

Instructions for Form IT-205

Fiduciary Income Tax Return

New York State • City of New York • City of Yonkers

General instructions

Who must file

The fiduciary of a **New York State resident** estate or trust must file a return on Form IT-205 if the estate or trust:

- is required to file a federal income tax return for the tax year;
- had any New York taxable income for the tax year;
- had tax preference items for minimum income tax purposes in excess of the specific deduction; or
- is subject to a separate tax on lump-sum distributions.

If the fiduciary of a **New York City resident** estate or trust is required to file a New York State fiduciary return, the New York City income tax liability is based on the same taxable income as for New York State tax purposes and must be reported on the state return as explained in the New York City instructions beginning on page 15.

If the fiduciary of a **Yonkers resident** estate or trust is required to file a New York State return, the Yonkers tax liability is based upon the New York State tax liability and must be reported on the state return as explained in the Yonkers instructions beginning on page 15.

The fiduciary of a **New York nonresident** estate or trust or part-year resident trust must file a return on Form IT-205 if the estate or trust:

- had income derived from New York State sources and had New York adjusted gross income;
- had tax preference items for minimum income tax purposes derived from or connected with New York State sources in excess of the specific deduction;
- is subject to a separate tax on lump-sum distributions; or
- incurred a net operating loss for New York State income tax purposes for the tax year without incurring a net operating loss for federal income tax purposes.

Income from New York State sources includes income or gains from:

- real or tangible personal property located in New York State;
- a business, trade, profession, or occupation carried on in New York State;
- services performed in New York State; and
- lottery winnings over \$5,000 won in the New York State lottery on or after October 1, 2000.

It does not include:

- annuities, interest, dividends, or gains from the sale or exchange of intangible personal property, unless they are part of the income from a business, trade, profession, or occupation carried on in New York State; or
- compensation received in respect of a nonresident decedent for active service in the military forces of the United States.

Form IT-205-A, *Fiduciary Allocation*, must be completed and attached to a Form IT-205 that is filed for (1) a nonresident estate or trust having income derived from New York State sources, (2) a part-year resident trust, or (3) a resident estate or trust with a New York State nonresident beneficiary (except as noted under *New York State forms to be filed* on this page). You can get Form IT-205-A at any office of the New York State Tax Department. See *Need help?* on page 21 for information on how to get forms.

If a **Yonkers nonresident estate** or trust has income from wages earned or net earnings from self-employment in Yonkers, the fiduciary of the estate or trust must complete Form Y-206, *City of Yonkers Nonresident Fiduciary Earnings Tax Return*, and attach the form to the New York State fiduciary return, Form IT-205.

New York State resident and nonresident estate and trust and part-year resident trust defined

For purposes of the **New York State** income tax, an estate is either (a) a resident estate or (b) a nonresident estate. A trust is either a resident trust, nonresident trust, or part-year resident trust. If a decedent was domiciled in New York State at the time of his or her death, his or her estate is a **resident estate** and any trust created by his or her will is a **resident trust**. If an irrevocable trust consists of property of a person domiciled in New York State when such property was transferred to the trust, it is a **resident trust**.

A resident trust meeting the following three conditions is **considered** a nonresident trust not required to file a New York State fiduciary return:

1. All the trustees are domiciled in a state other than New York;
2. The entire corpus of the trust, including real and tangible personal property, is located outside of New York State (it is the Tax Department's position that intangibles located in the state but that are not employed in a business carried on in the state are not deemed to be located in the state for purposes of this rule); and
3. All income and gains of the trust are derived from, or connected with, sources outside of New York State.

The term *resident trust* also includes (1) any revocable trust consisting of property of a person domiciled in New York State at the time such property was transferred to the trust if it has not later become irrevocable and (2) any revocable trust that has later become irrevocable if the trust consists of property of a person domiciled in New York State when it became irrevocable. For this purpose, a trust is revocable if it is subject to a power, exercisable immediately or at any future time, to revert title in the person whose property constitutes the trust. A trust becomes irrevocable when the possibility that such power may be exercised has ended.

A *nonresident estate or trust* means an estate or trust that is not a resident for any part of the year.

A *part-year resident trust* is a trust that meets the definition of resident or nonresident for only part of the year.

The residence of the fiduciary does not affect the status of an estate or trust as resident or nonresident.

Change of New York State residence of trust

If the person whose property constitutes a revocable trust has changed his or her domicile from or to New York State, between the time of transfer of the property to the trust and the time it becomes irrevocable, the residence of the trust will be deemed to have been changed at the date it ceases to be revocable. In that case the fiduciary must, for the tax year in which the change of status of the trust occurs, file Form IT-205-A.

The New York source income of a part-year resident trust is the sum of the following with adjustments for special accruals:

- the fiduciary's share of federal adjusted gross income for the period of residence, computed as if the tax year for federal income tax purposes were limited to the period of residence, and
- the fiduciary's share of New York source income for the period of nonresidence determined as if the tax year for federal income tax purposes were limited to the period of nonresidence.

New York State forms to be filed

Complete Forms IT-205 and IT-205-A for **New York State** resident and nonresident estates and trusts and part-year resident trusts, as follows:

1. **Resident estate or trust with resident beneficiaries only** — Complete all of Form IT-205 and attach a copy of federal Schedule K-1 for each beneficiary.
2. **Resident estate or trust with any nonresident beneficiaries**
 - Complete all of Form IT-205 and attach a copy of federal Schedule K-1 for each beneficiary.
 - Report in Schedule C of Form IT-205 the names and addresses of all beneficiaries, both resident and nonresident, to whom income is distributable, whether or not the income is taxable to the nonresident beneficiaries.
 - Complete Schedules 2, 3, and 4 of Form IT-205-A and any of Schedules 5, 6, 7, and 8 of Form IT-205-A that apply, unless **none** of the income distributable to the nonresident beneficiaries is derived from **New York State** sources. In this case, Form IT-205-A does not need to be completed even though **other** income is distributable to nonresident beneficiaries. If Form IT-205-A is not required because of the above, include a statement indicating this with Form IT-205.

3. Nonresident estate or trust and part-year resident trust with resident or nonresident beneficiaries

- Complete items A, B, and C, line 1 and lines 9 through 42 on the front page, and Schedules B and C on the back page of Form IT-205.
- Complete Schedules 1, 2, 3, and 4 of Form IT-205-A.
- Complete any of Schedules 5, 6, 7, and 8 of Form IT-205-A that apply.
- Complete and attach Form IT-182, *Passive Activity Loss Limitations*, if the estate or trust had passive activity losses.

4. Special rule if entire income is taxable to fiduciary — If all of the income of the estate or trust is taxable to the fiduciary for the 2003 tax year, no entries are required in Schedule C of Form IT-205.

Form IT-220, Minimum Income Tax — This is a tax on tax preference items. If the estate or trust has total tax preference items in excess of the allowable specific deduction, Form IT-220 is to be filed with Form IT-205. Items of tax preference that fiduciaries report on Form IT-220 are to be taken from federal Form 1041, Schedule I, *Alternative Minimum Tax*. The specific deduction is that percentage of \$5,000 (not to exceed \$5,000) which the total tax preference items (and related modifications) apportioned to the estate or trust is to the total tax preference items (and related modifications) of the estate or trust but without any apportionment between the estate or trust and the beneficiaries.

Form IT-230, Separate Tax on Lump-Sum Distributions — If the estate or trust is a recipient of a lump-sum distribution from a qualified retirement plan, compute this separate tax on the ordinary income portion using the New York forward averaging method on Form IT-230.

New York State tax returns for individuals Every fiduciary in charge of an individual's entire income (for example, a guardian or committee for an incompetent person) must file a return (1) for a resident individual, on the appropriate individual resident form (**Form IT-100, Resident Fast Form Income Tax Return, cannot be filed**) if a federal income tax return is required to be filed for the tax year or if the individual has federal adjusted gross income for the tax year, increased by the modifications under section 612(b), in excess of \$4,000 or in excess of his or her New York standard deduction, if lower; or (2) for a nonresident individual on Form IT-203, *Nonresident and Part-Year Resident Income Tax Return*, if the individual has income from New York sources and the nonresident individual's New York adjusted gross income (*Federal amount* column) is more than his or her New York standard deduction. In these cases, the fiduciary must pay the tax due. Returns are also required if, for minimum income tax purposes, a resident individual has tax preference items in excess of the specific deduction or if a nonresident individual has tax preference items derived from or connected with New York State sources in excess of the specific deduction, or is subject to a separate tax on the ordinary income portion of a lump-sum distribution.

Tax returns for decedents — A return must be filed by the executor, administrator, or other representative of a taxpayer who died during the tax year. Use the form that would have been appropriate had the taxpayer lived. However, Form IT-100 **cannot** be filed. (See *New York State tax returns for individuals*, above, for requirements for filing.)

Form ET-90, New York State Estate Tax Return — For estates of decedents whose date of death is after May 25, 1990, and before February 1, 2000.

New York residents — The estate of every individual whose date of death was prior to February 1, 2000, and who was a resident of New York State at the time of death (including a person who is deemed to be a United States citizen when determining resident status for New York estate tax purposes) must file a New York State estate tax return with the Tax Department if the aggregate of the New York adjusted gross estate and New York adjusted taxable gifts is equal to or greater than the following amounts:

For estates of individuals whose date of death was on or after May 26, 1990, and before June 10, 1994 - \$108,333.

For estates of individuals whose date of death was on or after June 10, 1994, and before October 1, 1998 - \$115,000.

For estates of individuals whose date of death was on or after October 1, 1998, and before February 1, 2000 - \$300,000.

New York nonresidents — The estate of every individual whose date of death was prior to February 1, 2000, and who was not a resident of New York State at the time of death (including a nonresident who is not a citizen of the United States) must file a New York State estate tax return with the Tax Department if the aggregate of the New York adjusted gross estate, computed as if a resident (all property, wherever located), and the New York adjusted taxable gifts is equal to or greater than the amounts listed above for a resident, and the estate includes real property or tangible personal property having an actual situs in New York State.

