

Instructions for Form CT-4

General Business Corporation Franchise Tax Return Short Form

General Information

The Tax Department has made changes to allow more taxpayers to file the short form (CT-4) rather than the long form (CT-3). If you filed the CT-3 in the past, you should review the new filing constraints to determine whether you are now eligible to file the CT-4.

Who Must File

All general business corporations taxable under Article 9-A, other than New York S corporations, must file franchise tax returns on either Form CT-3 or Form CT-4. This includes corporations organized under New York State law and foreign corporations (those organized under the laws of any other state or country) that do business, employ capital, own or lease property or maintain an office in New York State. A general business corporation that has elected to be treated as an S corporation by filing Form CT-6, must file either Form CT-3-S or CT-4-S, New York S Corporation Franchise Tax Return, instead of Form CT-3 or Form CT-4. The definition of corporation in Article 9-A of the Tax Law and in these instructions includes limited liability companies (LLCs), limited liability partnerships (LLPs), associations and publicly traded partnerships that are taxed as corporations under the Internal Revenue Code. See TSB-M-89(12)C for further information. A general business corporation includes all corporations except:

- banking corporations (Article 32)
- insurance corporations (Article 33)
- transportation and transmission corporations (Article 9)
- utility companies (Article 9)
- farmers and agricultural cooperatives (Article 9)
- nonstock, not-for-profit corporations (these may be subject to an unrelated business income tax) (Article 13).

Tax Bases

Corporations subject to Article 9-A of the Tax Law must compute four distinct taxes and pay the tax which results in the highest amount owed. The four taxes include a tax on entire net income, a tax on capital, a tax on minimum taxable income, and a fixed dollar minimum tax. In addition, if a corporation has any subsidiaries, it must pay a tax on its subsidiary capital. If you have any subsidiaries, you cannot file Form CT-4, but instead must file Form CT-3 or Form CT-3-A. For additional information see *Who May Use the Short Form* below.

Who May Use the Short Form

Form CT-4 is a simplified general business franchise tax return that will meet the filing needs of many businesses. Before completing Form CT-4 you must review the requirements for filing Form CT-3 below. If you are not required to use Form CT-3, then you may use Form CT-4. You must use Form CT-3 if any of the following conditions exist:

- You claim a deduction for optional depreciation.
- You claim any tax credits. Tax credits include the eligible business facility tax credit, investment tax credit, employment incentive tax credit, special additional mortgage recording tax credit, economic development zone credits, servicing mortgage credit and minimum tax credit.

- You are a real estate investment trust, a taxable domestic international sales corporation (DISC) or a stockholder in a DISC (see Special Instructions for DISCs in Form CT-3-I).
- You have business income or capital attributable to sources outside New York State, and you want to allocate this income and capital.
- You have investment income or capital.
- You have a subsidiary (another corporation of which you own more than half of its voting stock).
- You have federal adjustment or tax preference items other than the depreciation adjustment used to compute the minimum taxable income base.
- You are required to make an addition on Form CT-3, line 8. Additions required on line 8 include optional depreciation, worldwide income and losses, safe harbor lease adjustments, addback of certain credits, a corporation's pro-rata share of business from the Insurance Exchange and certain interest paid by an acquiring corporation.
- You have a subtraction on Form CT-3, line 15, other than the subtractions allowed on Form CT-4, line 9. Subtractions required on line 15 include optional depreciation, receipts from the operation of school buses, wages disallowed in computation of federal jobs credit, safe harbor lease adjustments and the pro-rata share of business from the Insurance Exchange.

Other Forms You May Have to File or Business Taxes to Which Your Corporation May Be Subject

Form CT-3M/4M, General Business Corporation MTA Surcharge Return, must be filed by any corporation taxable under Article 9-A that does business, employs capital, owns or leases property or maintains an office in the Metropolitan Commuter Transportation District.

The MCTD includes the counties of New York, Bronx, Kings, Queens, Richmond, Dutchess, Nassau, Orange, Putnam, Rockland, Suffolk and Westchester.

Form CT-5, Request for Six-Month Extension to File (For Franchise/Business Taxes, MTA Surcharge, or Both), is a request for a sixmonth extension of time to file a tax return for general business corporations. File it on or before the due date of the return.

if you claim the federal Accelerated Cost Recovery System (ACRS) depreciation or Modified Accelerated Cost Recovery System (MACRS) deduction for certain property placed in service after December 31, 1980.

