law, its rules or regulations, due to negligence or intentional disregard but not with intent to defraud, you will be charged a penalty of 5% of any deficient amount. In general, a deficiency is the difference between the correct tax and the tax shown on your return. In addition, 50% of the interest due on any underpayment resulting from negligence will be added to your tax.

Fraudulent returns — If any part of a deficiency is due to fraud, you will be charged a penalty of 50% of the deficiency. In general, a deficiency is the difference between the correct tax and the tax shown on your return. In addition, 50% of the interest due on any deficiency resulting from a fraudulent act will be added to your tax.

Frivolous returns — A penalty of up to \$500 will be imposed on any person who files a

frivolous tax return. A return is considered frivolous when it does not contain information needed to judge the correctness of the tax return, or reports information that is obviously and substantially incorrect, and intended to delay or impede the administration of Article 22 of the Tax Law or the processing of the return. This includes altering or striking out the preprinted language above the space provided for your signature. This penalty is added to any other penalty provided by law.

Failure of paid preparers to conform to certain requirements — A penalty of \$50 per return or claim for refund will be assessed a paid preparer for failure to comply with any of the following requirements:

- failure to sign the tax return or claim for refund;
- failure to include the identifying number of the paid preparer (if an individual paid preparer is an employee of an employer or a partner in a partnership that is a paid preparer, the return or claim for refund must also include the identifying number of the employer or partnership);
- failure to furnish a completed copy of the tax return to the taxpayer not later than the time the return is presented for the taxpayer's signature;
- failure to keep a completed copy of the return prepared for each taxpayer or to keep the name and identification number of each taxpayer for whom a return was prepared on a list and to make the copy or list available for inspection upon request.

The period for keeping a completed copy of the return or information on the list is three years after the due date of the return (without regard to extensions) or three years after the date the return was presented to the taxpayer for signature, whichever is later.

For each of the requirements listed above, a paid preparer may be subject to a maximum penalty of \$25,000.

When to File

File your return as soon as you can after January 1, 1993, but not later than the due date, **April 15, 1993**. If you file late, you may have to pay penalties and interest. See *Penalties and Interest* above.

Extension of time to file — If you know that you cannot meet the filing deadline, ask for an extension of time by filing Form IT-370, *Application for Automatic Extension of Time to File for Individuals*. The time to file will be automatically extended for four months if you file Form IT-370 on time and, if required, pay any tax you owe with it. If you expect to receive a refund or anticipate having no amount of New York State, New York City or Yonkers income tax remaining unpaid as of the due date of the return, we will accept a copy of federal Form 4868, *Application for Extension of Time to File U.S. Individual Income Tax Return*. Send us a copy of federal Form 4868 on or before the due date of the return. Attach another copy to your return when you file it. Write **New York State Copy** at the top of the form.

If you are required to pay your tax when you request your extension, mail Form IT-370 with your payment to NYS Income Tax, Processing Center, P O Box 1195, Albany NY 12201-1195.

If you are not required to pay any tax when you request your extension, mail Form IT-370 (or the copy of your federal Form 4868) to NYS Income Tax, W A Harriman Campus, Albany NY 12227-0125.

If you are a US citizen or a US resident living and working abroad and you qualify for an automatic two-month extension of time to file your federal return, you are automatically granted a two-month extension to file your New York return. For more information, see Publication 88, *General Tax Information for New York State Nonresidents and Part-Year Residents*.

Need Help?

Information

We will answer your tax questions if you call us, but we cannot fill in your return for you.

For **information** or answers to your New York State tax questions, call toll free (from New York State only) **1 800 CALL TAX (1 800 225-5829)**. From areas outside New York State, call (518) 438-8581. Telephonic assistance is available from 8:30 a.m. to 4:25 p.m., Monday through Friday. To make sure that Tax Department employees give courteous responses and correct information to taxpayers, a Tax Department supervisor sometimes monitors telephone calls. No record is kept of any taxpayer's name, address or social security number.

If you want to write instead of calling, address your letter to **NYS Tax Department, Taxpayer Assistance Bureau, W A Harriman Campus, Albany NY 12227**.

When to Call About Your Refund

Generally, early filers get their refund checks first. If you file after April 1, you may not receive your refund check for at least 12 weeks. If you have to call to ask where your refund check is, please wait until after April 15, then call our new automated system toll free (from New York State only)

1 800 443-3200. From areas outside New York State, call (518) 438-6777. Have a copy of your tax return available when you call.

Trying to Resolve a Problem with the Tax Department?

New York State has a Problem Resolution Program for taxpayers who have been unable to resolve a problem with the Tax Department. If you have a tax problem that you cannot clear up through normal channels, you may seek help from one of our Problem Resolution Officers (PROs).

You may call or write to the PRO serving your area. You can get the address and telephone number by calling us (see *Information* on this page).

Hotline for the Hearing and Speech Impaired

If you have a hearing or speech impairment and have access to a Telecommunications Device for the Deaf (TDD), you can get answers to your New York State tax questions by calling our toll free hotline **1 800 634-2110** (within New York State). Assistance is available from 9 a.m. to 4:15 p.m., Monday through Friday. If you do not own a TDD, check with independent living centers or community action programs to find out where machines are available for public use.

Steps for Preparing Your Return

Prepare your federal return first; much of the information on your New York State nonresident return will be the same. In many cases when New York State and federal tax laws are similar, the New York instructions do not repeat all the requirements, but instead, explain the differences.

If you elected to file federal Form 8814 with your federal return, the amount of your child's investment income over \$1,000 that was included in your federal gross income must be reported in the *Federal Amount* column of your Form IT-203 and taxed at your rate. In this case, you will not file a New York return for your child. However, it will be to your advantage to file a New York return for your child since there will not be any New York tax on the first \$2,800 of your child's investment income. To qualify for filing a New York return for your child, you must first file a federal return and federal Form 8615 (instead of federal Form 8814) to report your child's investment income.

Step 1

Get all forms and publications you need.

If you need any forms or publications, see *How to Get Forms* on page 6.

Step 2

Get your tax records together.

If you received a salary or wages, get all your 1992 wage and tax statements together. These can be either federal Form W-2 or New York Form IT-2102. Only your employer can issue or correct these forms. If you have not received your wage and tax statements by February 16, or if the form you received is incorrect, contact your employer.

If you had tax withheld from annuities, pensions, retired pay or IRA payments, get together all of your federal Form(s) 1099-R or New York Form(s) IT-2102-P. If you had tax withheld from lottery distributions or horse racing proceeds, you will need your federal Form W-2G or New York State Form IT-2102-G.