Form ET-706, New York State Estate Tax Return (for an estate of a decedent whose date of death is on or after February 1, 2000, and before January 1, 2004)

New York residents — The estate of every individual whose date of death is on or after February 1, 2000, and before January 1, 2004, and who was a resident of New York State at the time of death must file a New York State estate tax return if the estate is required to file a federal estate tax return, Form 706.

New York nonresidents — The estate of an individual whose date of death is on or after February 1, 2000, and before January 1, 2004, and who was **not** a resident of New York State at the time of death must file a New York State estate tax return if the estate includes real or tangible personal property having an actual situs in New York State, and the estate is required to file a federal estate tax return, either federal Form 706 or Form 706-NA.

Exempt trusts

A trust that is taxable as a corporation for federal income tax purposes is exempt from New York State personal income tax under Article 22. A trust that, by reason of its purposes or activities, is exempt from federal income tax is exempt from tax under Article 22 (regardless of whether it is subject to federal and state income tax on unrelated business taxable income).

When to file

For calendar-year filers, the filing deadline is April 15, 2004. For returns filed for a period other than the calendar year, the due date is the 15th day of the fourth month following the close of the tax year.

The New York State filing deadline for a nonresident alien's estate or trust is the same as for federal purposes.

Note: The 2003 Form IT-205 may also be used for a tax year beginning in 2004 if:

1. The estate or trust has a tax year of less than 12 months that begins and ends in 2004; **and**
2. The 2004 Form IT-205 is not available by the time the estate or trust is required to file its tax return. However, the estate or trust must show its 2004 tax year on the 2003 Form IT-205, and incorporate any Tax Law changes that are effective for tax years beginning after December 31, 2003.

Extension of time to file

If the estate or trust cannot meet the filing deadline, ask for an extension of time by filing Form IT-370-PF, *Application for Automatic Extension of Time to File for Partnerships and Fiduciaries*. The time to file will be automatically extended for three months if the estate or trust files Form IT-370-PF on time and, if required, pays the tax the estate or trust owes with Form IT-370-PF.

Extension requests may also be filed via the internet; access the Tax Department's Web site for information or to submit an extension request at www.nystax.gov

If the trust expects to receive a refund or anticipates having no amount of New York State, New York City, or Yonkers income tax remaining unpaid as of the due date of the return and is filing federal Form 8736 to extend the time to file its federal return, the trust can also use a copy of its Form 8736 to extend the time to file its New York State return instead of filing Form IT-370-PF. Write **NY State Copy** in the top margin and mail to: Extension Request - NR, PO Box 15105, Albany NY 12212-5105.

If you use a delivery service other than the U.S. Postal Service to file an extension, use the private delivery address shown in the instructions for filing Form IT-370-PF.

We will **not** accept a copy of federal Form 2758 for an automatic extension of time to file because of the difference in time of extensions. Estates filing federal Form 2758 must request an extension of time to file the New York State return on Form IT-370-PF.

However, the estate or trust may file Form IT-372-PF, *Application for Additional Extension of Time to File for Partnerships and Fiduciaries*, on or before the expiration of the automatic three-month extension of time to file to ask for an additional extension of time to file Form IT-205, or upon the timely filing of an approved federal Form 2758 granting an additional extension of time to file for federal purposes, an additional extension of time to file the New York fiduciary income tax return will be allowed to the date on the approved federal Form 2758. In addition, trusts may submit an approved copy of federal Form 8800 before the expiration of the automatic three-month extension of time to file.

Where to file

Mail your return to:

**STATE PROCESSING CENTER
PO BOX 61000
ALBANY NY 12261-0001.**

If you use a delivery service other than the U.S. Postal Service, see *Private delivery services* on page 21.

Electronic filing

You can electronically file your New York State fiduciary income tax return through the federal/state e-filing program. For information on e-filing Form IT-205, see Publication 90, *New York State Handbook for E-filers of Fiduciary Income Tax Returns*.

Estimated income tax payments

Generally, a trust or estate must pay estimated income tax if it expects to owe, after subtracting any withholding and credits, at least \$300 of New York State, New York City, or Yonkers income tax for 2004 and it expects the withholding to be less than:

1. 90% of the tax shown on the 2004 tax return, or
2. 100% of the tax shown on the 2003 tax return (110% of that amount if the estate's or trust's New York adjusted gross income on that return is more than \$150,000, and less than $\frac{1}{2}$ of the total federal gross income for 2003 or 2004 is from farming or fishing).

However, if the estate or trust did not file a 2003 tax return or that return did not cover all 12 months, item 2 above does not apply.

Estates (and any trusts that were treated as owned by the decedent and that received the residue of a decedent's estate under the will, or if no will is admitted to probate, were primarily responsible for paying debts, taxes, and other expenses of administration) are exempt from paying estimated income tax payments for the tax year of the decedent's death and the following tax year.

Exceptions — Generally, the estate or trust will not have to pay estimated tax if its 2004 income tax return will show (1) a tax refund, or (2) a tax balance due of less than \$300 for New York State, New York City, or Yonkers.

Use Form IT-2105, *Estimated Income Tax Payment Voucher*, and instructions, Form IT-2105-1-F, to determine and pay any amount of estimated tax required.

Payments of estimated tax treated as paid by the beneficiary (section 685(c)(6)(D) or (F) election, as applicable) — Fiduciaries of both estates and trusts that pay estimated tax may elect to have any portion of estimated tax payments allocated to any of the beneficiaries. Fiduciaries making this election must file Form IT-205-T, *Allocation of Estimated Tax Payments to Beneficiaries*, to show the allocation of any estimated tax payment among the beneficiaries. **Note:** The fiduciary of an estate may make a section 685(c)(6)(F) election only for the last tax year of the estate. Amounts applied to each beneficiary should be reported on Form IT-205-T. Be sure to copy the name, address, and employer identification number of the estate or trust exactly as reported on Form IT-205. Amounts applied to each beneficiary are treated as paid or credited to the beneficiary on the last day of the fiduciary's tax year and treated as a payment of estimated tax made by the beneficiary that would otherwise be due January 15, 2004. The fiduciary may make the election only if the Form IT-205-T is filed on or before the 65th day after the close of the fiduciary's tax year. An extension of time to file Form IT-205 does not extend the filing deadline for Form IT-205-T.

Signature area

Sign and date Form IT-205 at the bottom. The return cannot be processed if it is not signed.

Enter the daytime telephone number including the area code. While this telephone number is not required, this voluntary entry will enable the Tax Department to correct minor errors or omissions by calling rather than writing or sending back the return.

Keep a copy of the return and any attachments for future reference. If someone prepares the return for the estate or trust, be sure to get a copy for the estate or trust records.

Third-party designee

If you want to authorize a friend, family member, or any other person (third-party designee) you choose to discuss your 2003 tax return with the New York State Tax Department, check the *Yes* box in the *Third-party designee* area of your return. Also, enter the designee's name, phone number, and any five numbers the designee chooses as his or her personal identification number (PIN). If you want to authorize the paid preparer who signed your return to discuss it with the Tax Department, just enter **Preparer** in the space for the designee's name. You do not have to provide the other information requested.

If you check the *Yes* box, you are authorizing the Tax Department to discuss with the designee any questions that may arise during the processing of your return. You are also authorizing the designee to:

- give the Tax Department any information that is missing from your return,
- call the Tax Department for information about the processing of your return or the status of your refund or payment(s), and
- respond to certain Tax Department notices that you shared with the designee about math errors, offsets, and return preparation. The notices will not be sent to the designee.

You are not authorizing the designee to receive any refund check, bind you to anything (including any additional tax liability), or otherwise represent you before the Tax Department. If you want the designee to perform those services for you, you must file Form POA-1, *Power of Attorney*, making that designation with the Tax Department. Copies of statutory tax notices or documents (such as *Notice of Deficiency*) will only be sent to your designee if you file Form POA-1.

The third-party designee authorization cannot be revoked. However, the authorization will automatically end on the due date (without regard to extensions) for filing your 2004 tax return. For most taxpayers the due date will be April 15, 2005.

Paid preparers — Anyone you pay to prepare your return must sign it and fill in the other information in the paid preparer's area of your return. The preparer required to sign your return must sign it by hand; signature stamps or labels are not acceptable. If someone prepares your return and does not charge you, that person should not sign it.

Note to paid preparers — When signing a taxpayer's New York State income tax return, you must enter the same identification number that you used on the taxpayer's federal return, enter either your social security number or

your federal preparer tax identification number (PTIN). If you did not prepare a federal income tax return for the taxpayer, you must use your PTIN if you have one; otherwise, use your social security number.

Paid preparers may be subject to a penalty for failure to conform to certain requirements. (See below.)

Special depreciation — Section 612(g) of the Tax Law

The estate or trust may elect to deduct depreciation not in excess of twice that allowed for federal purposes on certain property acquired before 1969. (See Form IT-211-I, *Instructions for Form IT-211, Special Depreciation Schedule*.)

Payments for charitable purposes — effect on fiduciary adjustment

The fiduciary adjustment determined as required in Schedule B of Form IT-205 does not include the modifications under paragraphs (1) and (2) of section 612(b) and paragraphs (1), (2), (4), (5), (6), and (7) of section 612(c) of the Tax Law with respect to any amount paid or set aside for a charitable purpose during the tax year. (See instructions for Schedule B on page 9.)

Accumulation distribution credit

A beneficiary whose New York source income includes an accumulation distribution from a trust is allowed a tax credit on his or her New York State individual income tax return for the income tax previously paid by the trust attributable to the accumulation distribution. The credit may not reduce the beneficiary's tax to an amount less than would have been due if the accumulation distribution were excluded from New York adjusted gross income or New York source income. (See Tax Law sections 621 and 635.)

If an accumulation distribution has been made, attach a copy of federal Schedule J (Form 1041) to the return of the trust and a statement showing the computation of the credit claimed with respect to each beneficiary involved.

Use of federal figures

Income and deductions are to be entered as reportable for federal income tax purposes.

However, all items reported on Form IT-205 or on statements or schedules attached are subject to audit and revision by the Department of Taxation and Finance.

Whole dollar amounts

You may round all money items on your return to the nearest dollar. For example, round \$10.49 to \$10; round \$10.50 to \$11. If you round to the nearest dollar, round for all amounts.

Penalties

The law imposes penalties for failing to file a return or pay any tax when due, for making a false or fraudulent return, or for making a false certification. A penalty may be charged for not paying enough estimated tax or for not making the payments on time.

Requirements for paid preparers

A penalty of \$50 per return or claim for refund will be assessed a paid preparer for failure to comply with any of the following requirements:

J New business investment; deferral recognition — If in any tax year beginning on or after January 1, 1982, and before 1988, the estate or trust chose to subtract all or a portion of a long term capital gain from federal taxable income because that amount had been reinvested in a new New York business, and if that reinvestment was sold in 2003, then include as an addition on line 2 the amount that had previously been subtracted.

K Deductions attributable to safe harbor leases (such a lease is a financial arrangement between either a corporation, partnership, or certain grantor trusts and a person, firm, estate, or trust to acquire and use an asset; the arrangement is allowed for federal tax purposes, but is not allowed for state tax purposes unless it involves mass transit vehicles) — If, in figuring the federal taxable income of the estate or trust, they took deductions attributable to a safe harbor lease (except for mass transit vehicles) made under an election provided for by IRC section 168(f)(8) as it was in effect for agreements entered into prior to January 1, 1984, then include those deductions as an addition on line 2 and see L below.

Amount that was included in federal income because the IRC 168(f)(8) election was made — If an amount was included in federal taxable income (except for mass transit vehicles) solely because the safe harbor election was made on the federal return of the estate or trust for agreements entered into before January 1, 1984, then include that amount as a subtraction on line 2.

L Safe harbor leases; election for qualified leased property (see K above for a definition of safe harbor leases) — If the estate's or trust's financial matters in 2003 involved a safe harbor lease (except for mass transit vehicles) made under an election provided for by IRC section 168(f)(8) as it was in effect for agreements entered into prior to January 1, 1984, then the estate or trust must include as an addition on line 2 the income that they would have included in their federal taxable income if such an election had not been made.

Amount that could have been excluded from federal taxable income had the IRC 168(f)(8) election not been made — If an amount could have been excluded from federal taxable income (except for mass transit vehicles) had the safe harbor election not been made on the federal return of the estate or trust for agreements entered into before January 1, 1984, then the estate or trust must include that amount as a subtraction on line 2.

M Accelerated cost recovery system (ACRS) deduction — New York State does not allow ACRS depreciation for property placed in service inside or outside New York State during tax years 1981, 1982, 1983, and 1984. The estate or trust must figure its New York depreciation by using one of the methods provided for in IRC section 167 as it was in effect on December 31, 1980 (such as straight line, declining balance, etc.).

For property (except for property classified as IRC section 280F property) placed in service outside New York State for tax years beginning after 1984 but before 1994, New York did not allow ACRS or MACRS depreciation under IRC section 168. Instead, New York allowed the depreciation deduction that would have been allowed under IRC section 167 as it was in effect on December 31, 1980.

However, if the estate or trust claimed ACRS depreciation on its federal return for property not classified as IRC section 280F property and that property was placed in service outside New York State in tax years beginning after December 31, 1984, but before January 1, 1994 (including property on which ACRS depreciation was figured in accordance with the Federal Tax Reform Act of 1986), then the estate or trust may:

- continue using the pre-1981 IRC section 167 depreciation on that property, making the applicable depreciation addition and subtraction, or
- choose to switch to the IRC section 168 depreciation deduction.

An estate or trust choosing to switch to the IRC section 168 depreciation deduction is no longer responsible to make the New York depreciation addition and subtraction adjustments, since the estate or trust will now be allowed to claim the same depreciation as was claimed on the federal tax return for property placed in service outside New York State in tax years 1985 through 1993. If the estate or trust switches to IRC section 168 depreciation, the estate or trust must use IRC section 168 depreciation from this tax year forward, and must use it for all subject property owned by the estate or trust. For more information concerning this property, see TSB-M-99(1)I. This TSB-M is available on the Tax Department Web site at www.nystax.gov

If the estate or trust claimed ACRS depreciation on its federal return for:

- property placed in service during tax years 1981-1984 (other than 280F property), or
- property placed in service outside New York State during 1985-1993 (other than 280F property), and it elects to continue using IRC 167 depreciation,

then include on line 2 as an addition the amount that was deducted in figuring the federal taxable income.

N Accelerated cost recovery property; year of disposition adjustment — If the estate or trust disposed of property during 2003 that it depreciated for federal purposes using ACRS, then the estate or trust must complete Part II of Form IT-399, *New York State Depreciation Schedule*, to figure the amount to include as an addition, or subtraction on line 2, depending on the total federal ACRS deduction claimed being less than or more than the total NY depreciation claimed.

O Gain on property transferred to trust at less than fair market value — If a trust sells or exchanges property at a gain not more than two years after the date of the initial transfer of the property in trust by the transferor, and the fair market value of the property at the time of the initial transfer in trust by the transferor exceeds the adjusted basis of such property immediately after the transfer, then include as an addition on line 2 the amount of any includable gain, reduced by any allowable deductions to that gain, where tax was imposed by IRC section 644, relating to sales or exchanges occurring on or before August 5, 1997.

S Corporation shareholders: If the estate or trust is a shareholder in an S corporation, use the S corporation information in the Schedule B instructions to determine the

modification to be included on line 2 where S corporation income, loss, or deduction has been allocated to principal.

Line 4 Fiduciary's share of New York fiduciary adjustment — Enter on this line the total of the fiduciary's share of New York fiduciary adjustment from Form IT-205, Schedule C, column 5.

Line 6 — See schedule and worksheets on page 7.

Line 7 — Enter on line 7 the amount of New York State tax on the capital gain portion of the estate's or trust's lump-sum distribution from Form IT-230, Part II, line 2. Attach Form IT-230 to the fiduciary return (Form IT-205).

Line 9 Allocated New York State tax — Enter the amount from Form IT-205-A, Schedule 1, line 13, if a nonresident estate or trust or a part-year resident trust.

If the estate or trust used Form IT-230, Part II, to figure the tax on the capital gain portion of the estate's or trust's lump-sum distribution, check the box at line 9. Attach Form IT-230 to the fiduciary return.

Line 10 State credits — Enter on this line the total of state credits allowable under sections 606 (except for the household credit, earned income credit, real property tax credit, college tuition credit, child and dependent care credit, solar electric generating equipment credit, and fuel cell electric generating equipment credit), 620, 621, and 635 of the Tax Law, except for the investment credit refund. See the instructions for Form IT-212, *Investment Credit*, and include the investment credit refund on line 33. The credit provided for under section 620-A is allowed only against the state separate tax on lump-sum distributions entered on line 12.

Line 11 Resident estate or trust: Subtract line 10 from line 8. Enter the result on line 11. **Nonresident estate or trust or part-year resident trust:** Subtract line 10 from line 9. Enter the result on line 11.

Line 12 State separate tax on lump-sum distributions and other add-backs — Enter the amount of any separate tax on lump-sum distributions due from Form IT-230 (attach form). If the credit under section 620-A is claimed, enter the amount of separate tax on lump-sum distributions due after allowance of the credit and attach Form IT-112.1, *New York State Resident Credit Against Separate Tax on Lump-Sum Distributions*. Also enter on this line any amount of add-back of the following credits:

- investment credit on early dispositions
- empire zone (EZ) investment credit on early dispositions
- resident credit for taxes paid to a province of Canada
- alternative fuels credit on early dispositions (for trusts only)
- farmers' school tax credit on early dispositions
- investment credit - financial services industry - on early dispositions
- EZ investment - financial services industry - on early dispositions
- EZ capital tax credit recapture
- qualified emerging technology company (QETC) capital tax credit on early dispositions

New York State tax rate schedule (for line 6)

If the amount on line 5 is:

over	but not over	Enter on line 6	
\$ 0	\$ 8,000	4%	of amount on line 5
8,000	11,000	\$320 plus 4.5%	of amount over \$8,000
11,000	13,000	455 plus 5.25%	" " " 11,000
13,000	20,000	560 plus 5.9%	" " " 13,000
20,000	100,000	973 plus 6.85%	" " " 20,000
100,000	500,000	6,453 plus 7.5%	" " " 100,000
500,000		36,453 plus 7.7%	" " " 500,000

Line 6 New York State tax

NYAGI worksheet

Complete New York adjusted gross income (NYAGI) worksheet as follows:

1. Enter federal adjusted gross income (as computed using federal Form 1041, line 15b instructions allowable miscellaneous deductions) 1. _____
2. Enter amount from Form IT-205, line 2 2. _____
3. Enter the net amount of the fiduciary share of additions and subtractions from Form IT-205, Schedule B, lines 63 through 69, that relate to the income reported on Form IT-205, Schedule A, lines 43 through 50 3. _____
4. Add lines 2 and 3 4. _____
5. New York adjusted gross income (line 1 and add or subtract line 4; enter here and on Form IT-205, front page, Item B) 5. _____

Tax computation

- If line 5 above is \$100,000 or less, find your New York State tax on the amount on Form IT-205, page 1, line 5 using the *New York State tax rate schedule* above. Enter the tax amount on Form IT-205, line 6.
- If line 5 above is more than \$100,000, but not more than \$150,000, and the estate's or trust's taxable income from line 5 of Form IT-205 is \$100,000 or less, you must compute your tax using *Tax computation worksheet I* below.
- If line 5 above is more than \$100,000, but not more than \$150,000, and the estate's or trust's taxable income from line 5 of Form IT-205 is more than \$100,000, you must compute your tax using *Tax computation worksheet IA* below.
- If line 5 above is more than \$150,000, but not more than \$500,000, and the estate's or trust's taxable income from line 5 of Form IT-205 is \$100,000 or less, you must compute your tax using *Tax computation worksheet II* below.
- If line 5 above is more than \$150,000, but not more than \$500,000, and the estate's or trust's taxable income from line 5 of Form IT-205 is more than \$100,000, you must compute your tax using *Tax computation worksheet III* below.
- If line 5 above is more than \$500,000, you must compute your tax using *Tax computation worksheet IV* below.