This form also contains schedules for determining a New York State gain or loss on the disposition of ACRS or MACRS property. It is also used to compute the depreciation deduction for the minimum taxable income base.

Form CT-222, *Underpayment of Estimated Tax* by a Corporation, will help you determine if you have underpaid an estimated tax installment and, if so, compute the penalty due.

Form CT-240, Foreign Corporation License Fee Return, must be filed by a corporation organized outside New York State (foreign corporations) to pay the license fee based on capital stock. This return must be filed when you file your first franchise tax return, or if capital stock employed in New York State has increased since the last license fee return was filed. For more details see Form CT-240.

Form CT-245, Maintenance Fee and Activities Return of Foreign Corporations Disclaiming Tax Liability, must be filed by a corporation organized outside New York State that wishes to disclaim tax liability but wants to remain authorized to do business. The annual maintenance fee is \$300. This fee may be claimed as a credit against tax due under Article 9-A. Full payment of the franchise tax, state tax surcharge and MTA surcharge will satisfy the maintenance fee requirement. For more details, see Form CT-245.

Form CT-33-D, Tax on Premiums Paid or Payable to an Unauthorized Insurer, must be filed if you have purchased or renewed a taxable insurance contract from an insurer not authorized to transact business in New York State. This return must be filed within 60 days following the end of the calendar quarter in which the contract was purchased or renewed.

Form CT-186-A, *Utility Services Tax Return* — *Gross Operating Income*, (Article 9, section 186-a) — A corporation not supervised by the New York State Department of Public Service that engages in the sale or furnishing of gas, electricity, steam, water, or refrigeration must pay a tax of 3.5% on its gross operating income.

Form CT-189, *Tax on Importation of Gas Services* — Article 9, section 189, imposes a tax on gas importers who import, or cause to be imported, gas for their own use. The tax is computed at the rate of 4.25% of the consideration given for the gas. (See TSB-M-91(5)C for more information.)

Form CT-400, Estimated Tax for Corporations, must be filed by any corporation whose New York State tax and state tax surcharge liability

can reasonably be expected to exceed \$1,000. See Estimated Tax, State Tax Surcharge and MTA Surcharge, below.

Form CT-3360, Federal Changes to Corporate Taxable Income, must be used to report any correction made by the Internal Revenue Service in taxable income previously reported for any year, including changes based on the renegotiation of a government contract.

Sales and Use Tax — If you sell goods or services delivered in New York State, you may have to collect and remit New York State sales and use tax.

Employer's Withholding Tax — If you hire anyone to help operate your business in New York State, you must withhold and remit New York State (and New York City and Yonkers, if applicable) income taxes from the wages of your employees.

Motor Fuel Taxes — Motor fuel distributors and diesel motor fuel distributors or users in New York State must register with the Tax Department and file the appropriate tax returns.

Highway Use Taxes — Any motor vehicle having a maximum gross weight, alone or in combination with another motor vehicle, of more than 18,000 lbs. is subject to this tax.

Unrequested Refunds to be **Credited Forward**

If you overpay your tax, you will not automatically receive a refund. Instead, we will credit your overpayment to the following tax year unless you request a refund. We will notify you that the overpayment has been credited. You may then claim a refund of the overpayment before the original due date of the following year's return.

Forms for Requesting Refunds

Form CT-8, Claim for Credit or Refund of Corporation Franchise Tax Paid, is used to request a refund other than of an overpayment. To speed up processing of the claim, mail it separately from your annual returns. A claim for refund based on a net operating loss carryback must be filed within three years of the extended due date of the return for the loss year or within 27 months from the date of the federal credit or refund. A refund based on a federal change must be filed within two years from the date the federal change was required to be reported. All other claims for refunds must be received within three years from the date the return was filed, or two years from the date the tax was paid, whichever is later.

Requests for refunds due to overpayment of tax must be made on Form CT-4.

Form CT-9, Claim for Tentative Refund from Carryback of Net Operating Loss, should be used by all corporations requesting refunds, not exceeding \$1,188, based on net operating loss carrybacks.

Returns that are the basis for these refunds will be subject to review after the refunds have been processed. The claim must be filed within 90 days after the receipt of the federal refund.

Federal S corporations must file a claim within 15 months from the end of the loss year. For full description of the limitation and requirements, see Form CT-9-I, Instructions for Form CT-9.

