

Instructions for Form ST-100, New York State and Local Quarterly Sales and Use Tax Return Tax Facts For Vendors

Did you know?

You are subject to a \$50 penalty if you don't prominently display your Certificate of Authority at your place of business.

Your Certificate of Authority can be suspended or revoked if you:

- don't file a return (or report), or if you willfully file a false return (or report); or
- willfully fail to collect, truthfully account for or pay over any state or local sales tax; or
- have been convicted of a crime under the Tax Law.

You may be charged with a misdemeanor if you issue a receipt without itemizing the sales tax, or you advertise either directly or indirectly that the sales tax is not part of the price paid by your customer for goods or services.

These instructions will help you complete your quarterly Form ST-100, *New York State and Local Quarterly Sales and Use Tax Return*. If you need further assistance, call the Taxpayer Assistance Bureau at the telephone numbers provided on page 4. You should keep all records and other supporting documents used in completing your return and be able to produce them on request by the Commissioner of Taxation and Finance or his agents for at least **three years** after the due date of the return to which it relates or the date when the return was filed, if later.

The Sales and Use Tax Return

Two copies of the sales and use tax return are mailed to each registered vendor. You must file the preaddressed copy. If you did not receive a return with a preaddressed label, please complete the name and address portion including your sales tax identification number.

Enter the exact legal name of the business. For a corporation, use the name as it appears on the Certificate of Incorporation; for an unincorporated business, use the name in which the business owns property or acquires debt; for a partnership, use the partnership name. A sole proprietor must use the name of the individual owner.

Enter the trade name, doing-business-as name, or assumed name if different from the legal name. For a corporation, it is the name that appears on the trade name certificate filed with the New York State Department of State. If the business is not incorporated, it is the name filed with the county clerk's office pursuant to Section 130 of the General Business Law.

Enter the address of your actual business location, not the mailing address. Include your business telephone number and the number where you can be reached during the day if different.

The completed quarterly return, Form ST-100, must show your actual gross sales, taxable sales and purchases subject to use tax for the three month period covered by the return, unless you are a seller of motor fuel or diesel motor fuel. If you are a seller of motor fuel or diesel motor fuel, see *Notice to Retail Sellers of Motor Fuel and/or Diesel Motor Fuel* on page 2. The return must also show the receipts subject to the special taxes imposed on passenger car rentals, **information and entertainment services provided through telephony and telegraphy**, and lubricating oil.

The front of the return is used to summarize the business activity and tax due. Part II is used to report the details of taxable sales and services and purchases subject to use tax and the total state and local taxes due for each taxing jurisdiction. Part II is also used to report the details of the special 5% tax due on passenger car rentals, the additional 5% tax on information and entertainment services and the ten cents per quart tax on lubricating oil. Although this return is all that is required for most vendors, certain vendors are required to file separate schedules in addition to the return (*See Schedules Which May Be Required*).

Change In Filing Period

Monthly Filing

You must file monthly returns beginning the first month of the quarter following any quarter in which:

- you have had total taxable receipts (including purchases subject to use tax), rents, and amusement charges of \$300,000 or more; or
- you are a distributor as defined under Article 12-A, selling motor fuel and/or diesel motor fuel, and you have sold a total of 100,000 gallons or more of this fuel (taxable or nontaxable).

You must file monthly thereafter until you no longer meet these conditions for four consecutive quarters. To convert to monthly filing, notify the Taxpayer Assistance Bureau immediately. Call toll free (from New York State only) 1 800 CALL TAX (1 800 225-5829). From areas outside New York State, call (518) 438-8581. Failure to file a monthly return on time may result in penalty and interest charges.

Annual Filing

If your total tax due is \$250 or less for the 12-month period ending May 31 and you can reasonably expect to owe no more than \$250 in tax for the next 12 months, you may be entitled to file annually instead of quarterly. Write to the NYS Department of Taxation and Finance,

Business Tax Accounts Services, Building 8, W A Harriman Campus, Albany NY 12227 before June 20 for the annual period June 1 - May 31. **Exception:** If you are the holder of a validated *Certificate of Authority for Show and Entertainment Vendors*, Form DTF-860A or PR-169.1, you are not permitted to file annually. You must continue to file quarterly even if you expect to owe no more than \$250 in tax for the next 12 months.

Schedules Which May Be Required

If you must file any of the following schedules, attach them to Form ST-100. With the exception of the amounts from Schedules CT and NJ, include on line 1 of the return the tax reported on the schedules. Completing Your Return

Complete Form ST-100, Part II and any required schedules **before** completing Part I.