Tax computation worksheet I

1. Enter the amount from line 5 above 1. _____
2. Enter your taxable income from Form IT-205, line 5 2. _____
3. Multiply line 2 by 6.85% (.0685) 3. _____
4. Enter your New York State tax on the line 2 amount using the *New York State tax rate schedule* above 4. _____
5. Subtract line 4 from line 3 5. _____
6. Enter the excess of line 1 over \$100,000 (cannot exceed \$50,000) 6. _____
7. Divide line 6 by \$50,000 and round the result to the fourth decimal place (cannot exceed 1.0000) ... 7. _____
8. Multiply line 5 by line 7 8. _____
9. Add lines 4 and 8 (enter here and on Form IT-205, line 6) 9. _____

Tax computation worksheet IA

1. Enter the amount from *NYAGI worksheet*, line 5 above 1. _____
2. Enter your taxable income from Form IT-205, line 5 2. _____
3. Enter your New York State tax on the line 2 amount above from the *New York State tax rate schedule* above 3. _____
4. Enter \$397 on line 4 4. _____
5. Enter the excess of line 1 over \$100,000 (cannot exceed \$50,000) 5. _____
6. Divide line 5 by \$50,000, and round the result to the fourth decimal place (cannot exceed 1.0000) 6.

--	--	--	--	--	--	--	--	--	--
7. Multiply line 4 by line 6 7. _____
8. Add lines 3 and 7. Enter here and on Form IT-205, line 6 8. _____

Tax computation worksheet II

1. Enter your taxable income from Form IT-205, line 5 1. _____
2. Multiply line 1 by 6.85% (.0685) (enter here and on Form IT-205, line 6) 2. _____

Tax computation worksheet III

1. Enter the amount from *NYAGI worksheet*, line 5 1. _____
2. Enter your taxable income from Form IT-205, line 5 2. _____
3. Multiply line 2 by 7.5% (.075) 3. _____
4. Enter your New York State tax on the line 2 amount above from the *New York State tax rate schedule* above 4. _____
5. Subtract line 4 from line 3 5. _____
6. Enter \$397 on line 6 6. _____
7. Subtract line 6 from line 5 7. _____
8. Enter the excess of line 1 over \$150,000 (cannot exceed \$50,000) 8. _____
9. Divide line 8 by \$50,000, and round the result to the fourth decimal place (cannot exceed 1.0000) 9.

--	--	--	--	--	--	--	--	--	--
10. Multiply line 7 by line 9 10. _____
11. Enter amount from line 6 11. _____
12. Add lines 4, 10, and 11. Enter here and on Form IT-205, line 6 12. _____

Tax computation worksheet IV

1. Enter your taxable income from Form IT-205, line 5 1. _____
2. Multiply line 1 by 7.7% (.077). Enter here and on Form IT-205, line 6 2. _____

- qualified empire zone enterprise (QEZE) credit for real property taxes.
- low-income housing credit

Addbacks worksheet

1. Total addback credits	1. _____
2. Amount entered on line 10	2. _____
3. Amount entered on line 8 or 9	3. _____
4. Subtract line 3 from line 2 (if zero or less, enter 0)	4. _____
5. Subtract line 4 from line 1 (if zero or less, enter 0)	5. _____
6. Enter separate tax on lump-sum distributions (see line 12 instructions)	6. _____
7. Add lines 5 and 6 and enter the total on line 12	7. _____

Note: Complete this worksheet **only** if you have any of the addbacks listed above in order to determine the amount to enter on line 12.

Line 13 State minimum income tax —

Enter the amount of any minimum income tax due from Form IT-220 and attach form. Items of tax preference that fiduciaries report on Form IT-220 are to be taken from federal Form 1041, Schedule I, *Alternative Minimum Tax*.

Line 14 — Add lines 11, 12, and 13; if the result is less than zero, enter "0"; do not enter a negative number.

Lines 15a through 24 City of New York taxes and credits — These lines refer only to New York City taxes and credits. General and specific instructions for these lines are on pages 15 and 16.

Lines 25, 26, and 27 City of Yonkers taxes — These lines refer only to Yonkers tax. General and specific instructions for these lines are on pages 15 and 16.

Line 28 Sales or use tax — Enter sales or use tax due. See *Sales and use tax* on pages 17 through 20.

Line 29 — Add lines 14 and 23 through 28; if the result is less than zero, enter "0", do not enter a negative number.

Line 30 — Enter estimated tax payments. Also enter the amount you paid with Form IT-370-PF, *Application for Automatic Extension of Time to File for Partnerships and Fiduciaries*. In addition, include any amounts paid by or on behalf of the estate or trust based on the sale of real property located in New York State. If the amount does not agree with the account statement included in your estimated tax packet, complete Form IT-2105.1, *Reconciliation of Estimated Income Tax Account*, and fax or mail it **immediately** to the fax number or address shown in its instructions.

Line 31 — If the fiduciary makes the election under section 685(c)(6)(D) or (F) to have any portion of an estimated tax payment treated as a payment of estimated tax made by a beneficiary or beneficiaries, enter the amount on line 31.

The estimated tax payment allocated to beneficiaries is treated as having been distributed on the last day of the preceding tax year. If the election is made, Form IT-205-T

must be filed on or before the 65th day after the close of the fiduciary's tax year.

Form IT-205-T, *Allocation of Estimated Tax Payments to Beneficiaries*, shows the amounts to be allocated to each beneficiary. Failure to file Form IT-205-T on or before March 6, 2004, will result in an invalid election. For more information, see the instructions for Form IT-205-T. Attach Form IT-205-T to your return only if you are making the section 685(c)(6)(D) or (F) election, as applicable, with Form IT-205. If you have already filed Form IT-205-T, **do not** attach a copy to your return.

Line 33 Refundable credits — If the estate or trust is claiming a refund of one or more of the refundable credits listed below, identify each credit being claimed and its amount in the box labeled *Identify* on line 33, and include the amount(s) of the refundable credit(s) in the total for line 33. If you need more room, make a list showing each credit and its amount and attach the list to your fiduciary return.

- Investment credit refund (ICR) from Form IT-212
- Farmers' school tax credit from Form IT-217
- Investment credit - financial services industry refund from Form IT-252
- Empire zone wage tax credit (EZ-WTC) from Form IT-601
- Zone equivalent area wage tax credit (ZEA-WTC) from Form IT-601.1
- Empire zone investment and employment incentive tax credit (EZ-ITC) from Form IT-603
- Empire zone investment tax credit - financial services industry from Form IT-605
- Qualified emerging technology company employment credit (QETC-EC) from Form DTF-621
- Industrial or manufacturing business credit (IMB) from Form DTF-623
- Qualified empire zone enterprise (QEZE) credit for real property taxes from Form IT-604
- Total New York State, city of New York, and city of Yonkers claim of right credits from Form IT-257

Line 34 New York State tax withheld — Enter any amount of New York State tax withheld as shown on a decedent's wage and tax statement(s), federal Form W-2, received by the estate or trust. Staple any wage and tax statement(s), federal Form W-2 (Copy 2), to this return. If New York State tax was withheld from New York State lottery distributions, staple Copy 2 of federal Form W-2G to this return.

Line 35 City of New York tax withheld — Enter any amount of New York City tax withheld on a decedent's wage and tax statement(s), federal Form W-2, received by the estate or trust. Staple any wage and tax statement(s), federal Form W-2 (Copy 2), to this return. If New York City tax was withheld from New York State lottery distributions, staple Copy 2 of federal Form W-2G to this return.

Line 36 City of Yonkers tax withheld — Enter any amount of Yonkers tax withheld on a decedent's wage and tax statement(s), federal Form W-2, received by the estate or trust.

Staple any wage and tax statement(s), federal Form W-2 (Copy 2), to this return. If Yonkers tax was withheld from New York State lottery distributions, staple Copy 2 of federal Form W-2G, *Certain Gambling Winnings*, to this return.

Lines 38 through 41 — The New York State, New York City, and Yonkers income tax liabilities are combined into a single amount of tax due or overpayment on Form IT-205. One check will be issued for the amount of a refund due, or the overpayment (or part of it) may be credited to the estate's or trust's 2004 estimated income taxes. If it is credited to 2004 estimated taxes, the credit may not be changed after April 15, 2004.

If the combined amount of state, New York City, and Yonkers tax liability results in a balance due, attach one check or money order payable to **NY State Income Tax** to the fiduciary return when filed. A balance due of more than one dollar must be paid with your return. It is not necessary to pay a balance due of one dollar or less.

An overpayment of more than one dollar will be refunded automatically. An overpayment of one dollar or less will be refunded only if requested in a separate signed statement attached to the return.

Line 42 Estimated tax penalty — If line 41 is at least \$300 and represents more than 10% of the tax shown on the fiduciary return, or the fiduciary underpaid its estimated tax liability for any payment period, the fiduciary may owe a penalty. However, the fiduciary may not be subject to a penalty if its 2003 prepayments equal at least 100% of its 2002 tax, 110% of the amount if the estate's or trust's New York adjusted gross income on that return is more than \$150,000, and less than two-thirds of the total federal gross income for 2002 or 2003 is from farming or fishing (based upon a return covering 12 months and the tax shown on the estate's or trust's 2002 return must be recomputed using 2003 tax rates and rules). Obtain Form IT-2105.9, *Underpayment of Estimated Tax by Individuals and Fiduciaries*, to see if the estate or trust owes a penalty and to figure the amount. The estimated tax penalty will apply to most trusts. It will also apply to estates (and certain grantor trusts that receive the residue of the decedent's estate under the decedent's will) with respect to any tax year ending two or more years after the date of death of the decedent. If the estate or trust owes a penalty, enter the amount on line 42 and attach Form IT-2105.9 to Form IT-205. This penalty will either reduce the overpayment or increase the amount you owe. For more information, see the instructions for Form IT-2105.9.