When and Where to File

File your return within 21/2 months after the end of your reporting period. If you are reporting for

the calendar year, file your return on or before March 15th. If your filing date falls on a Saturday, Sunday, or legal holiday, then you must file your return on or before the next business day. 1996 calendar year filers: Since the legal filing date of March 15, 1997, falls on a Saturday, you have until Monday, March 17, 1997, to file your return.

Mail returns to: NYS Corporation Tax, Processing Unit, PO Box 1909, Albany NY 12201-1909.

If you cannot meet the filing deadline, ask for a six-month extension of time by filing Form CT-5.

How to Avoid an Erroneous Assessment Based on Fixed Dollar Minimum Tax Rates

The fixed dollar minimum tax rate has four levels. The amount of the tax ranges from \$325 to \$1,500.

Your fixed dollar minimum tax rate is determined by the corporation's gross payroll, total receipts and average value of gross assets.

To avoid an erroneous assessment or a delay in your refund, you must enter an amount in each of the three boxes provided below line 30. If you do not have assets, payroll or receipts, enter "0" in the appropriate boxes.

Failure to make an entry in each box will result in an assessment of tax or reduction of your

Cooperative Housing Corporations

A qualified cooperative housing corporation is entitled to use a reduced tax rate of .0004 when computing its tax using the capital base.

A corporation that has only one class of stock that entitles the shareholder to live in a house or an apartment in a building owned or leased by the corporation, may be a cooperative housing corporation. For a complete definition, see IRC section 216 or 20 NYCRR 3-1.2.

Estimated Tax, State Tax Surcharge and MTA Surcharge

If your New York State franchise tax and state tax surcharge liability can reasonably be expected to exceed \$1,000, you must file a declaration of estimated tax.

If this expectation arises before the 1st day of the 6th month of your tax year, file this declaration on or before the 15th day of the 6th month of the fiscal or calendar year. Include with it a payment of 1/3 of the estimated tax liability. If you made an initial payment with the preceding year's tax return or applied an overpayment of the tax from that return, deduct this amount from the estimated tax before computing the 1/3 payment. Additional 1/3 payments are due on the 15th day of the 9th and 12th months. If you report for the calendar year, file a declaration of estimated tax on June 15, September 15 and December 15.

If the expectation of a tax liability of more than \$1,000 arises on or after the first day of the 6th month of your tax year, see 20 NYCRR 7-2.3.

A declaration of estimated tax may be amended.

A penalty will be imposed if you fail to file a declaration of estimated tax or fail to pay all or any part of an installment payment of estimated tax. (See instructions on this page.)

Penalty will not be due on an installment if the total estimated franchise tax and tax surcharge payments made on or before an installment due date equals or exceeds the amount that would have been required to be paid on or before that date if the amount of the estimated tax and tax surcharge were the smallest of:

For large corporations — a corporation that had (or whose predecessor had) allocated entire net income of at least one million dollars for any of the three tax years immediately preceding the tax year involved:

1. One hundred percent (100%) of the current year's franchise tax and tax surcharge.

- One hundred percent (100%) of the franchise tax and tax surcharge for the current year computed on an annualized basis.
- One hundred percent (100%) of the franchise tax and tax surcharge for the current year computed on a recurring seasonal income basis.

For all other corporations:

- Ninety-one percent (91%) of the current year's franchise tax and tax surcharge shown.
- 2. One hundred percent (100%) of the franchise tax and tax surcharge for the preceding tax year (if it was for a period of 12 months).
- One hundred percent (100%) of the franchise tax and tax surcharge computed using current tax rates applied to last year's facts and laws.
- Ninety-one percent (91%) of the franchise tax and tax surcharge for the current year computed on an annualized basis.*
- Ninety-one percent (91%) of the franchise tax and tax surcharge for the current year computed on a recurring seasonal income basis.*
- * To avoid underpayment penalties, you must make up a reduction in an estimated franchise tax and tax surcharge payment resulting from using annualized income or seasonal income (exception 4 or 5) by increasing the amount of the next installment determined under exceptions 1, 2 or 3 by the amount of such reduction. The above penalty provisions also apply if you fail to file a declaration of estimated MTA surcharge or fail to pay all or any part of an installment payment of MTA surcharge.