Instructions For Part II (Page Two)

The Department of Taxation and Finance is required by New York State law to collect and distribute the sales taxes imposed by local taxing jurisdictions. The information in Part II of the sales tax return enables the department to make the correct distribution. Credits that can be identified by locality should be taken on the appropriate line in Part II. Net credits (negative amounts) should be shown in parentheses.

The special taxes on passenger car rentals (5%) **information and entertainment services (5%)** and lubricating oil (10¢ per quart) are imposed at the same rate in all jurisdictions, so they are reported separately.

The special tax on the sale of information and entertainment services provided via telephony and telegraphy became effective September 1, 1993. The tax is imposed at the rate of 5% and is in addition to the sales tax already imposed.

Notice to Retail Sellers of Motor Fuel and/or Diesel Motor Fuel

Retail sellers of motor fuel and/or diesel motor fuel must report all sales, self-use and sales taxes due on this fuel on Form ST-100.10, Schedule FR. The schedule must be filed with the vendor's Form ST-100, together with any other applicable schedules.

Important: Do not include sales, purchases for personal use or sales tax on the above fuel on Form ST-100, Part II if you are a retail seller of motor fuel and/or diesel motor fuel.

Column (a) — Taxing Jurisdiction

Column (a) lists the name of each locality now imposing a sales and use tax.

Column (b) — Combined Tax Rate

Column (b) lists the combined state and local tax rates that apply in each of the localities listed in column (a).

Columns (c), (d) and (e)

Columns (c), (d) and (e) are used to report taxable sales and services, purchases subject to use tax, and sales and use taxes for the localities listed in column (a). Column (e) is also used to report the special taxes on passenger car rentals, information and entertainment services and lubricating oil. You must report these amounts for the full period covered by the return unless a shorter period is specifically indicated.

Column (c) — Taxable Sales and Services

Subtract any applicable exempt sales and adjustments from gross sales and services to arrive at taxable sales and services. Make adjustments for transactions where the tax should not be paid, such as returned sales on which the tax was refunded to the customer or previously reported sales that became bad debts.

Taxable sales and services should be reported on the line for the locality where delivery occurs. Delivery occurs at the vendor's place of business on over-the-counter sales. Otherwise, delivery occurs where the customer takes possession. Exception: delivery of a motor vehicle is determined by the purchaser's home address. Do not report deliveries to points **outside** New York State.

Sales made in a locality that does not impose a local sales and use tax are subject only to the 4% state tax. Report these receipts on the New York State Only line.

The exemption from the New York State and upstate local sales tax allowed for the items and services listed below **does not apply** to New York City. On the **New York City 4%** line, report the sale of the following to businesses located within New York City:

- fuel and utility services used directly and exclusively in the production of tangible personal property for sale;
- the services of installing, repairing, maintaining and servicing tangible personal property used directly and predominantly to produce a product for sale by farming, including servicing tangible personal property used in erecting, adding to, altering or improving a silo (but not including the foundation), and the servicing of posts and wire used to make and maintain a trellis for grapes.

These transactions should **not** be reported on the New York City 8¼% line or on Schedule U.

Column (d) — Purchases Subject to Use Tax

Use column (d) to report the value of tangible personal property or services purchased without payment of sales tax and used in your own operations. **Do not** include tangible personal property or services which are resold or which qualify for a production exemption.

Report in column (d) on the New York State/MCTD 4¼% line, the use tax due on purchases of fuel or utility services for which you have paid only 4% New York City tax, but that are subject to tax at 8¼%. These include fuel or utilities used other than directly in production; for example, to operate office machinery or light the plant. Directly in production means the fuel or utilities must, during the production phase, operate exempt machinery or create conditions necessary to actual production.

Property or services are also subject to the use tax if purchased by a New York State resident, business or branch of a New York State business located outside New York State and shipped or brought into the State.

Additional Use Tax: If a sales or use tax was paid in one locality in New York State and the property is then used in another locality in New York State, an additional use tax will be due if the local tax rate is higher in the second locality and:

- the user is a resident of the locality where use occurs;
- the user, in the performance of a contract, incorporates the property into real property situated in the second locality; or
- the user is a nonresident but uses the property in the second locality in a trade or business, etc.

Attach an explanatory statement and use the blank lines at the bottom of Part II. Enter the taxing jurisdiction in column (a) and the additional rate of tax in column (h).

Column (e) — Sales and Use Tax and Special Taxes

Compute the sales and use tax by multiplying the amounts in columns (c) and (d) by the combined state and local tax rate in column (b). Enter on line A the total amounts reported on both sides of Part II, column (e). Add to line A the taxes reported on lines B, C and D. Enter the total on line E and include it with the amount you report on Part I, line 1, of the return.

Call the taxpayer assistance number listed below to get the current rate.

- **61 or more days late:** The penalty is the greatest of the following three amounts:
