

Instructions for Form CT-33-C

Captive Insurance Company Franchise Tax Return

Effective January 1, 1998, a special premiums tax is imposed, under section 1502-b of the Tax Law, on captive insurance companies licensed by the Superintendent of Insurance under Article 70 of the Insurance Law. Captive insurance companies are not subject to the taxes imposed by sections 1501 or 1510 of the Tax Law or to the metropolitan transportation business tax surcharge imposed by section 1505-a of the Tax Law.

The tax on captive insurance companies is based on gross direct premiums and assumed reinsurance premiums. However, in no event shall the tax be less than the required minimum tax of \$5,000. No tax credits are allowed against the tax imposed on captive insurance companies. Captive insurance companies are not permitted or required to file a combined return, and must compute their tax separately on Form CT-33-C.

Negative amounts — Show any negative amounts in parentheses.

Line A — Make your payment in United States funds. We will accept a foreign check or foreign money order only if payable through a United States bank or if marked **Payable in U.S. funds**.

Computation of tax and installment payments of estimated tax

Unless the captive insurance company can prove otherwise, we will assume that all its premiums on lines 1 through 8 are allocated to New York State and its issuer's allocation percentage is 100%. For a captive company to prove that less than 100% of its premiums are allocated to New York State and its issuer's allocation percentage is less than 100%, it must demonstrate that the premiums were taxed by another state.

Lines 1 through 4 — Four tax rates apply to gross direct premiums, as shown on lines 1 through 4 of this form. *Gross direct premiums* are defined in section 1510(c) of Article 33 of the Tax Law. Such premiums include total gross premiums, deposit premiums, and assessments, less returns thereon, on all policies, certificates, renewals subsequently canceled, insurance and reinsurance executed, issued, or delivered on property or risks located or resident in New York State. Such premiums also include premiums written, procured, or received in New York State on business that cannot be specifically allocated or apportioned and reported as taxable premiums, or which have not been used as a measure of tax of any other state or states. Also include special risk premiums written, procured, or received in New York State on risks located or resident in New York State. Do not include premiums on annuity contracts, ocean marine insurance, and policies issued under section 4236 of the Insurance Law. Also exempt from this tax are premiums on risks located outside the United States which were written, procured, or received in New York State.

The term *premiums*, as used in the previous paragraph, includes all amounts received as consideration for insurance or reinsurance contracts (other than for annuity contracts), and includes premium deposits, assessments, policy fees, membership fees, and separate costs assessed upon the captive insurance company's

CT-33-C-I (1999) (back)

policyholders, and every other compensation for such contract. In addition, *premiums* include any amount received by a captive insurance company as consideration for insurance provided to its parents and affiliated companies, in the case of a pure captive insurance company, and to the industrial insureds that comprise the industrial insured group, in the case of a group captive insurance company. The terms *pure captive insurance company*, *group captive insurance company*, *industrial insureds*, and *industrial insured group* are defined in section 7002 of the Insurance Law.

Deductions from gross direct premiums include:

A. Reinsurance premiums — When computing gross direct premiums you may deduct reinsurance premiums that have been received by way of reinsurance by corporations or other insurers authorized to transact business in New York State.

B. Dividends paid or credited — You may deduct dividends on direct premiums and unused or unabsorbed portions of premium deposits paid or credited to policyholders. This deduction does not include deferred dividends paid in cash to policyholders on maturing policies, or cash surrender values.

Lines 5 through 8 — Section 7010 of the Insurance Law explains the reinsurance business which may be performed by a captive insurance company. A captive insurance company may assume reinsurance on risks ceded by any other insurer when the risks ceded are solely those of the industrial insured or members of the industrial insured group owning the captive insurance company. Also, when it has the permission of the Superintendent of Insurance, a captive insurance company may assume risks of any insurer, provided the reinsurance premiums assumed do not exceed 50% of the gross premiums written by the captive insurance company in the calendar year.

Four rates apply to reinsurance premiums. Any reinsurance premiums deducted from gross direct premiums on lines 1 through 4 should be included and subjected to tax on lines 5 through 8.

Line 10 — Section 1502-b of the Tax Law imposes a minimum tax of \$5,000.

Line 12b — If you did not file Form CT-5, a mandatory first installment is required for the period following that covered by this return. Enter 25% of the tax shown on line 11.

Line 14 — Enter the total of all prepayments of estimated tax from line 27.

Line 17 — If you do not pay the tax due on or before the original due date (**without** regard to any extension of time for filing), you must pay interest on the amount of underpayment from the original due date to the date you paid (line 11 minus line 14). Exclude from the interest computation any amount shown on line 12a or 12b, first installment of estimated tax for next period.

Line 18 — Compute additional charges for late filing and late payments on the amount of tax less any payment made on or before the due date (**with** regard to any extension of time for filing) (line 11 minus line 14). Exclude from the penalty computation any amount shown on line 12a or 12b, first installment of estimated tax for next period.

- A. If you do not file a return when due or if the request for extension is invalid, add to the tax 5% per month up to 25% (section 1085(a)(1)(A)).
- B. If you do not file a return within 60 days of the due date, the addition to tax in item A above cannot be less than the smaller of \$100 or 100% of the amount required to be shown as tax (section 1085(a)(1)(B)).
- C. If you do not pay the tax shown on a return, add to the tax 1½% per month up to 25% (section 1085(a)(2)).

D. The total of the additional charges in items A and C above may not exceed 5% for any one month except as provided for in item B above (section 1085(a)).

If you think you are not liable for these additional charges, attach a statement to your return explaining reasonable cause for the delay (section 1085).

Note: If you wish, we will compute the interest (line 17) and penalty (line 18) for you. Call the Business Tax Information Center at 1 800 972-1233

Line 22 — Collection of debts from your refund — We will keep all or part of your refund if you owe past-due support or a past-due legally enforceable debt to the Internal Revenue Service (IRS) or to a New York State agency. This includes any state department, board, bureau, division, commission, committee, public authority, public benefit corporation, council, office, or other entity performing a governmental or proprietary function for the state or a social services district. We will refund any amount over your debt.

If you have any questions about whether you owe a past-due legally enforceable debt to the IRS or to a state agency, contact the IRS or that particular state agency.