Late Payment — Interest

If you do not pay the tax, tax surcharge and MTA surcharge, if applicable, due on or before the original due date (determined without regard to any extension of time to file), you must pay interest on the amount of the underpayment from the original due date of the return to the date the tax and tax surcharges are paid. Exclude from the interest computation any amount shown on line 34a or 34b, first installment of estimated tax for next period. Interest is always due, without any exceptions, on any underpayment of tax. An extension of time for filling does not extend the due date for payment of tax. Interest is compounded daily.

Late Filing and Late Payment — Additional Charges

Additional charges for late filing and late payment are computed on the amount of tax and tax surcharge less any payment made on or before the due date determined with regard to any extension of time for filing. Exclude from the penalty computation any amount shown on line 34a or 34b, first installment of estimated tax for next period.

- A. If you do not file a return when due or if the request for extension is invalid, add to the tax 5% per month, up to a total of 25% (section 1085(a)(1)(A)).
- B. If you do not file a return within 60 days of the due date, the addition in item A above cannot be less than the smaller of \$100 or 100% of the amount required to be shown as tax (section 1085 (a)(1)(B)).
- C. If you fail to pay the franchise tax shown on a return, add to the tax ½% per month, up to a total of 25% (section 1085 (a)(2)).
- D. The total of the additional charges in items A and C may not exceed 5% for any one month except as provided for in item B (section 1085 (a)).

If you think you are not liable for these additional charges, attach a statement to your return explaining the delay in filing, payment, or both (section 1085).

NOTE: You may have both the interest (line 39) and penalty (line 40) computed for you by calling the Business Tax Information Center (see *Need Help?* on page 8 for the number).

Penalties for Understating Tax or Underpaying Estimated Tax

If the tax you report is understated by 10% or \$5,000, whichever is greater, you will have to pay a penalty of 10% of the amount of understated tax. You can reduce the amount on which you pay penalty by subtracting any item for which (1) there is or was substantial authority for the way you treated it, or (2) there is adequate disclosure on the return or in an attached statement (see Article 27, section 1085(k)).

If you can reasonably expect your New York State franchise tax and tax surcharge liability to exceed \$1,000, you must file a declaration of estimated tax, Form CT-400. A penalty will be imposed if you fail to file a declaration of estimated tax or fail to pay the entire installment payment of estimated tax due. For complete details see *Estimated Tax, State Tax Surcharge and MTA Surcharge* on this page and Form CT-222, *Underpayment of Estimated Tax by a Corporation*.

Civil and Criminal Penalties

The Omnibus Tax Equity and Enforcement Act imposes strong civil and criminal penalties for negligence or fraud. For more information about this act, contact the Taxpayer Assistance Bureau (address and telephone numbers on the last page of these instructions).

Net Operating Loss Deduction

You must determine a New York State net operating loss deduction (NOLD) as if you had elected under IRC section 172 to relinquish the carryback provisions, except for the first \$10,000, which may be carried back to the three preceding years (section 208.9(f)).

In addition, special net operating loss provisions apply to aviation corporations and corporations involved with mergers, acquisitions or consolidations.

These rules apply:

- IRC section 172 federal losses must be adjusted in accordance with Article 9-A, section 208.9(a), (b) and (g).
- You may carry net operating losses forward 15 years.
- If you have elected to carry back a net operating loss for federal tax, you may carry back only the first \$10,000 of a net operating loss to the three preceding years. Use Form CT-9 to request a refund based on a net operating loss carryback.
- Any portion of the \$10,000 NOL not used as a carryback may be carried forward.
- If you have elected for federal tax purposes to relinquish the three-year carryback of a net operating loss, you may not carry back a net operating loss for state tax purposes, and you must submit a copy of your federal election
- A New York C corporation is not allowed a deduction for a net operating loss sustained during a New York S year.

- Enter the net operating loss carryforward on Form CT-4, line 7.
- Attach a separate sheet to Form CT-4, providing details of both the federal and New York State net operating losses claimed.
- A real estate investment trust will be allowed a deduction for net operating losses.
- These rules also apply to a federal S corporation not electing New York S corporation treatment and corporations included in a group reporting on a consolidated basis for federal tax. These corporations must carry losses to the same year and in the same manner as provided in these instructions with one exception: Instead of a copy of the federal election to relinquish the three-year carryback of a net operating loss, a request in writing to relinquish the carryback must be filed on or before the due date (or extended due date) of the return for the loss year. Any corporation that does not make a timely election with the Tax Department must carry the first \$10,000 of the net operating loss back before the loss can be carried forward.