If you are a part-year resident and you paid income taxes to another state, a local government within another state, the District of Columbia or a province of Canada during your period of New York State residence, get a copy of the income tax return you filed with that taxing authority.

If you made payments during the year for New York State, New York City or Yonkers estimated tax, compare your account statement included in your estimated tax packet with your records.

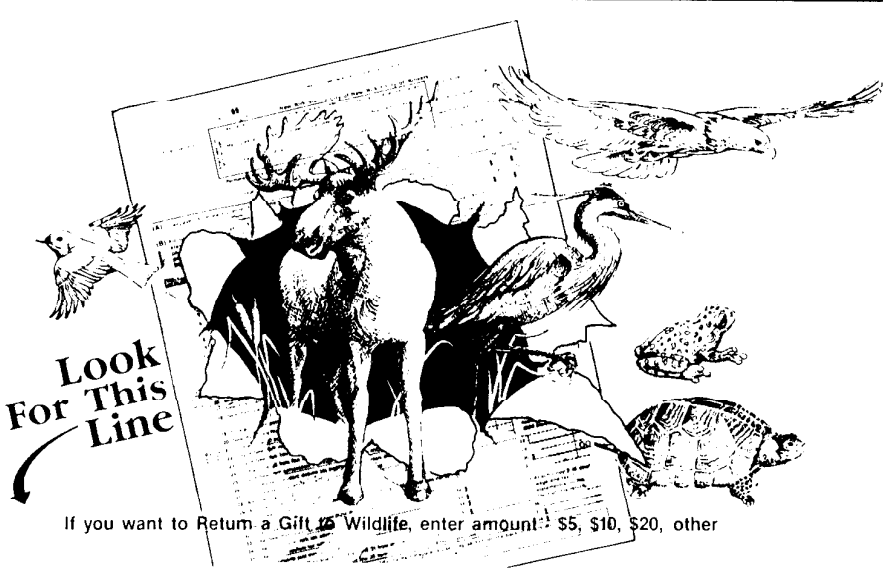

If you plan to take any credits or deductions, get all the supporting information and records you will need.

Step 3

Fill in your return

Fill in your return using the line instructions for Form IT-203 that begin on page 10. Then continue with Step 4 on page 22.

Line Instructions for Form IT-203

All information on your return, except for your mailing address, should be for the calendar year January 1 through December 31, 1992, or for your fiscal year. If you are filing for a fiscal year, enter the month and day your tax year began, and the month, day and year that it ended at the top of the front page.

Make your entries in the **white** areas of Form IT-203.

Name and Address Box

Do not write in this box or attach your mailing label until you have completed and checked your return.

Step 5 on page 22 of these instructions will tell you how to complete this section of your return.

Item A

Filing status

After determining your New York filing status, check only one box at Item A on your New York return. In most cases, you must use the same filing status on your New York State return that you used on your federal return. However, if you are married and filed a joint federal return, you may be allowed to file your New York State return either jointly using filing status ②, or separately using filing status ③ (see *Joint and Separate Returns for Married Taxpayers* on page 4 of these instructions).

Item B

Did you itemize your deductions on your 1992 federal return?

If you itemized your deductions on your 1992 federal income tax return, check the **Yes** box. If you claimed the standard deduction on your federal return, check the **No** box.

Item D

Do you need a tax packet?

If you use a paid preparer, or if you use computer software to prepare your return, or if for any other reason you do not need a tax packet mailed to you for next year's taxes, please check the box at item D of your Form (IT-203). When you check the box, we will send you a mailing label that you or whoever prepares your return should use on your 1993 return. By checking this box, you will help us reduce printing and mailing costs.

Item F

Part-year residents

If you were a New York State resident for part of the year, check the box which describes your situation on the last day of the tax year.

- If you moved into New York State, check box 1 and enter the date you moved into New York. The Tax Department will mail you a resident tax packet next year.
- If you moved out of New York State and you continue to receive income from New York State sources, check box 2 and enter the date you moved. The Tax Department will mail you a nonresident and part-year resident tax packet (IT-203-P) next year.

If you moved out of New York State and no longer receive income from New York State sources, check box 3 and enter the date you moved out of New York. The Tax Department will not mail you a tax packet next year.

Item G

Nonresidents - Did you maintain living quarters in New York State?

If you or your spouse had living quarters available for your use in New York State during any part of 1992, check the **Yes** box and complete Schedule B on Form IT-203-ATT. These living quarters would include a house, apartment, co-op or any other living quarters maintained or paid for by you or your spouse, or any New York State living quarters **maintained for your primary use** by another person, family member or employer.

Federal Income and Adjustments

Lines 1 through 19 are a summary of the items that make up your federal adjusted gross income.

Federal Amount column - Enter in the *Federal Amount* column the total amount reported on your federal return for each of the items listed. If you were a part-year resident also include in the *Federal Amount* column all items you would be required to include if you were filing a federal return on the accrual basis. For more information see *Special Accruals* beginning on page 3.

New York State Amount column - Enter in the *New York State Amount* column the following:

- **Nonresidents** - report all the income included in the *Federal Amount* column that you received from New York State sources.
- **Part-year residents** - report the income included in the *Federal Amount* column that you received from all sources earned while you were a New York State resident and your New York State source income for the part of the year you were a nonresident of New York State. Complete the income allocation worksheet provided on page 13 to determine your New York source income. The worksheet instructions are provided on page 14. Transfer each line amount from Column A of the worksheet to the corresponding line of Form IT-203 in the *Federal Amount* column. Add the amounts in Columns B and D for each line of the worksheet and transfer the total to the corresponding line of Form IT-203 in the *New York State Amount* column.

For more information, see *New York Source Income* on page 3.

Line 1

Wages, salaries, tips, etc.

Federal Amount column - Enter the total of all wages, salaries, fees, commissions, bonuses, tips, fringe benefits, etc., reported on your 1992 federal return. Include all of these items even if they were not reported by your employer on a w-93rd tax statement or other income statement.

New York State Amount column - Enter that part of the *Federal Amount* column that represents services performed in New York State as a nonresident.

If you were a part-year resident, you must also add the part of the federal amount that was earned while you were a resident.

Nonresident income earned partially in New York State — If any amount included in the *Federal Amount* column, line 1, is income earned partly in New York State and does not depend directly on the volume of business transacted, figure the amount earned in New York State by completing Schedule A, *Allocation of Wage and Salary Income to New York State*, on the back of Form IT-203-ATT.