Do not include any other penalty or interest amounts on line 42. If the estate or trust includes penalties or interest with the payment, identify them and enter these amounts in the area to the right of the entry boxes.

Note: You may compute the interest and penalty by accessing our Web site at

www3.tax.state.ny.us/PAIC/PAICHomeServlet or you may call 1 800 225-5829, and we will compute the interest and penalty for you.

Schedule A

Federal taxable income of fiduciary

Lines 43 through 62 of Schedule A are similar to the lines of the schedule on page 1 of federal Form 1041. Enter on each applicable line of Schedule A the amount reported on that federal schedule. If a capital gain or loss is reported on line 46, attach a copy of federal Schedule D and any related schedules. Instead of completing Schedule A, you may attach a copy of federal Form 1041.

Attach a copy of federal Schedule K-1 (Form 1041) for each beneficiary.

Schedule B

New York fiduciary adjustment

This schedule is used for computing the New York fiduciary adjustment, which is then allocated among the estate or trust and its beneficiaries in Schedule C. The additions and subtractions enumerated in Schedule B of Form IT-205 and in the instructions for lines 64, 65, and 68 that relate to items of income, gain, loss, or deduction of the estate or trust, constitute the fiduciary adjustment under section 619 of the Tax Law. However, the additions and subtractions for lines 63 and 67 of Schedule B and those described for line 65, item A-1 and for line 68, items S-2, S-4, S-5, S-12 (property that had a higher adjusted basis for New York State income tax purposes than for federal tax purposes on December 31, 1959, or on the last day of a fiscal year ending during 1960), and S-13 need not be made with respect to any amount paid or set aside for charitable purposes. (See *Payments for charitable purposes - effect on fiduciary adjustment* on page 3.)

S corporation shareholders

If the estate or trust is a shareholder of a federal S corporation for which the election to be a New York S corporation was in effect for the tax year, include any of the following additions and subtractions that apply to the estate's or trust's share of S corporation items of income, loss, or deduction, plus the addition required by section 612(b)(18) of the Tax Law. If the election to treat the corporation as a New York S corporation terminated during the tax year, the estate or trust must allocate the additions and subtractions. Obtain the estate's or trust's share of S corporation items of income, loss, and deduction from the S corporation.

If the estate or trust is a shareholder of an S corporation that was eligible to make the election to be a New York S corporation for the tax year but did not make the election, include only those additions required by sections 612(b)(19) and 612(b)(20) and the subtraction required by section 612(c)(22) of the Tax Law.

If the estate or trust was not eligible to make the election to treat its corporation as a New York S corporation because the corporation was not subject to Article 9-A franchise tax, include any of the following additions and subtractions that apply to estate's or trust's pro rata share of S corporation items of income, loss, or deduction.

If the estate or trust had a gain or loss recognized on its federal income tax return because of the disposition of stock or indebtedness of an S corporation, **and if** that S corporation did **not** have an election to treat

the corporation as a New York S corporation in effect for any tax year beginning:

- after December 31, 1980, if taxable as a corporation under Article 9-A (General Business Corporation Franchise Tax) of the Tax Law, **or**
- after December 31, 1996, if taxable as a corporation under Article 32 (Banking Corporation Franchise Tax) of the Tax Law,

then include on line 65 the increase in basis of stock or indebtedness that is due to the application of IRC sections 1376(a) (as in effect for tax years beginning before January 1, 1983) and 1367(a)(1)(A) and (B) for each tax year that the New York election was **not** in effect **and** include on line 68 the reduction in basis of stock or indebtedness that is due to the application of IRC sections 1376(b) (as in effect for tax years beginning before January 1, 1983) and 1367(a)(2)(B) and (C) for each tax year that the New York election was **not** in effect.

Member of partnership

If the estate or trust has income as a member of a partnership, any of the additions or subtractions that apply to the income should be included in Schedule B of Form IT-205. The estate's or trust's share of the partnership items may be obtained from New York State Form IT-204, *Partnership Return*.

Beneficiary of another estate or trust

If the estate or trust is a beneficiary of another estate or trust, the share of the fiduciary adjustment of the other estate or trust to be included in Schedule B of Form IT-205 may generally be obtained from its fiduciary. Attach a schedule showing how the fiduciary adjustment was figured.

The estate or trust must make the additions and subtractions for the tax year of the S corporation, partnership, or estate or trust that ends within the estate's or trust's tax year, as discussed above.

Line 63 Interest income on state and local bonds other than New York — Enter any interest income on obligations of other states or political subdivisions of those states that the fiduciary received or that was credited to the fiduciary during 2003 that was not included in the fiduciary's federal adjusted gross income. This includes interest income on state and local bonds (but not those of New York State and local governments within the state), interest and dividend income on tax-exempt bond mutual funds, and tax-exempt money market funds that invest in obligations of states other than New York (section 612(b)(1) of the Tax Law).

Line 64 Income taxes deducted on federal fiduciary return — All state, local, and foreign income taxes including unincorporated business taxes deducted on the federal fiduciary return are to be added back on line 64 with the exception of state income taxes imposed upon or paid by the S corporation to another state, political subdivision of another state, or the District of Columbia.

Line 65 Other additions — Some additions that are not as common as those identified individually on Form IT-205 are reported on line 65 as *Other* additions. The requirements for these additions to federal taxable income are provided for in New York Tax Law sections 612(b) and 612(r).

Identify any of the following additions (on pages 9 through 11) that apply to the estate or trust by writing an item number (A-1 through A-20) and the amount of each addition in the *Identify* box on line 65. Enter the total amount of these other additions on line 65.

A-1 Investment income from certain obligations of U.S. government agencies or affiliations — Federal laws specifically exempt investment income from certain obligations of U.S. government agencies or affiliations from federal taxation but not from state taxation. **If**, during 2003, the estate or trust received or was credited with any interest or dividend income from any United States authority, commission, or instrumentality that federal laws exempt from federal income tax but do not exempt from state income tax, **then** include that income on line 65. If the estate or trust is uncertain whether a particular federal bond or obligation is subject to state income tax, contact the New York State Tax Department (see *Need help?* on page 21 of these instructions).

A-2 Interest expense on loans used to buy obligations exempt from New York State tax, amortized bond premium on bonds that are exempt from New York State tax, and other expenses relating to the production of income exempt from New York State tax

If the estate's or trust's federal taxable income includes a deduction for interest expense used to buy bonds, obligations, or securities whose interest income is taxable for federal purposes but is exempt from New York State tax, **then** include that interest expense on line 65.

If the estate's or trust's federal taxable income included a deduction for the amortization of bond premiums on bonds whose interest income is taxable for federal purposes but exempt from New York State tax, **then** include that amortized premium on line 65.

If the estate's or trust's federal taxable income included a deduction for expenses relating to the production of income that is taxable for federal purposes but exempt from New York State tax, **then** include that interest expense on line 65.

A-3 Percentage depletion — If the estate or trust claimed a deduction on its federal return for percentage depletion on mines, oil and gas wells, and other natural deposits, **then** include on line 65 the amount deducted in figuring its federal taxable income. Also see subtraction S-11 on page 12.

A-4 Special depreciation — If the estate or trust made an election for tax years beginning before 1987 for:

- special depreciation,
- research and development expenditures,
- waste treatment facility expenditures,
- air pollution control equipment expenditures, **or**
- acid deposition control equipment,

then include on line 65 the amount of depreciation or expenditures relating to these items that was deducted in determining its federal taxable income. Also see subtraction S-16 on page 13.

A-5 Sales or dispositions of assets acquired from decedents — In certain cases involving assets of decedents, the assets can acquire different bases for state and federal

tax purposes. In those cases, adjustments in the gains or losses on the sales or disposition of those assets must eventually be made.

If, during the tax year, there was a sale or other disposition of any stocks, bonds, property, or other assets that had been either inherited or sold or disposed of directly by the estate of a decedent, **and if** the estate of the decedent who left behind those assets was not large enough to require the filing of a federal estate tax return, **and if** the executor or administrator of that estate had valued those assets for New York State purposes at less than their value for federal purposes, **then** include on line 65 the **difference between** (a) the gain or loss on that sale or disposition that was figured into the estate or trust federal taxable income for the tax year and (b) the gain or loss that would have resulted if the executor or administrator had valued the assets for federal purposes at the same value that he or she valued them for New York State purposes.

This adjustment is not required for property acquired from decedents whose date of death was on or after February 1, 2000.

A-6 New business investment; deferral recognition — If in any tax year beginning on or after January 1, 1982, and before 1988, the estate or trust chose to subtract all or a portion of a long-term capital gain from its federal income because that amount had been reinvested in a new New York business, **and if** that reinvestment was sold in 2003, **then** include on line 65 the amount that had previously been subtracted.

A-7 Deductions attributable to safe harbor leases (such a lease is a financial arrangement between either a corporation, partnership, or certain grantor trusts and a person, firm, estate, or trust to acquire and use an asset; the arrangement is allowed for federal tax purposes, but is not allowed for state tax purposes unless it involves mass transit vehicles).

If, in figuring its federal taxable income, the estate or trust took deductions attributable to a safe harbor lease (except for mass transit vehicles) made under an election provided for by IRC section 168(f)(8) as it was in effect for agreements entered into prior to January 1, 1984, **then** include those deductions on line 65, **and see** A-8 (below), S-17 and S-18 (on page 13).

A-8 Safe harbor leases; election for qualified leased property (see A-7 above for a definition of safe harbor leases) — If the estate's or trust's financial matters in 2003 involved a safe harbor lease (except for mass transit vehicles) made under an election provided for by IRC section 168(f)(8) as it was in effect for agreements entered into prior to January 1, 1984, **then** the estate or trust must include on line 65 the income that it would have included in federal taxable income if such an election had not been made. **Also see A-7** (above), **S-17 and S-18** (on page 13).