Alternative Net Operating Loss Deduction

An alternative net operating loss deduction (ANOLD) is allowed for tax years beginning on or after January 1, 1994. This deduction, to be entered on line 25, is determined in the manner described above for computing the regular net operating loss deduction except that:

- The net operating loss for any year beginning after 1989 that is included in the ANOLD must be redetermined with the adjustments and tax preferences required to be utilized in computing the minimum taxable income for that year. (Note that the required add-back of regular NOLD is not such an adjustment or tax preference.) An item of tax preference is taken into account only to the extent it increased the regular net operating loss.
- Loss carryforwards and carrybacks are to be applied against a figure equal to 90% (except as provided below) of minimum taxable income (computed without regard to ANOLD), rather than against entire net income.

For details see TSB-M-94(5)C.

Use Form CT-9 to request a refund based on a alternative net operating loss carryback.

Aviation Corporations — Net Operating Loss Deduction

Corporations principally engaged in aviation are taxable under Article 9-A and are permitted to claim a net operating loss deduction in the same manner as other Article 9-A corporations. Air freight forwarders acting as principal and like indirect carriers are limited to net operating losses sustained in years that they were taxable under Article 9-A.

Aviation corporations (other than air freight forwarders acting as principal and like indirect air carriers) will be allowed to carry forward any net operating losses sustained during the federal tax periods covering the years 1985 through 1988 if they were taxed under Article 9, sections 183 and 184 during those periods.

The New York State net operating loss must be computed as if the corporation had filed Form CT-3 for the tax years 1985 through 1988 and treated as if the loss had been sustained in the tax year immediately preceding its first Article 9-A tax year. The 1985-1988 net operating loss must be carried forward.

New York S Corporation — Termination Year

If your federal and New York S election terminates on a day other than the first day of a tax year, the tax year is divided into two tax periods (an S short year and a C short year). You must file Form CT-3-S or Form CT-4-S for the New York S short year and Form CT-3 or CT-4 for the New York C short year. See the instructions for Form CT-3-S and Form CT-4-S and TSB-M-90(11)C for more information.

The due date of the New York S short year return (Form CT-3-S and Form CT-4-S) is the same as the New York C short year even though they are treated as separate short tax years.

In the case of a merger or consolidation, the final return check box would only be used by the non-surviving corporation.

The return will be treated as a final return if your business is terminated with the Department of State and the return covers the tax period from the last return filed to the date of the termination.

Foreign authorized corporations see Foreign Corporation Annual Maintenance Fee and License Fee on page 1 of these instructions, or

refer to Form CT-245 if you are disclaiming tax liability but want to continue to be authorized to do business in New York State.

Do not check the *Final Return* **box** if you are only changing the type of return that you file (i.e., CT-3 to CT-3-S, CT-4 to CT-3, etc.).

Voluntary Dissolution and Surrender of Authority and Liability for Taxes and Fees

A domestic corporation (incorporated in New York State) is generally liable for corporate franchise taxes for each fiscal or calendar year, or part thereof, during which it is incorporated, regardless of whether it carries on any activity. For example, a person who intends to go into business organizes a new corporation under the New York Business Corporation Law for the purpose of operating the new business as a corporation. However, the business is never started and the corporation never conducts any business. Under the circumstances, the corporation would usually be liable for franchise taxes for each taxable year until it is formally dissolved with the Department of State.

A foreign corporation (incorporated outside of New York State) is liable for franchise taxes during the period in which it does business, employs capital, owns or leases property or maintains an office in New York. In addition, a foreign corporation which is authorized to do business in New York is also liable for payments of its annual maintenance fee until such time as it surrenders with the Department of State its authority to do business, regardless of whether it does business, employs capital, owns or leases property or maintains an office in the state. The maintenance fee may be taken as a credit against the franchise tax.

The procedure for obtaining a voluntary dissolution and surrender of authority and the forms that are required to be filed with this department are set forth in Publication 110. You can request this information by calling the Business Tax Information Center (see *Need Help?* on page 8 for the telephone number). For details see TSB-M-96(2)C.