Figure the amount allocable to New York State by determining the ratio of days (excluding nonwork days such as Saturdays, Sundays, holidays, sick leave, vacation, etc.) you worked in New York State to the total number of days you worked both in and out of the state during the year. Multiply this ratio by your total wage or salary income subject to allocation.

Work days are days on which you were required to perform the usual duties of your job. This does not ordinarily include duties performed at your home.

If your income subject to allocation depends entirely on the volume of business transacted, as in the case of a salesperson working on commission, do not use Schedule A. Divide your volume of business transacted in the state by your total volume of business transacted both in and out of New York State. Multiply your total income subject to allocation by this percentage. This is the amount of your income allocated to New York State. The location where the services or sales activities were actually performed determines where business is transacted. Attach a schedule to your return showing how you figured this allocation.

If you allocate your personal service income differently than explained above, attach a separate schedule showing complete details.

Form IT-203-ATT, Schedule A — Allocation of Wage and Salary Income to New York State.

Enter on line *a* of Schedule A any amount reported on line 1 of Form IT-203 in the *Federal Amount* column that was earned partly in New York State. Complete lines *b* through *f* and use the allocation formula on line *g* to find the amount of wage or salary income you earned in New York State. Enter this amount on line 1 of Form IT-203 in the *New York State Amount* column.

If you have to allocate income received from more than one employer, attach to your return a separate schedule (similar to Schedule A) showing the income and work days that apply to each job.

If the period of employment is less than a full year, base the figures you enter in Schedule A on the actual period of employment. For example, if you were employed in and out of New York State for separate periods of 170 days by one employer and 195 days by another employer, enter 170 days and 195 days on line *b* (*Total days in year*) of your separate allocation schedules.

If you are married and both you and your spouse work in New York State and are subject to allocation, each of you must complete a separate Schedule A. Enter the combined amount on line 1 in the *New York State Amount* column.

Failure to complete Schedule A and attach it to your Form IT-203 will result in a delay in the processing of your return.

Line 2

Taxable interest income

Federal Amount column - Enter the taxable interest income reported on your federal return.

New York State Amount column - Enter that part of the *Federal Amount* column that represents interest income earned as a nonresident that is part of the receipts of a business, trade, profession or occupation carried on in New York State and not otherwise exempt from New York State income tax. If you carry on business both in and out of New York State, see the instructions for line 6.

If you were a part-year resident, you must also add the part of the federal amount that was earned while you were a resident.

Line 3

Dividend income

Federal Amount column - Enter the dividend income reported on your federal return.

New York State Amount column - Enter that part of the *Federal Amount* column that represents dividend income earned as a nonresident that is part of the receipts of a business, trade, profession or occupation carried on in New York State and not otherwise exempt from New York State income tax. If you carry on business both in and out of New York State, see the instructions for line 6.

If you were a part-year resident, you must also add the part of the federal amount that was earned while you were a resident.

Line 4

Taxable refunds, credits, or offsets of state and local income taxes

Federal Amount column - Enter the total taxable state and local income tax refunds, credits, or offsets included as income on your federal return. Also enter this amount on line 24.

New York State Amount column - If you were a part-year resident, enter that part of the *Federal Amount* column that you received while you were a New York State resident.

Do not enter any amount received for the period you were a nonresident.

Line 5

Alimony received

Federal Amount column - Enter the total alimony received as reported on your federal return.

New York State Amount column - If you were a part-year resident, enter only that part of the *Federal Amount* column which represents the total alimony received while you were a New York resident.

Do not enter any alimony received for the period you were a nonresident.

Line 6

Business income or (loss)

Federal Amount column - Enter your business income or (loss) reported on your federal return and attach a copy of your federal Schedule C or Schedule C-EZ.

New York State Amount column - Enter that part of the *Federal Amount* column that represents business income or (loss) you received as a nonresident from a business, trade or profession carried on in New York State.

If you were a part-year resident, you must also add the part of the federal amount that represents business income or (loss) you received while you were a resident.

Business carried on — Your business, trade, profession or occupation (not including personal service as an employee) is considered to be carried on in New York State if you have, maintain, operate or occupy desk space, an office, a shop, a store, a warehouse, a factory, an agency or other place where your affairs are regularly carried on in New York State. This definition is not exclusive. Your business is considered to be carried on in New York State if it is transacted here with a fair measure of permanency and continuity.

Business carried on both in and out of New York State — If your business, trade or profession is carried on both in and out of New York State and you maintain accounts clearly reflecting income from the New York operations, enter the net profit or (loss) from business carried on in New York State on line 6 in the *New York State Amount* column.

If the New York State income of the business cannot be determined from your books, income from business carried on both in and out of New York State must be allocated according to a prescribed formula or an approved alternative method. Form IT-203-A, *Nonresident Business Allocation Schedule*, containing the statutory formula and other instructions pertaining to the allocation of business income, must be completed for this purpose and attached to Form IT-203. If you submit an alternative method of allocation, you must also complete Form IT-203-A and submit all information about your own method of allocation.

If you are self-employed and carry on a trade, business or profession in New York City, you may also be required to file Form NYC-202, *City of New York Unincorporated Business Tax Return*. For more information, see *Instructions for Form NYC-202*. You can get this form and its instructions by calling the NYC Department of Finance. See *How to Get Forms* on page 6. Since New York State does not administer the New York City unincorporated business tax, **do not** file your NYC-202 with your state return.

Line 7

Capital gain or (loss)

Federal Amount column - Enter your capital gain or (loss) from the sale or exchange of property, including securities, as reported on your federal return. Attach a copy of federal Schedule D and any related schedules.

New York State Amount column - As a nonresident, figure the amount to be included on line 7, *New York State Amount* column, as capital gain or (loss) from New York State sources in accordance with federal provisions for determining capital gains and losses. This includes a deduction for any capital loss

carryover from New York State sources. Use a copy of federal Schedule D (Form 1040) as a worksheet in determining your New York capital gain or (loss). Include in your computations only transactions that were from New York State sources. If these computations result in a net capital loss for New York State purposes, the loss is limited to \$3,000 (\$1,500 if you are married and filing separately) on the New York State return. Any balance of a 1992 net capital loss (in excess of the amount claimed on the 1992 return) will be treated as a carryover loss to be claimed on returns for later years.

If you were a part-year resident, you must also add any capital gains or (losses) occurring while you were a resident.