A-9 Accelerated cost recovery system (ACRS) deduction — New York State does not allow ACRS depreciation for property placed in service inside or outside New York State during tax years 1981, 1982, 1983, and 1984. The estate or trust must figure its New York depreciation by using one of the

methods provided for in IRC section 167 as it was in effect on December 31, 1980 (for example, straight line, declining balance, etc.).

For property (except for property classified as IRC section 280F property) placed in service outside New York State for tax years beginning in 1984 but before 1994, New York did not allow ACRS or MACRS depreciation under IRC section 168. Instead, New York allowed the depreciation deduction that would have been allowed under IRC section 167 as it was in effect on December 31, 1980.

However, if the estate or trust claimed ACRS depreciation on its federal return for property not classified as IRC section 280F property and that property was placed in service **outside** New York State in tax years beginning after December 31, 1984, but before January 1, 1994 (including property on which ACRS depreciation was figured in accordance with the Federal Tax Reform Act of 1986), the estate or trust may:

- continue using the pre-1984 IRC section 167 depreciation on that property, making the applicable depreciation addition or subtraction; or
- choose to switch to the IRC section 168 depreciation deduction.

An estate or trust choosing to switch to the IRC section 168 depreciation deduction is no longer responsible to make the New York depreciation addition and subtraction adjustments, since the estate or trust will now be allowed to claim the same depreciation as was claimed on the federal tax return for property placed in service outside New York State in tax years 1985 through 1993. If the estate or trust switches to IRC section 168 depreciation, the estate or trust must use IRC section 168 depreciation from this tax year forward, and must use it for all subject property owned by the taxpayer. For more information concerning this property, see TSB-M-99(1)I. This TSB-M is available on the Tax Department Web site at www.nystax.gov

If the estate or trust claimed ACRS depreciation on its federal return for:

- property placed in service during tax years 1981-1984 (other than 280F property), or
- property placed in service outside New York State during 1985-1993 (other than 280F property), and it elects to continue using IRC 167 depreciation,

then include on line 65 as an addition the amount that was deducted in figuring the federal taxable income. The estate or trust must complete and attach Form IT-399, *New York State Depreciation Schedule*.

A-10 Accelerated cost recovery property (year of disposition adjustment) — If the estate or trust disposed of property that was depreciated for federal purposes using ACRS, and if ACRS depreciation was not allowed for state purposes, **then** the estate or trust must complete Part II of Form IT-399 to figure the amount to include on line 65.

A-11 414(h) Retirement contributions — If the estate or trust has an amount shown on a decedent's wage and tax statement(s), federal Form W-2 (copy 2), that was deducted from their salary as a retirement contribution, **then** include this amount on line 65.

Note: These are retirement contributions made by:

- a Tier 3 or Tier 4 member of the New York State and Local Retirement Systems, which include the New York State Employees' Retirement System and the New York State Police and Fire Retirement System; or
- a Tier 3 or Tier 4 member of the New York State Teachers' Retirement System; or
- a deceased employee of the State or City University of New York who belongs to the Optional Retirement Program; or
- any tier member of the New York City Employees' Retirement System, the New York City Teachers' Retirement System, the New York City Board of Education Retirement System, the New York City Police Pension Fund or the New York City Fire Department Pension Fund; or
- a member of the Manhattan and Bronx Surface Transit Operating Authority (MABSTOA) Pension Plan.

Do not enter on line 65 contributions to a section 401(k) deferred arrangement, section 403(b) annuity or section 457 deferred compensation plan.

A-12 New York City flexible benefits program (IRC 125) — If the estate or trust has an amount shown on a decedent's wage and tax statement(s), federal Form W-2 (Copy 2, box 14), that was deducted or deferred from their salary under a flexible benefits program established by New York City or certain other New York City public employers on a decedent's behalf, **then include this amount on line 65**.

Note: For purposes of this addition, certain other New York City public employers include the following:

- City University of New York
- New York City Health and Hospitals Corporation
- New York City Transit Authority
- New York City Housing Authority
- New York City Off-Track Betting Corporation
- New York City Board of Education
- New York City School Construction Authority
- Manhattan and Bronx Surface Transit Operating Authority (MABSTOA)
- Staten Island Rapid Transit Authority

A-13 Health insurance and the welfare benefit fund surcharge — If the decedent was a career pension plan member of the New York City Employees' Retirement System or the New York City Board of Education Retirement System, **and if** the decedent has an amount shown on his or her wage and tax statement(s), federal Form W-2 (Copy 2) that was deducted from the decedent's salary for health insurance and the welfare benefit fund surcharge, **then** include this amount on line 65.

A-14 Farmers' school tax credit — If the estate or trust claimed the farmers' school tax credit on its 2002 New York State tax return, **and if** the estate or trust deducted the school tax in figuring federal adjusted gross income, **then** the estate or trust must include the amount of the credit claimed for 2002 on line 65 of this year's return.

However, do not make this modification if the estate or trust was required to report the amount of the credit as income on its 2003 federal return.

A-15 College choice tuition savings excess distributions — If the fiduciary of an estate made a nonqualified withdrawal from a New York State college choice tuition program account, **then** include the amount from line g of the worksheet below on line 65.

A withdrawal is nonqualified if: 1) the funds are used for purposes other than the higher education of the designated beneficiary; 2) the withdrawal is actually disbursed in cash or in-kind from the qualified state tuition program, even if the amount withdrawn is reinvested in the college choice tuition savings program within the IRC 60-day rollover period; or 3) on or after January 1, 2003, the funds are transferred from the New York State college choice tuition program to another state's program (whether for the same beneficiary or for the benefit of another family member).

However, nonqualified withdrawals do not include any withdrawals made in tax year 2003 as a result of the death or disability of the designated beneficiary, regardless of how the funds are used.

Please note: Transfers between accounts of family members not disbursed in cash or in-kind within the New York State college tuition savings program are not considered distributions within the meaning of Tax Law section 612(b)(34) and are therefore **not** required to be added back as a nonqualified withdrawal.

Include on lines a through g of the worksheet below the applicable amounts from all existing accounts of which you are the account owner. Do not include amounts applicable to accounts that were closed in a prior tax year.

Note: You must figure your line 68, subtraction S-23 (see page 13) for 2003, before completing this worksheet.

Worksheet

- a. Total current and prior years' nonqualified withdrawals from your account(s) a. _____
- b. Total current and prior years' contributions to your account(s) b. _____
- c. Total current and prior years' S-23 subtraction modifications* c. _____
- d. Subtract line c from line b d. _____
- e. Total prior years' addition modifications** e. _____
- f. Add lines d and e f. _____
- g. Subtract line f from line a. This is your current year A-15 addition modification. Enter on Form IT-205, line 65. If line g is 0 (zero) or less, there is no addback g. _____

*These amounts are included on your Form IT-205 for 1998 and 1999, line 68; for 2000, 2001, and 2002, line 67; and for 2003, line 68.

** These amounts are included on your Form IT-205 for 1998 and 1999, line 65 (A-16) and for 2000, 2001, and 2002, line 64 (A-15)

Keep this worksheet with your tax return copy.

A-16 Qualified emerging technology investments (QETI) — If the estate or trust elected to defer the gain from the sale of QETI, **then** it must include on line 65 the amount previously deferred when the reinvestment in the New York qualified emerging technology company which qualified the estate or trust for that deferral is sold. Also see subtraction S-27 on page 14.

A-17 Sport utility vehicle depreciation expense — If, in computing the estate's or trust's federal taxable income, you claimed an IRC section 179 deduction with respect to a sport utility vehicle that weighs in excess of 6,000 pounds, and the estate or trust is not an eligible farmer as defined for purposes of the farmers' school tax credit, **then** include the amount of that deduction on line 65.

A *sport utility vehicle* means any four-wheeled passenger vehicle manufactured primarily for use on public streets, roads, and highways. However, *sport utility vehicle* does not include (1) any ambulance, hearse, or combination ambulance-hearse used directly in a trade or business; (2) any vehicle used directly in the trade or business of transporting persons or property for compensation or hire; or (3) any truck, van, or motor home. A *truck* is defined as any vehicle that has a primary load-carrying device or container attached, or is equipped with an open cargo area or covered box not readily accessible from the passenger compartment.

A-18 IRC section 168(k) property depreciation — New York State does not follow the federal depreciation for IRC section 168(k) property (except for resurgence zone property, and New York liberty zone property described in IRC section 1400L(b)(2)) placed in service inside or outside New York State on or after June 1, 2003. If the estate or trust claimed a depreciation deduction for property under IRC section 168(k) (except for resurgence zone property, and New York liberty zone property described in IRC section 1400L(b)(2)) on its federal return, then complete Part I of Form IT-398, *New York State Depreciation Schedule for IRC Section 168(k) Property*, to determine the amount to include on line 65. You must attach Form IT-398 to your return.

A-19 Amount of IRC section 168(k) property deduction that is less than the depreciation claimed for New York State (year of disposition adjustment) — If the estate or trust disposes of IRC section 168(k) property (except for resurgence zone property, and New York liberty zone property described in IRC section 1400L(b)(2)) placed in service inside or outside New York State on or after June 1, 2003, and the total federal depreciation deduction is less than the New York depreciation deduction for that property, **then** complete Part II of Form IT-398 to figure the amount of the disposition adjustment to enter on line 65. You must attach Form IT-398 to your return.

A-20 Royalty and interest payments made to a related member or members — For tax years beginning on or after January 1, 2003, an estate or trust may be required to add back certain royalty payments made during the tax year to a related member or members for the use of intangible property, such as trademarks or patents, and interest payments made to a related member or members, to the extent the payments were deducted in computing federal

taxable income. For additional information, see section 612(r) of the Tax Law.

If the estate or trust included a deduction for certain royalty payments or certain interest payments made during the tax year in computing federal taxable income, **then** include that amount on line 65.