- Do not use dollar signs, commas, decimal points, dashes or any other punctuation marks or symbols. All necessary punctuation has been printed on the form.
- Write your number like this:

- Enter your money amounts so that the whole dollar amount ends immediately to the left of the cents decimal, and the cents amount starts immediately to the right.
- Make your money amount entries in the boxes, allowing one numeral for each box.
- If you are rounding any money items on your return (see Whole Dollar Amounts below) please enter "00" in the cents boxes.
- Leave blank any spaces and boxes that do not apply to you.

Whole Dollar Amounts — You may elect to show amounts in whole dollars rather than dollars and cents. Round an amount from 50 cents through 99 cents to the next higher dollar, and round any amount less than 50 cents to the next lower dollar.

Negative amounts, if any, should be shown in parentheses.

Percentages - When computing allocation percentages, convert decimals into percentages by moving the decimal point two spaces to the right. Percentages should be carried out to four decimal places. For example: 5,000/7,500 = .6666666 = 66.6667%.

Attach a separate sheet showing how the amount was determined.

Lines 2 through 5 — Additions

Use lines 2 through 5 to add items that are not included in federal income but must be included in New York State entire net income.

Line 2

Enter all interest received or accrued from federal, state, municipal and other obligations that was exempt from federal income tax and is, therefore, not included on line 1. You may deduct from this amount any expenses attributable to that interest but denied deductibility under IRC section 265. Attach a list of items included on this line.

Line 3

Enter the amount deducted in computing federal taxable income for interest on indebtedness paid to a corporate stockholder owning more than 50% of your issued and outstanding voting stock. If you do not make this entry, the indebtedness will not constitute subsidiary capital in the hands of such corporate stockholder, and the stockholder will not be allowed to exclude the interest from its entire net income as income from subsidiary capital.

Line 4

Enter the amount deducted on your federal return for New York taxes imposed under Article 9, sections 183, 183-a, 184, 184-a, and Articles 9-A and 32. This includes the state tax surcharge and the MTA surcharge. However, do not include New York City taxes. Include the amount deducted for taxes paid or accrued to other U.S. states, their political subdivisions, any foreign country, and the District of Columbia if they are on or are measured by profits or income or include profits or income as a measure of tax, including taxes expressly in lieu of the foregoing.

Line 5

Before making any entry on this line, complete Form CT-399. (Enter your recomputed deduction on line 8.)

Lines 7 through 9 — Subtractions

Line 8

In place of the disallowed ACRS and MACRS deduction entered on line 5, you may compute a depreciation deduction by any method permitted under IRC section 167 (as it would have applied to property placed in service on December 31, 1980). For more information see Form CT-399, Depreciation Adjustment Schedule. Enter the amount from Form CT-399, line 5, column I, or, if you have disposed of property this year, use the amount from Form CT-399, line 12, column B, and attach the form.

Line 9

If you have received a credit or refund of tax for which you were not previously allowed to take a deduction when you determined your entire net income, but which was included in your federal taxable income, enter the amount of the credit and refund. The taxes to which this provision is applicable include the taxes imposed by Article 9-A and Article 32, as well as by Sections 183, 183-a, 184, and 184-a of the New York State Tax Law.

Line 11

Subtract line 10 from line 6 to determine your entire net income. Show a loss by using parentheses.

Line 12 Entire Net Income Base Tax Computation

Small business taxpayers: If you are a qualified small business taxpayer and your entire net income base is \$200,000, or less, multiply line 11 by 8% (.08) and enter the amount on line 12 and line 28.

A corporation qualifies as a small business taxpayer if:

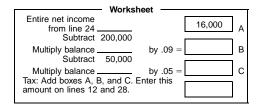

- Its entire net income (before allocation) is not more than \$290,000, and
- The total amount of money and other property it received for stock, as a contribution to capital and as paid-in surplus, is not more than \$1 million as of the last day of its tax year, and
- The corporation is not part of an affiliated group, as defined in IRC section 1504, unless the group itself would have met the above criteria if it had filed a combined return.

Complete lines 59 and 60 if you use the small business taxpayer tax rate.

If your entire net income base is more than \$200,000, your effective tax rate will be between 8% and 9%. The closer the entire net income base comes to \$290,000, the closer the effective tax rate comes to 9%. Your tax is:

- 1. \$16,000 (\$200,000 times 8%) **plus**
- 2. 9% of any amount over \$200,000 but not over \$290,000 **plus**
- 3. an additional 5% of any amount over \$250,000 but not over \$290,000

Use the worksheet below to compute your tax.

If you do not qualify as a small business taxpayer, multiply line 11 by 9% (.09). Enter the amount on line 12 and line 28.

Lines 13 through 19 — Computation of Capital Base

To determine the value of your assets for the capital base computations, you must include real property and marketable securities at fair market value. All other property must be included at the value shown on your books in accordance with generally accepted accounting principles. Use lines 13 through 17 to adjust the value of the assets you reported on your federal return.

On lines 13 through 18, enter the values at the beginning of the year in column A and at the end of the year in column B. Enter the average value in column C. Average value is generally computed quarterly if your usual accounting practice permits it. However, you may use a more frequent basis such as monthly, weekly or daily. If your usual accounting practice does not permit a quarterly or more frequent computation of the average value of assets, you may use a semiannual or annual computation if no distortion of average value results.

Line 13

Enter your total assets from the balance sheet of your féderal tax return.

Line 14

Enter the federal balance sheet value of any real property and marketable securities included on line 13.

Line 16

Enter the fair market value of real property and marketable securities included on line 14. The fair market value of an asset is the price (without deduction of an encumbrance whether or not the taxpayer is personally liable) at which a willing seller will sell and a willing purchaser will buy. You can generally find the fair market value of marketable securities from price quotes in financial newspapers. See TSB-M-85(18.1)C for determination of fair market value of real property.

Line 18

Enter the amount of all liabilities attributable to assets on line 13, both long and short term.

Use the same method of averaging used to determine average value of assets.

Line 20

Capital base tax computation: Multiply line 19 by the tax rate of .00178. Enter the amount on line 29, but do not enter more than \$350,000. If you have been taxable in New York State for less than two years read the instructions for line 29 to see if you qualify as a new small business corporation.

Cooperative housing corporations multiply line 19 by .0004.

Line 21-27 **Computation of Minimum Taxable Income Base**

To calculate your minimum taxable income, you must add to entire net income three federal tax preference items, add or subtract certain federal adjustments used to compute federal alternative minimum taxable income (federal Form 4626) and add the New York State net operating loss deduction and subtract the alternative net operating loss deduction.

You must determine a minimum taxable income base and tax whether or not you file federal Form 4626, Alternative Minimum Tax -

If you have any federal tax preference items or any federal adjustments other than depreciation or the alternative net operating loss deduction, you may not use Form CT-4. Use Forms CT-3 and CT-3-ATT to compute your tax.

The tax preference items are depletion and intangible drilling costs, and the carryover of appreciated property charitable deduction.

Line 22

Enter "0" on this line if you did not make a depreciation deduction when determining your federal taxable income or if your federal depreciation deduction was based on property placed in service before 1987.

Otherwise, complete Form CT-399, lines 13, 14 and 15, columns A through E. Add the total of column D (federal depreciation deduction) to your entire net income (Form CT-4, line 11) and multiply the result by .035. If the result is less than the amount of tax computed on your entire net income on line 12 and you do not have any adjustments on lines 23 and 25, enter zero on this line and attach a copy of Form CT-399.

If you must complete Form CT-399, enter the information required on lines 13, 14 and 15 for every item of tangible property placed in service after 1986. Column E requires you to recompute the depreciation deduction for each item of property pursuant to the rules set forth in IRC section 56(a)(1). Use the instructions for federal Form 4626, line 2a, to assist you in this computation.

Line 23

Enter the net operating loss deducted in the computation of the entire net income base. This is the amount on Form CT-4, line 7. See page 3 of these instructions.

Line 25

Enter your alternative net operating loss deduction. Attach a separate sheet with full details of the New York State alternative net operating losses claimed. For detailed information see page 3 of these instructions.

Line 27

Multiply the amount on line 26 by 31/2% (.035).

Lines 28 through 48 — Computation of Tax

Enter the tax computed on your capital base from line 20. Do not enter more than \$350,000.

A new small business corporation may claim an exemption from the tax on the capital base for its first two tax years if it meets the requirements below. If you are claiming this exemption, enter "0" on line 29 and check the box indicating which year the exemption is for. You will continue to be liable for the highest tax computed on lines 27, 28, or 30. Attach a

separate sheet covering all points listed below. If you do not supply the information, the exemption will be disallowed.