Capital transactions from New York sources — Include capital gains or (losses) derived from real or tangible personal property located within New York State, whether or not connected with a trade or business, and capital gains or (losses) from stocks, bonds and other intangible personal property used in or connected with a business, trade, profession or occupation carried on in New York State. Also include your share of any capital gain or (loss) derived from New York sources of a partnership of which you are a member (from Form IT-204), an estate or trust of which you are a beneficiary (from Form IT-205 or IT-205-A) or an electing New York State S corporation of which you are a shareholder (from Form CT-3-S, *New York S Corporation Franchise Tax Return*). If any capital gains or (losses) are from business property (other than real property) of a business carried on both in and out of New York State, apply the business allocation percentage (Form IT-203-A) or approved alternative method in determining the New York capital gain or (loss). Gains and losses from the sale or disposition of real property are not subject to allocation. In all cases, use the federal basis of property in computing capital gains or (losses).

Line 8

Capital gain distributions not reported on line 7

Federal Amount column - Enter the amount reported on your federal return. Attach a copy of federal Schedule D and any related schedules.

New York State Amount column - Enter that part of the *Federal Amount* column that represents amounts derived from or connected with New York State sources and subject to New York State tax as a nonresident.

If you were a part-year resident, you must also add the part of the federal amount that was received while you were a resident.

Line 9

Other gains or (losses)

Federal Amount column - Enter the other gains or (losses) from the sale or exchange of assets used in a trade or business, as reported on your federal return. Attach a copy of federal Form 4797.

New York State Amount column - As a nonresident, figure the amount(s) to be included on line 9, in the *New York State Amount* column, as the gain or (loss) from the sale or exchange of noncapital assets by applying the federal provisions for determining gains or (losses) from the sale or exchange of other than capital assets to your New York State transactions.

If you were a part-year resident, you must also add the part of the federal amount that was from other gains or (losses) from the sale or exchange of noncapital assets while you were a resident.

Noncapital transactions from New York State sources are those noncapital transactions includable in your federal return pertaining to property used in connection with a business, trade, profession or occupation carried on in New York State. Also included is your share of any noncapital gain or (loss) from a partnership of which you are a member (from Form IT-204) or an estate or trust of which you are a beneficiary (from Form IT-205 or IT-205-A) or an electing New York State S corporation of which you are a shareholder (from Form CT-3-S or Form CT-4-S). Use Form IT-203-A if an allocation is required.

Line 10

Taxable amount of IRA distributions

Federal Amount column - Enter the amount reported on your federal return.

New York State Amount column - Enter that part of the *Federal Amount* column that was derived from or connected with New York State sources and subject to New York State tax as a nonresident.

If you were a part-year resident, you must also add the part of the federal amount that was received while you were a resident.

Line 11

Taxable amount of pensions and annuities

Federal Amount column - Enter the taxable amount of pensions and annuities reported on your federal return.

New York State Amount column - Enter that part of the *Federal Amount* column that represents:

- a pension or other retirement benefit that **does not** meet the definition of an annuity and was received because of services performed in New York State even though you became a nonresident before payments were received; or
- the taxable amount of pensions and annuities received while a New York State resident if you were a part-year resident.

Do not enter that part of the *Federal Amount* column that represents:

- an annuity or other pension or other retirement benefit you received as a nonresident, that meets the definition of an annuity, unless the annuity is employed or used as an asset of a business, trade, profession or occupation carried on in New York State; or
- any pension or other benefit paid by a New York State or municipal retirement system or the United States, its territories or possessions, political subdivisions of these territories or possessions, the District of Columbia or any agency or instrumentality of any of the above (including the military).

Line 12

Rents, royalties, partnerships, estates, trusts, etc.

Federal Amount column - Enter the amount reported on your federal return and attach a copy of federal Schedule E.

New York State Amount column - Enter that part of the *Federal Amount* column that was derived from or connected with New York State sources as a nonresident. See the instructions below relating to each type of income received from these sources.

If you were a part-year resident, you must also add the part of the *Federal Amount* column that was received from these sources while you were a resident.

Rent and royalty income — As a nonresident, report in the *New York State Amount* column rents and royalties from: (1) real property located in New York State, whether or not used in connection with a business; (2) tangible personal property not used in a business if such property is located in New York State; and (3) tangible and intangible personal property used in or connected with a business, trade, profession or occupation carried on in New York State.

If a business is carried on both in and out of New York State, apply the business allocation percentage (Form IT-203-A) or alternate method to items included in (3) in the preceding paragraph to determine the income from New York State sources. However, do not allocate income from real property. That income must be entirely included if the real property is located in New York State and entirely excluded if the real property is located outside New York State.

Also report in the *New York State Amount* column your share of any rental or royalty income from a partnership of which you are a member (from Form IT-204) or an estate or trust of which you are a beneficiary (from Form IT-205 or IT-205-A).

Partnerships — As a nonresident, enter in the *New York State Amount* column your distributive share of partnership income obtained from Form IT-204. If your distributive share includes any other items of partnership income taxable to a nonresident, those items must be included elsewhere in the *New York State Amount* column on the appropriate lines. For example, your share of a partnership's New York capital gain would be included in determining the amount to be reported on line 7.

S corporation shareholders — As a nonresident, enter in the *New York State Amount* column your pro rata share of an electing New York S corporation's items of income and loss from Form CT-3-S, *New York S Corporation Franchise Tax Return* or Form CT-4-S, *New York S Corporation Franchise Tax Return - Short Form for Small Businesses*. If your share includes any other items of income, such as dividends or capital gains, those items must be included elsewhere in the *New York State Amount* column on the appropriate lines. If the corporation carried on business both in and out of New York State, the corporation's business allocation percentage and investment allocation percentage, determined under Article 9-A, must be used to figure the amount of your income or loss that was derived from or connected with New York State sources.

Part-year resident of a partnership or part-year resident of an S corporation — if you were a **part-year resident**, you must determine your distributive share of partnership income and your pro rata share of S corporation income to be reported on the *Part-Year Resident Income Allocation*

Worksheet, according to **your resident status when the taxable year of the partnership or New York S corporation ends**.

Estates and trusts — Report in the *New York State Amount* column your share of estate or trust income as a nonresident or part-year resident from New York State sources obtained from information provided by the fiduciary from Form IT-205 and Form IT-205-A. If your share includes any items of taxable estate or trust income from New York State sources not reported on line 12, those items should be included elsewhere in the *New York State Amount* column on the appropriate line describing that income.

Passive activity loss limitations — Any deduction for passive activity losses for a nonresident must be recomputed to determine the amounts which would be allowed if the federal adjusted gross income took into account only items of income, gain, loss or deduction derived from or connected with New York sources.

If you were a **part-year resident**, you must recalculate your passive activity loss limitations as if separate federal returns were filed for your resident and nonresident periods.