Line 67 Interest income on United States government bonds — Enter the amount of interest income from U.S. government bonds or other government obligations that the estate or trust included in the amount the estate or trust reported on line 43. This may be all or part of the line 43 amount or it may be zero. Check the estate's or trust's interest income records to determine the correct amount to enter on line 67. Interest income on bonds or other obligations of the U.S. government is not taxed in New York State. Dividends received from a regulated investment company (mutual fund) that invests in obligations of the U.S. government and meets the 50% asset requirement each quarter qualify for the subtraction at line 67. Once this requirement is met, the portion of the dividends received that may be subtracted is based upon the portion of taxable income received by the mutual fund that is derived from federal obligations.

Further information relating to meeting the 50% asset requirement and figuring the allowable subtraction (if any) can be obtained from the mutual fund.

If you include an amount on line 67 from more than one line above, attach a schedule showing the breakdown from each line.

Do not list the same interest more than once; see the instructions for subtractions S-2 and S-4 on page 12.

Line 68 Other subtractions — Some subtractions that are not as common as those identified individually on Form IT-205 are reported on line 68 as *Other* subtractions. The requirement for these subtractions from federal taxable income is provided for in New York State Tax Law sections 612(c) and 612(r).

Identify any of the following subtractions (on pages 11 through 14) that apply to the estate or trust by writing the item number (S-1 through S-31) and the amount of each subtraction in the *Identify* box on line 68. Enter the total amount of these other subtractions on line 68.

S-1 Pension and annuity income exclusion New York State Law allows for a pension and annuity income exclusion, but not more than \$20,000, for pension and annuity income included in federal taxable income of the estate or trust.

If the estate or trust received pension and annuity income of a decedent, the estate or trust may make this subtraction if the decedent would have been entitled to it, had the decedent continued to live, regardless of the age of the beneficiary. If the decedent would have become 59½ during 2003, enter only the amount received after the decedent would have become 59½, but not more than \$20,000 on line 68.

Note: Do not enter any pension received from New York State or its political subdivisions. Qualifying pension and annuity income includes the following:

- periodic payment for services performed as an employee before retirement;

- periodic and lump-sum payments from an IRA or from an HR-10 (Keogh) plan, but **not** payments derived from contributions made after retirement;
- lump-sum payment from an HR-10 (Keogh) plan, but only if the federal Form 4972 is not used. Do **not** include the part of the payment that was derived from contributions made after retirement;
- distributions of benefits from a cafeteria plan (IRC section 125) or a qualified cash or deferred profit sharing or stock bonus plan (IRC section 401(k)) but not distributions derived from contributions made after you retired; and
- periodic distributions from government IRC section 457 deferred compensation plans after December 31, 2001.
- periodic distributions from an annuity contract (IRC section 403(b)) purchased by an employer for an employee and the employer is a corporation, community chest, fund, foundation, or public school.

For more information, see Publication 36, *General Information for Senior Citizens and Retired Persons*.

S-2 Certain investment income from U.S. government agencies — If the estate or trust included in its federal taxable income any interest or dividend income on bonds or securities of any United States authority, commission, or instrumentality that is exempt from state income taxes under federal laws, **then** include that income on line 68. If the estate or trust is uncertain whether a particular federal bond or security is exempt from state income tax, contact the New York State Tax Department. See *Need help?* on page 21 of these instructions.

S-3 Pensions of New York State and local governments and federal government — If a decedent received any pension or distributions from a pension plan that represents a return of contributions in a year prior to retirement, as an officer, employee, or beneficiary of an officer or employee of:

- New York State which includes:
 - State and City University of New York and New York State Education Department employees who belong to the Optional Retirement Program;
 - Manhattan and Bronx Surface Transit Operating Authority (MABSTOA); and
 - Long Island Railroad Company
- Local governments within the state
- The United States, its territories or possessions, political subdivisions of these territories or possessions, the District of Columbia, or any agency or instrumentality of any of the above (including the military)

that was included in federal taxable income; **then** include this amount on line 68.

S-4 Certain investment income exempted by other New York State laws — If the estate or trust included in its federal taxable income any interest or dividend income from any obligations or securities authorized to be issued by the laws of New York State, **and if** that income is exempt from state taxation by those laws (such as income received from bonds, mortgages, and income debenture certificates of limited dividend housing corporations organized under the Private Housing Finance Law), **then** include that income on line 68. If you are uncertain

whether a particular obligation or security is exempt from state income tax, contact the New York State Tax Department. See *Need help?* on page 21 of these instructions.

S-5 Taxable refunds, credits, or offsets of state and local income taxes — If during 2003 the estate or trust received any refunds, credits, or offsets of state and local income taxes that were included in figuring its federal taxable income, **then** include that income on line 68.

S-6 Interest expense on loans used to buy federally tax exempt obligations that are taxable to New York State — If investment income from an obligation is taxable, then interest expense incurred to buy that obligation is deductible when determining New York taxable income.

If the estate or trust included, on either line 63 or line 65, interest income from bonds or other obligations that are federally tax exempt but taxable to New York State, **and if** the estate or trust reduced their federal taxable income by deducting interest expense on money borrowed to purchase or carry those obligations, **then** include that interest expense on line 68.

S-7 Expenses (other than interest expense) connected with federally tax exempt income that is taxable to New York State — If income from an obligation is taxable, **then** expenses incurred to acquire or maintain that income are deductible when determining New York taxable income.

If the estate or trust is including, on either line 63 or line 65, income that is federally tax exempt but taxable to New York State, **and if** in figuring its federal taxable income, the estate or trust deducted expenses, other than those in item S-6 above or S-8 below, used to either produce or collect that income or manage, conserve, or protect the assets that produce that income, **then** include that expense on line 68.

S-8 Amortizable bond premiums on bonds the interest on which is federally tax exempt income but taxable to New York State — If investment income from an obligation is taxable, **then** expenses incurred to buy that obligation are deductible when determining New York taxable income.

If the estate or trust is including, on either line 63 or line 65, interest income that is federally tax exempt but taxable to New York State, **and if** those bonds were bought for more than their face value (that is, at a premium), **and if** the estate or trust did not reduce its federal taxable income by deducting the amortization of that premium attributable to 2003, **then** include that amortization on line 68.

S-9 Certain railroad retirement income and railroad unemployment insurance benefits — If the estate or trust included in its 2003 federal taxable income **either**:

- supplemental annuity or Tier 2 benefits received under the Railroad Retirement Act of 1974, **or**
- benefits received under the Railroad Unemployment Insurance Act;

and if those benefits are exempt from state income taxes under Title 45 of the United States Code, **then** include that income on line 68.

S-10 Professional service corporation shareholders — Between 1969 and 1988, New York State did not allow certain expenses of professional service corporations that were deductible on federal returns. When income attributable to those expenses is eventually received, it is not taxable to New York State.

If the estate or trust received or was credited with pension or annuity income or other income or gain from a plan acquired through a professional service corporation (PSC) **that was both**:

- based on membership in that PSC, **and**
- included in its federal taxable income for 2003,

and if, in a tax year ending after 1969 and beginning before 1988, the estate or trust included deductions made by that PSC for contributions to plans that produced that pension, annuity or other income, **then** include on line 68 the portion of those previously added deductions that can be allocated to the income the estate or trust included in its 2003 federal taxable income.

Note: The following subtractions (S-11 through S-15) may be made only to the extent that they relate to items included in the federal distributable net income of the estate or trust.

S-11 Cost depletion — New York State does not allow percentage depletion of natural resource holdings (see A-3 on page 9) but does allow cost depletion.

If the estate or trust is making addition number A-3 for any percentage depletion deducted for property in determining its federal taxable income, **then**:

- compute the cost depletion that would be allowed on that property by IRC section 611 without any reference to either section 613 or 613-a of that code, **and**
- include that amount on line 68.

S-12 Sales or dispositions of assets acquired before 1960 with greater state than federal bases — When federally taxable gains are realized from the sale of certain assets that have higher adjusted bases for state tax purposes, subtraction adjustments must be made to reduce the gain for state tax purposes. State tax laws prior to 1960 and currently existing state tax laws about depletion can cause these differences in adjusted basis.

If the estate's or trust's federal taxable income included gain that was from **either**:

- property that had a higher adjusted basis for New York State income tax purposes than for federal tax purposes on December 31, 1959 (or on the last day of a fiscal year ending during 1960), **or**
- property that was held in connection with mines, oil or gas wells, and other natural deposits and that had a higher adjusted basis for New York State income tax purposes than for federal tax purposes when sold,

then include on line 68 the **lesser of**:

- the gain itself, **or**
- the difference in the adjusted basis.

S-13 Income earned before 1960 and previously reported to New York State — Due to a different set of state income tax laws for any tax year ending before 1960 (and any fiscal tax year ending during 1960), income that is reportable for federal purposes for 2003

that was reported for New York State tax purposes then, is not subject to New York State tax again.

If the estate or trust included any income (including annuity income) or gain in its 2003 federal taxable income that was properly reported as income to New York State prior to 1960 (or during a fiscal year ending in 1960) by either:

- the estate or trust, or
- a decedent or estate or trust from whom the fiduciary acquired that income or gain, then include that income or gain on line 68.

S-14 Loss from the sale or disposition of property that would have been realized if a federal estate tax return had been required — If the estate or trust acquired property from a decedent, and the property was valued by the executor of the estate in such a manner where the estate was insufficient to require the filing of a federal estate tax return, and a loss on the sale would have been realized if a federal estate tax return had been required, then include on line 68 the amount of the loss that would have been realized.

This adjustment is not required for property acquired from decedents whose date of death was on or after February 1, 2000.

S-15 Gain to be subtracted from the sale of a new business investment reported on your federal income tax return — If the estate or trust reported a capital gain on its federal income tax return from the sale of a new business investment that was issued before 1988 and was held at least four years but less than five years, then the estate or trust must include 25% of that federal gain on line 68. If the investment was held at least five years but less than six years, include 50% of that federal gain. If the investment was held at least six years include 100% of that federal gain.

