Vendor Collection Credits

The Tax Law provides vendors with compensation, in the form of a credit, for the collection of state sales tax from their customers. You must apply this credit against the tax collected, and may take the credit only if you file the return and pay the tax timely. Vendors may take the credit on quarterly returns that cover periods beginning on or after September 1, 1994. Monthly filers may only take the credit quarterly and annual filers once a year. **No** refund, carryforward or carryback, will be allowed.

You cannot take credit against any use tax paid or for any local tax collected. That is, the credit can only be taken against the sales tax, and only against the New York State portion. The credit is limited to a maximum of \$100 for each quarter or annual period for which you are required to file sales tax returns. To compute the credit, multiply the 4% (.04) New York State sales tax collected by 11/2% (.015).

The example listed below is for vendors who file Form ST-810, New York State and Local Sales and Use Tax Return - Quarterly for Part-Quarterly Filers.

Vendors Filing Schedules

Since the vendor collection credit can only be taken on the New York State portion of the sales tax collected, vendors filing schedules must make adjustments before computing their tax credit. Compute from the schedules the amount of taxable receipts subject to NY State sales tax (see worksheet below). When completed, transfer the amount to Form ST-810.

Schedules NJ and CT do not include any sales subject to NY State sales tax and Schedule U is used to report only local (New York) sales tax. Therefore, no vendor credits can be computed for these schedules. No credits can be taken for Schedule N-ATT or Schedule P. These credits are taken on Schedule N and Form ST-810 respectively.

If you file any of the following schedules, you may include the receipts indicated when computing your vendor credit.

Schedule A: Totals of Parts I and II.

Total of Part I. (Receipts from Parts II, III and IV cannot be included.) Schedule B:

Totals of Part I, plus the services subject to both NY State and local sales tax in Part II, plus the first 90 days of hotel occupancy Schedule N:

reported in Part III. To determine the amount to include from Part II, deduct the taxable receipts for the New York City credit rating and reporting services and New York City miscellaneous personal services from the total taxable receipts reported in Part II, column (c).

Schedule FR: Total of all taxable sales only. **Do not** include purchases that are subject to use tax in your total. They cannot be included in your computations for credit. To determine the amount to include from Schedule FR, deduct the taxable self-use included in columns (c) and (d) from the totals reported on line A for columns (c) and (d). Transfer this adjusted total (both columns) to line 5.

Complete the worksheet below to determine the total receipts eligible for the vendor credit.

Worksheet

Add the totals as follows:

1.	Total taxable sales from Part II, page 3, column (c), less any taxable sales reported on the New York City - local tax only line
2.	Schedule A - Totals of Parts I and II, column (c)
	Schedule B - Total of Part I, column (c)
4.	Schedule N - Total of Part I, column (c) and adjusted totals for Parts II and III column (c)
5.	Schedule FR - Total taxable sales from line A, columns (c) and (d)
	Total of lines 1 through 5 (Taxable Sales and Services)

Transfer this total to the *Taxable Sales and Services* line in the *Vendor Collection Credit* box (page 3, Part II, line D of your return). Multiply this amount by the 4% (.04) *State Tax Rate* to determine your *State Tax Liability*. Multiply the result by the *Vendor Collection Credit Rate* of 1.5% (.015) to determine your credit. The maximum credit allowed is \$100 per quarter. Therefore, if the credit computes to more than \$100, enter and deduct \$100 on