Line 13

Farm income or (loss)

Federal Amount column - Enter the amount reported on your federal return and attach a copy of your federal Schedule F, Form 1040.

New York State Amount column - Enter that part of the *Federal Amount* column that represents income or (loss) from farming carried on in New York State as a nonresident.

Reporting farm income is similar to reporting business income. See the instructions for reporting business income (line 6) on page 11, including the instructions for reporting when business is carried on both in and out of New York State.

If you were a part-year resident, you must also add the part of the federal amount that represents farm income or (loss) for the period you were a resident.

Line 14

Unemployment compensation

Federal Amount column - Enter the amount reported on your federal return.

New York State Amount column - Enter that part of the *Federal Amount* column that represents taxable unemployment compensation received as a nonresident and derived or resulting from employment in New York State.

If the unemployment compensation received from New York State sources is based on wage or salary income earned partly in and partly out of New York State, figure the amount allocable to New York State in the same manner as the wage and salary income on which it is based.

If you were a part-year resident, you must also add the part of the federal amount that was received while you were a resident.

Line 15

Taxable amount of social security benefits

Federal Amount column - Enter the amount of taxable social security (and tier 1 railroad retirement benefits) reported on your federal return. Also enter this amount on line 25.

New York State Amount column - If you were a part-year resident, enter that part of the *Federal Amount* column that represents any taxable amount of social security (and tier 1 railroad retirement benefits) you received while you were a New York State resident.

Do not enter any amount received for the period you were a nonresident.

Line 16

Other income

Federal Amount column - Enter the total other income reported on your federal return. Write each type of income and its amount in the white area on line 16. If you need more room, make a list showing each type of income and its amount, and attach the list to your New York return.

New York State Amount column - Enter the part of the federal amount derived from or connected with New York State sources as a nonresident.

If you have a net operating loss derived from New York sources (without a corresponding federal net operating loss) that you are carrying forward to 1992, enter the amount of the loss in the *New York State Amount* column on line 16 in parentheses. Attach a statement explaining the loss.

If you were a part-year resident, you must also add the part of the federal amount that was received while you were a resident.

Line 18

Total federal adjustments to income

Federal Amount column - Enter the total adjustments to income reported on your federal Form 1040, line 30. These include penalty on early withdrawal of savings, IRA deduction and spouse's IRA deduction, deduction for self-employment tax, and other adjustments. (If you filed federal Form 1040A, use the amount reported on line 15c). Write each adjustment and its amount in the white area on line 18. If you need more room, make a list showing each adjustment and its amount and attach the list to your New York return.

If you did not have to file a federal return, claim the same adjustments to income that you would have claimed for federal income tax purposes.

New York State Amount column - Enter the part of the federal amount which represents adjustments connected with income from New York State sources while you were a nonresident.

If you were a part-year resident, you must also add the part of the federal adjustment deductible while you were a New York State resident.

The federal adjustment for alimony paid is not a deduction from New York sources for nonresidents (see Tax Law, section 631(b)(6)). If you were a part-year resident, include in the *New York State Amount* column only the portion of your alimony adjustment attributable to the part of the year you were a New York State resident.

Any adjustment item that relates to wage or salary income earned partly in New York State or to income from a business which is carried on both in and out of New York State must be allocated to New York State on the same basis as the income to which it relates.

Example — You are allowed an adjustment of \$800 on your federal return for payments by a self-employed person to a retirement plan, and these payments were made in connection with a business you operated both in and out of New York State.

If, in determining your business income from New York State sources, you figure your business allocation percentage to be 75% (see instructions for line 6), then 75% of this adjustment, or \$600, should be included in the *New York State Amount* column on line 18.

Line 19

Federal adjusted gross income

Subtract line 18 from line 17 in each column and enter the result on line 19. Generally, the amount in the *Federal Amount* column will be the same as the adjusted gross income reported on your federal return. If you are a part-year resident, this amount will include special accruals. (For further information, see *Special Accruals*, beginning on page 3 of these instructions.)

Also enter the amounts from line 19 in the *Federal Amount* column and in the *New York State Amount* column in the area next to the income percentage on line 56. If either the amount on line 19 in the *Federal Amount* column or the *New York State Amount* column is zero or less, skip lines 20 through 56; enter "0" on line 57 and continue on line 58.

Worksheet Instructions

If you moved into or out of New York State during 1992, the *Part-Year Resident Income Allocation Worksheet* will help you figure your New York State source income for the entire taxable year. You may round all money amounts on your return to the nearest dollar. For example, round \$10.49 to \$10; round \$10.50 to \$11. If you round to the nearest dollar, round for all amounts.

Column A — Enter the amounts of income and adjustments reported on your federal return plus all items you would be required to include if you were filing a federal return on the accrual basis.

Column B — Enter that part of the amount from Column A that you received during the period you were a New York State resident.

Column C — Enter that part of the amount from Column A that you received during the period you were a New York State nonresident.

Column D — Enter that part of the amount from Column C that you received from:

- services you performed in New York State;
- property located in New York State; and
- businesses, trades, professions or occupations conducted in New York State.

Refer to each specific line instruction to determine the income from New York State sources earned during your nonresident period.

Example 1 — You moved from Indiana to New York on September 15, 1992. On your federal return, you report \$35,000 in total wages. Of this amount, \$12,000 was earned while you were a New York State resident. On line 1, you would enter \$35,000 in Column A, \$12,000 in Column B, \$23,000 in Column C and \$0 in Column D (no income was earned in New York State prior to the move).

Report in Column B if you moved out of New York State, or Column C if you moved into New York State, all items you would be required to report if you were filing a federal return on the accrual basis for the period before you changed your resident status. These accrual amounts are to be combined with their corresponding income on lines 1 through 19. See *Special Accruals* beginning on page 3.

Example 2 — You moved from New York State to Georgia on June 10, 1992. On June 1, 1992, your employer awarded you a guaranteed bonus of \$2,000 which was paid to you on July 1, 1992. You must enter the \$2,000 bonus in Column B, line 1, since this is income accruable to your resident period.

Example 3 — You moved from New Jersey to New York on May 10, 1992. You own stock in the XYZ Corporation which, on May 1, 1992, declared a \$1,000 dividend payable on June 1, 1992. You also received \$500 a month from rental property which was sold on April 30, 1992, and located in New York. You must report the \$1,000 dividend income in Column C on line 3, since this is considered to be income accruable to the nonresident period. The rental income is reported in Column C and in Column D on line 12, since this income is derived from New York State sources during your nonresident period.

Transfer the amount in Column A of the worksheet to the corresponding line on Form IT-203 in the **Federal Amount** column.

Add the amounts in Columns B and D for each line of the worksheet. Transfer the total to the corresponding line on Form IT-203 in the **New York State Amount** column.

If your salary or wages were earned partially in New York State, you have to determine how much should be allocated to New York State and enter that amount in Column D. Complete Schedule A on the back of Form IT-203-ATT. When reading the instructions for completing Schedule A, substitute *nonresident period for year or full-year*.

New York Adjustments/ New York Adjusted Gross Income

Certain items of income not taxed by the federal government are taxed by New York State. These *New York additions* must be included in your federal adjusted gross income. Enter any of the listed additions on lines 20 through 22. There are also certain items of income taxed by the federal government but not taxed by New York State. These *New York subtractions* must be deducted from your federal adjusted gross income. Enter any of the listed subtractions on lines 24 through 28. See the instructions for these lines to identify any additions and subtractions that apply to you. For more information on additions and subtractions, see Publication 382, *How to Figure Your New York Additions and Subtractions*.

Partners — If you have income from a partnership, include any New York additions and subtractions that apply to that income. Determine your share of partnership additions and subtractions from the partnership return, Form IT-204.

Beneficiaries (estates and trusts) — If you have income from an estate or trust, any New York additions and subtractions that apply to that income, as well as any additions to or subtractions from federal itemized deductions, will be shown in your share of a single fiduciary adjustment. Do not include addition modifications relating to sections 612(b)(1), 612(b)(2) and 612(h)(20) of a resident fiduciary in a nonresident beneficiary's share of the fiduciary adjustment unless the addition is attributable to a business, trade, profession or occupation carried on in New York State. Attach a schedule showing how the fiduciary adjustment was figured. If the adjustment is a net addition, enter this amount on line 22; if the adjustment is a net subtraction, enter this amount on line 28. Identify this item as a **fiduciary adjustment**.

If you filed federal Form 4970, *Tax on Accumulation Distribution of Trusts*, the income you reported on line 1 of Form 4970 is not included on Form IT-203, line 12. Since the Internal Revenue Code considers the distribution part of federal gross income, you must include it on Form IT-203, line 22, and be sure to identify the source of this income as **Form 4970 income**.

S Corporation Shareholders — If you are a shareholder of a federal S corporation for which the election to be a New York S corporation was in effect for the taxable year, include any of the following additions and subtractions that apply to your pro rata share of S corporation items of income, loss or deduction. Additions A-17, A-18 and A-19 and subtraction S-22 do **not** apply to you since they apply only to nonelecting S corporations. If the election to treat the corporation as a New York S corporation terminated during the taxable year, you must allocate those items (see Publication 382

Obtain your share of S corporation items of income, loss and deduction from the S corporation's Form CT-3-S or Form CT-4-S.

Additions A-16, A-17, A-18 and A-19, and subtractions S-21 and S-22 do **not** apply to you since they apply only to electing and nonelecting New York S corporations.

You must make the adjustments for the taxable year of the S corporation that ends in your taxable year.

Line 26

Interest income on US government bonds

Enter the amount of interest income from US government bonds or other US government obligations that is included in the amount you reported on line 2 in the *Federal Amount* column. (This may be all or part of the line 2 amount or it may be zero. Check your interest income records to determine the correct amount to enter on line 26.) Interest income on bonds or other obligations of the US government is **not** taxed by New York State. Dividends you received from a regulated investment company (mutual fund) that invests in obligations of the US government and meets the 50% asset requirement each quarter qualify for the subtraction at line 26. Once this requirement is met, the portion of the dividends you receive that may be subtracted is based upon the portion of taxable income received by the mutual fund that is derived from federal obligations (section 612(c)(1) of the Tax Law). Further information relating to meeting the 50% asset requirement and figuring your allowable subtraction (if any), can be obtained from the mutual fund.

If you include an amount on line 26 from more than one line on Form IT-203, attach a schedule showing the breakdown of the subtraction being claimed for each line.

Do not list the same interest more than once on lines 26 and 28; see the instructions for line 28, subtractions S-1 and S-4, on this page.

Line 27

Pension and annuity income exclusion

Do **not** enter any pension income that you received from New York State, local governments within the state, and the United States here; see the instructions for line 28, subtraction S-2, on this page.

Qualifying pension and annuity income includes:

- periodic payments for services you performed as an employee before you retired;
- periodic and lump-sum payments from an IRA, but **not** payments derived from contributions made after you retired;
- periodic payments from an HR-10 (Keogh) plan, but **not** payments derived from contributions made after you retired; and

- distributions from a cafeteria plan (IRC section 125) or a qualified cash or deferred profit sharing or stock bonus plan (IRC 401(k)) but not distributions derived from contributions made after you retired.

If you and your spouse both qualify, each of you can subtract up to \$20,000 of your own pension and annuity income. However, you cannot claim any unused part of your spouse's exclusion.

If you received the pension and annuity income of a decedent, you may make this subtraction if the decedent would have qualified to make this subtraction at the time of death.

If you are also claiming the disability income exclusion, the total of your pension and annuity income exclusion and disability income exclusion cannot exceed \$20,000.

For more information, see Publication 99, *New York State Tax Credits, Retirement Benefits and Deductions*.

Tax Computation

If you do not have to file a federal return or you took the standard deduction on federal Form 1040, skip lines 31 through 45 and transfer the line 30 amount to line 46.

If you itemized your deductions on federal Form 1040, fill in lines 31 through 45, compare the line 45 amount to your allowable standard deduction amount from the *Standard Deduction Table* on the next page and enter the larger amount on line 47.

Lines 31 through 39

Enter on each line the total of each group of itemized deductions (medical and dental, taxes, moving expenses, etc.) and total itemized deductions exactly as you reported them on your federal Schedule A (Form 1040), *Itemized Deductions*.

Line 40

State, local and foreign income taxes and other subtraction adjustments

If your Form IT-203, line 19, federal amount is **\$105,250 or less** (\$52,625 or less if you are married filing separately), and you itemized your deductions on your federal return:

- enter the amount of state, local and foreign income taxes included on line 32 and any other subtraction adjustments (from itemized deductions), A through F, listed in the next column.

If your Form IT-203, line 19, federal amount is more than \$105,250 (more than \$52,625 if you are married filing separately), and you itemized your deductions on your federal return, you may elect to either:

- enter the amount of state, local and foreign income taxes included on line 32 and any other subtraction adjustments (from itemized deductions), A through F, listed in the next column; or
- complete the *Subtraction Adjustment Limitation Worksheet* on the next page.

If you elect to complete the *Subtraction Adjustment Limitation Worksheet*, add to the result on line 2 or line 7 of the worksheet (whichever applies), any other subtraction adjustments (from itemized deductions) A through F listed on this page that apply to you and are related to federal itemized deductions not subject to the 3% limit (e.g., investment interest expense related to tax exempt US obligations). Enter the total of your subtraction adjustments on Form IT-203, line 40.

Exception for city of New York nonresident earnings tax — If you included the New York City nonresident earnings tax on federal Schedule A, line 5, you do not have to include on line 40 the difference between the New York City nonresident earnings tax on wages figured at t e (0.25%) and the

tax figured at the current rate (0.45%). To figure the amount of New York City nonresident earnings tax you have to include on line 40, multiply your New York City taxable wages (from Form NYC-203, line 3) by .0020 and subtract the result from your state, local and foreign income tax deduction included on federal Schedule A, line 5.

Example — Your federal Schedule A, line 5 amount includes your New York City nonresident earnings tax, as well as other state, local and foreign income taxes, for a total income tax deduction of \$1,000. Your taxable wages from Form NYC-203, line 3, are \$16,000. Multiply \$16,000 by .0020 which equals \$32, the amount you do not have to include on line 40. Then subtract \$32 from \$1,000 to find the difference of \$968, the amount to enter on line 40.

The above also applies to the New York City nonresident earnings tax on net earnings from self-employment. The amount you do not have to include on line 40 is the difference between the tax figured at the old rate (0.375%) and the tax figured at the current rate (0.65%). To figure the amount you have to include on line 40, multiply your New York City taxable net earnings from self-employment (Form NYC-203, line 7) by .00275 and subtract the result from your state, local and foreign income tax deduction included on federal Schedule A, line 5.

Other subtraction adjustments from itemized deductions

On a separate sheet marked **Line 40 - Other Subtraction Adjustments**, identify by item letter (from the list of subtractions below) other subtraction adjustments that apply to you. Show the amount of each and attach this sheet to your return. Total all your subtractions and include that amount in the total for line 40.

- A** Interest expense on money borrowed to purchase or carry bonds or securities whose interest is exempt from New York income tax.
- B** Ordinary and necessary expenses paid or incurred in connection with income, or property held for the production of income, which is exempt from New York income tax, but only to the extent deducted in figuring your federal taxable income.
- C** Amortization of bond premium attributable to 1992 on any bond whose interest income is exempt from New York income tax, but only to the extent deducted in figuring your federal taxable income.
- D** Your distributive or pro rata share of deductions from an insurance business operating as a member of the New York Insurance Exchange (section 617-a of the Tax Law).
- E** If you are a shareholder of a federal S corporation that did not elect to be a New York S corporation, any S corporation deductions included in your federal itemized deductions. If an S corporation short year is involved, you must allocate those deductions (for more information see Publication 382, *How to Figure Your New York Additions and Subtractions*).
- F** Five percent of your deduction for interest related to corporate acquisitions to the extent the interest was deducted in figuring the New York itemized deduction (section 615(c)(7) of the Tax Law) If this subtraction applies, complete Form IT-244, *Acquisition Information Report*. Attach a separate schedule to your return showing your computation.

Partners — Include on line 40 the subtractions described above that apply to your share of partnership deduction items (if not included in your New York subtractions on the front page). Determine your share of partnership items from Form IT-204, *Partnership Return*.

S corporation shareholders — If you are a shareholder of a federal S corporation for which the election to treat the corporation as a New York S corporation was in effect for the tax year, or if you were not eligible to make the election to treat your corporation as a New York S corporation because the corporation is not subject to Article 9-A franchise tax, include on line 40 subtractions A through D and F, described on page 17, that apply to your pro rata share of S corporation items of income, loss or deduction. If the election to be a New York S corporation terminated during the tax year, you must allocate those items (for more information see Publication 382, *How to Figure Your New York Additions and Subtractions*). Obtain your share of S corporation items from the S corporation's Form CT-3-S, *New York S Corporation Franchise Tax Return* or Form CT-4-S, *New York S Corporation Franchise Tax Return-Short Form for Small Businesses*.

To show which deduction you are taking, be sure to check either the standard or the itemized deduction box on line 47.

Line 76

New York State, city of New York and city of Yonkers estimated tax for 1993

Enter the amount of overpayment from line 74 that you want credited to your New York State, New York City and Yonkers estimated tax for 1993. Do not include any amount that you claimed as a refund on line 75.

Line 77

Amount you owe

If line 73 is less than line 68, subtract line 73 from line 68. This is the amount you owe. If you owe more than one dollar, include full payment with your return. (You do not have to pay one dollar or less.) Make your check or money order payable to **New York State Income Tax** and write your social security number and **1992 Income Tax** on it. **Do not send cash.** If you also have to pay an underpayment of estimated tax penalty (line 78), that amount must be included with any tax you owe on line 77. Send one check or money order for the total amount (penalty plus tax due). Attach your payment to the area indicated on the front of your return.

If you include penalties or interest with your check or money order, identify and enter these amounts in the right margin of the back page of Form IT-203 (but not underpayment of estimated tax penalty; see line 78).

Line 78

Estimated tax penalty

Generally, you are not subject to a penalty if your 1992 prepayments equal at least 100% of your 1991 tax (based upon a return covering 12 months). However, if line 77 is at least \$100 and, in addition, represents more than 10% of the tax **105** in your return

or you underpaid your estimated tax liability for any payment period, you may owe a penalty. For more information, see Publication 150, *Estimated Tax Rules Limiting Use of Prior Year's Tax*, and get Form IT-2105.9, *Underpayment of Estimated Tax by Individuals and Fiduciaries*, to see if you owe a penalty and to figure the amount. If you owe a penalty, enter the penalty amount on line 78 and add the penalty amount to any tax due and enter the total on line 77. If you are due a refund, subtract the penalty amount from the overpayment and enter the net result on line 74. Be sure to attach Form IT-2105.9 to your return.

Do not include any other penalty or interest amounts on line 78. If you include penalties or interest with your check or money order, identify and enter these amounts in the right margin of the back page of Form IT-203.

Now continue with Step 4 below.

Step 4

Check the figures on your return and any attachments.

Step 5

Complete the top of the front page of your return.

Mailing label — Remove the peel-off label from the cover of your packet and place it in the name and address box at the top of Form IT-203. Check the label to make sure the information on it is complete and correct. The series of numbers along the top of the label shows your social security information and a single letter that indicates the New York State form you filed last year.

