General information

Persons registered under Article 12-A of the Tax Law as **distributors of kero-jet fuel only** who are not required to file monthly tax returns must file this return. For those required to file monthly tax returns, use Form PT-100, *Petroleum Business Tax Return*.

If you are an exempt organization that has established its status as an exempt organization under section 1116(a) of the Tax Law, and any product that you import into New York State is consumed exclusively by you, then you are not subject to the Article 13-A tax on petroleum businesses (do not complete Form PT-202).

Kero-jet fuel is an unenhanced diesel product consisting basically of highly refined kerosene that is used as fuel in the fuel tanks of aircraft.