- If your name (or your spouse's name) or address is wrong, cross it out and make the corrections directly on the label.
- If your social security number is incorrect or missing - or if you do not have a mailing label - enter the correct information in the white space at the top of Form IT-203. (Your social security number is printed on the upper left corner of the label.)
- If you file a joint return and you and your spouse have different last names, separate the names with the word *and* (e.g., Brown, Mary L. and Smith, John C.). Be sure your social security numbers are in the same order as your names.
- If you were a part-year resident, enter in the white space at the top of Form IT-203 the county of the last residence you occupied in New York State. If you were a **nonresident** of New York State for the **entire** year, enter the abbreviation **NR**.

School district name and code number

If you were a part-year resident, enter the name and code number of your public school district for the period you were a New York resident. This is the district where you were a resident on December 31, 1992, or the district where you were a resident of New York before you moved out of the state. School districts and code numbers are on pages 38 through 41 of these instructions. If you do not know the name of your school district, contact your nearest public school.

You must enter your school district name and code number even if you were absent from the school district temporarily, if the school your children attended was not in your school district, or if you had no children attending school. School aid may be affected if the school district or code number is not correct.

If you were a **nonresident** of New York State for the **entire** year, enter the abbreviation **NR**.

Permanent home address

If you are a **part-year resident**, enter your permanent home address for the portion of the year that you were a resident of New York State, if it is **not** the same as your mailing address.

If you moved into the state, enter your permanent home address as of December 31, 1992.

If you moved out of the state prior to December 31, 1992, enter as your permanent home address, the address of the New York State residence you occupied last in 1992.

If you moved after December 31, 1992, enter the address of your permanent home on December 31, 1992, **not** your current home address.

We ask for your permanent home address to verify your school district name and code number, which are used in figuring state aid to local school districts.

Your permanent home address is the address of the dwelling place in New York State that you occupied last in the taxable year, whether you or your spouse own or rent it. A summer or vacation home is not your permanent home.

Your permanent home address is not always the same as the mailing address that is entered on your income tax return. For example, you may use a post office box number for your mailing address; this is not your permanent home address.

- If you use a paid preparer and you use the preparer's address as your mailing address, enter the address of your permanent home in the space provided.
- If you are a permanent resident of a nursing home, enter the nursing home address as your permanent home address.
- If you are in the armed forces and your permanent home was in New York State when you entered the military, enter your New York permanent home address regardless of where you are stationed.
- If you are married and maintain separate New York State residences and are filing separate New York State returns, enter as your permanent home address the address of your own residence.

Death of taxpayer - If a taxpayer is deceased, enter the decedent's **first name** and **date of death**.

If you do not have a mailing label, enter all of the following information on the lines at the top of the front page of your return:

- name and address** (both names if filing a joint return);
- permanent home address** (if different from mailing address);
- the decedent's first name and date of death** (if taxpayer is deceased);
- social security number(s)**;
- New York State county of residence** (on December 31, 1992 or the date you last occupied your New York residence, if you are a part-year resident);
- school district name and code number** (if you are a part-year resident).

Step 6

Sign and date your return at the bottom on the back page

You must sign and date your return. If you are married and filing a joint return, you must both sign it. **Your return cannot be processed if you do not sign it.**

You should keep a copy of your return and any attachments in a safe place in case you need to refer to them at a later date. If someone prepares your return for you, be sure to get a copy for your records.

If the return is for someone who died and there is no surviving spouse to sign it, the name and address of the person signing it must be printed or typed below the signature.

If you pay someone to prepare your return, **the paid preparer must also sign it** and fill in the other blanks in the paid preparer's area of your return. A person who prepares your return and does not charge you should not fill in the paid preparer's area.

Step 7

Return Assembly

Illustrated below is the correct way to assemble your return and the various attachments for the most efficient handling. You can help ensure that your return (and your refund, if you are entitled to one) is processed as quickly as possible by taking a few moments to assemble your forms as shown.

- If you are filing Form IT-280, *Nonobligated Spouse Allocation*, please clip it, along with any correspondence and payments, to the front of your return, with the payments on top.
- **Clip** payments, if any, to the front of your return.
- Form IT-203, face up.
- Attach any other forms you may have had to fill out, face up, behind your return.
- Staple your wage and tax statements last, face down.

Please staple all documents as shown using two staples.....

Step 8

Checklist

Before you mail your return, a quick check will help you avoid common errors that may delay your refund. **Did you:**

- attach your peel-off label?** If you do not have a label, did you enter your name, address and social security number(s) and other information required in Step 5 if you are a part-year resident at the top of your return?

- enter your permanent home address**, if you were a part-year resident, for the part of the year you were a resident (if different from your mailing address)?
- check your filing status box at item A?**
- check the Yes or No box at items B, C and G?**
- check the box at item D if you do not need forms mailed to you next year?**
- enter the number of exemptions claimed on your federal return at item E?**
- check box 1, 2 or 3 at item F because you moved into or out of New York State in 1992?**
- check the standard or itemized deduction box on line 47 of Form IT-203?**
- enter your dependent exemption amount on line 49 of Form IT-203?**
- use the correct column of the tax table?**
- figure your New York State child and dependent care credit by entering the number of qualifying persons cared for in 1992 and the amount of federal credit for child and dependent care in the boxes on line 52 of Form IT-203?**
- claim any adjustments or credits that you may qualify for?**
- sign your return** (both husband and wife must sign a joint return)?
- staple your wage and tax statement(s), Form IT-2102 (Copy 1) or federal Form W-2 (Copy 2), to the back of your return?**
- attach Form IT-203-ATT** if you: (1) are claiming other New York State credits; (2) are subject to other New York State or New York City taxes; (3) are allocating wage or salary income on Schedule A, *Allocation of Wage and Salary Income to New York State*; or (4) checked the Yes box at item G of Form IT-203 and must complete Schedule B, *Living Quarters Maintained in New York State by a Nonresident?*
- make your check or money order payable to New York State Income Tax for the full amount you owe?**
- write your social security number and 1992 Income Tax on your check or money order?**

Check Your Withholding for 1993

If you want to change the amount of tax withheld from your paycheck, complete the enclosed Form IT-2104, *Employee's Withholding Allowance Certificate (1993)*, and give it to your employer.

Step 9

Use the preaddressed mailing envelope

To speed your refund, use the preaddressed envelope that came with your tax packet. If you are claiming a refund, mark an "X" in the box on the front of the envelope. If you do not have a preaddressed envelope, address your envelope —