S-16 Special depreciation expenditures — The excess expenditures incurred in tax years beginning before 1987 in connection with depreciable, tangible business property located in New York State may be carried over to the following tax year or years and subtracted from federal taxable income for that year(s) if those expenses exceeded the New York taxable income before the allowance of those expenditures.

If the estate or trust incurred such expenditures, then complete Form IT-211 to figure the amount to include on line 68.

S-17 Amount that was included in federal taxable income because the IRC 168(f)(8) election was made (see A-7 on page 10 for a definition of safe harbor leases) — If an amount was included in federal taxable income (except for mass transit vehicles) solely because the estate or trust made the safe harbor election on its federal return for agreements entered into before January 1, 1984, then the estate or trust must include that amount on line 68.

S-18 Amount that could have been excluded from federal taxable income had the IRC 168(f)(8) election not been made (see A-7 on page 10 for a definition of safe harbor leases) — If an amount could have been excluded from federal taxable income (except for mass transit vehicles) had the safe harbor election not been made on the estate's or trust's federal return for agreements

entered into before January 1, 1984, then the estate or trust must include that amount on line 68.

S-19 New York depreciation allowed — New York State does not allow ACRS depreciation for property placed in service inside or outside New York State during tax years 1981, 1982, 1983, and 1984. The estate or trust must figure its New York depreciation by using one of the methods provided for in IRC section 167 as it was in effect on December 31, 1980 (such as straight line, declining balance, etc.).

For property (except for property classified as IRC section 280F property) placed in service outside New York State for tax years beginning after 1984 but before 1994, New York did not allow ACRS or MACRS depreciation under IRC section 168. Instead, New York allowed the depreciation deduction that would have been allowed under IRC section 167 as it was in effect on December 31, 1980.

However, as a result of a court decision, if the estate or trust claimed ACRS depreciation on its federal return for property not classified as IRC section 280F property and that property was placed in service outside New York State in tax years beginning after December 31, 1984, but before January 1, 1994 (including property on which ACRS depreciation was figured in accordance with the Federal Tax Reform Act of 1986), then the estate or trust may:

- continue using the pre-1981 IRC section 167 depreciation on that property, making the applicable depreciation addition and subtraction; or
- choose to switch to the IRC section 168 depreciation deduction.

An estate or trust choosing to switch to the IRC section 168 depreciation deduction is no longer responsible to make the New York depreciation addition and subtraction adjustments, since the estate or trust will now be allowed to claim the same depreciation as was claimed on the federal tax return for property placed in service outside New York State in tax years 1985 through 1993. If the estate or trust switches to IRC section 168 depreciation, the estate or trust must use IRC section 168 depreciation from this tax year forward and must use it for all subject property owned by the estate or trust. For more information concerning this property, see TSB-M-99(1)I. This TSB-M is available on the Tax Department Web site at www.nystax.gov

If the estate or trust claimed ACRS depreciation on its federal return for:

- property placed in service during tax years 1981-1984 (other than 280F property), or
- property placed in service outside New York State during 1985-1993 (other than 280F property), and it elects to continue using IRC 167 depreciation,

then include on line 65 as an addition the amount that was deducted in figuring the federal taxable income.

S-20 Amount of ACRS deduction that is greater than depreciation claimed for New York State (year of disposition adjustment) — If the estate or trust disposed of property that was placed in service inside or outside New York State after December 31, 1980, but before January 1, 1985, or property

that was placed in service outside New York State after December 31, 1984, but before January 1, 1994 (except for section 280F property), and the estate's or trust's total federal ACRS deduction is more than its New York depreciation deduction for that property, then complete Part II of Form IT-399 to figure the amount of the adjustment to enter on line 68. See A-10 on page 10.

S-21 Accelerated death benefits received that were includable in federal gross income — If the estate or trust included in its federal taxable income an amount received by any person as an accelerated payment or payments of part or all of the death benefit or special surrender value under a life insurance policy or a payment received as a viatical settlement as a result of terminal illness defined as life expectancy of 12 months or less, or of a medical condition requiring extraordinary medical care or treatment regardless of life expectancy, then include that amount on line 68.

S-22 Contributions for Executive Mansion, natural & historical resources, not deducted elsewhere — If the estate or trust made contributions for the purpose of the preservation, improvement, and promotion of the Executive Mansion as a historical and cultural resource of the state of New York; or if the estate or trust made contributions to the Natural Heritage Trust for the purpose of the preservation and improvements of the natural and historical resources constituting the natural heritage of the people of the state of New York in furtherance of their welfare and prosperity, and the estate or trust did not deduct the amounts in determining federal taxable income, then include that amount on line 68 (sections 54.15 and 55.15 of the Arts and Cultural Affairs Law).

S-23 College choice tuition savings deduction — If the fiduciary of an estate made contributions as the account owner to one or more tuition savings account(s) established under the New York State College Choice Tuition Savings Program and the contributions were not deductible or eligible for a credit for federal income tax purposes, then include that amount, up to \$5,000, on line 68.

S-24 College choice tuition savings distributions — If the estate or trust made a withdrawal from a New York State family tuition account, and part of the withdrawal was included in its federal taxable income, then include on line 68 the amount included in federal taxable income.

S-25 Distributions made to a victim of Nazi persecution — If the estate or trust included in its federal adjusted gross income distributions received from an eligible settlement fund or grantor trust as defined by section 13 of the Tax Law (because of the status of the trust's creator or the decedent was persecuted or targeted for persecution by the Nazi regime because of race, religion, ethnicity, sexual orientation, national origin, or physical or mental disability or handicap), or distributions received because of the status of a victim of Nazi persecution, or a spouse or heir of the victim (successors or assignees, if payment is from an eligible settlement fund of grantor trust) then include that amount on line 68.

S-26 Items of income related to assets stolen from, hidden from, or otherwise lost to a victim of Nazi persecution — If the

estate or trust received items of income attributable to, derived from, or in any way related to assets stolen from, hidden from, or otherwise lost to a victim of Nazi persecution immediately prior to, during and immediately after World War II, (including but not limited to interest on the proceeds receivable as insurance under policies issued to a victim of Nazi persecution by European insurance companies immediately prior to and during World War II), or a spouse or heir of such victim, and that income was included in its federal adjusted gross income, **then** include on line 68 the amount of that income included in federal adjusted gross income. However, do not include on line 68 income attributable to assets acquired with assets as described above or with the proceeds from the sales of any asset described above or with the proceeds from the sales of any asset described above. Also, do not enter on line 68 any income if the estate or trust was not the first recipient of the asset or if it is not considered to be a victim of Nazi persecution or a descendant of a victim.

S-27 Qualified emerging technology investments (QETIs) — An estate or trust may defer the gain on the sale of QETIs that are:

- held for more than 36 months, and
- rolled over into the purchase of a new QETI within 365 days.

Replacement QETI must be purchased within the 365 day period beginning on the date of sale. Gain is not deferred and must be recognized to the extent that the amount realized on the sale of the original QETI exceeds the cost of replacement QETI. The gain deferral applies to any QETI sold on or after March 12, 1998, that meets the holding-period criteria. The gain deferred must be added back in the year the replacement QETI is sold.

If the estate or trust elects to defer the gain from the sale of QETI, **then** include on line 68 the amount of the gain deferral to the extent the gain was included in federal taxable income. If purchase of the replacement QETI within the 365 day period occurs in the same tax year as the sale of the original QETI, or in the following tax year and before the date the fiduciary income tax return is filed, **then** take the deduction on that return. If purchase of the replacement QETI within the 365 day period occurs in the following tax year and on or after the date the estate or trust's tax return is filed, **then** the fiduciary must file an amended return to claim the deduction.

A *QETI* is an investment in the stock of a corporation or an ownership interest in a partnership or limited liability company (LLC). A QETI is also an investment in a partnership or LLC to the extent that such partnership or LLC invests in qualified emerging technology companies. The investment must be acquired by the taxpayer as provided in IRC section 1202(c)(1)(B) or from a person who acquired it pursuant to such IRC section. IRC section 1202(c)(1)(B) requires the acquisition to be original issue from the company, either directly or through an underwriter, and in exchange for cash, services, or property (but not stock).

A *qualified emerging technology company* (QETC) is a company that is located in New York State, that has total annual product

sales of \$10 million or less, and meets either of the following criteria:

- its primary products or services are classified as emerging technologies; **or**
- it has research and development activities in New York State and its ratio of research and development funds to net sales equals or exceeds the average ratio for all surveyed companies classified (as determined by the National Science Foundation in the most recently published results from its Survey of Industry Research and Development, or any comparable successor survey, as determined by the Tax Department).

S-28 Sport utility vehicle depreciation recapture — If, in computing the estate's or trust's federal taxable income, you were required to recapture certain amounts the estate or trust claimed as an IRC section 179 deduction with respect to a sport utility vehicle that weighs in excess of 6,000 pounds, and the estate or trust is not an eligible farmer as defined for purposes of the farmers' school tax credit, **then** include the amount you were required to recapture on line 68.

A *sport utility vehicle* means any four-wheeled passenger vehicle manufactured primarily for use on public streets, roads, and highways. However, *sport utility vehicle* does not include (1) any ambulance, hearse, or combination ambulance-hearse used directly in a trade or business; (2) any vehicle used directly in the trade or business of transporting persons or property for compensation or hire; or (3) any truck, van, or motor home. A *truck* is defined as any vehicle that has a primary load-carrying device or container attached, or is equipped with an open cargo area or covered box not readily accessible from the passenger compartment.

S-29 IRC section 168(k) property depreciation — New York State does not follow the federal depreciation for IRC section 168(k) property (except for resurgence zone property, and New York liberty zone property described in IRC section 1400L(b)(2)) placed in service inside or outside New York State on or after June 1, 2003. If the estate or trust claimed a depreciation deduction for property under IRC section 168(k) (except for resurgence zone property, and New York liberty zone property described in IRC section 1400L(b)(2)) on its federal return, then complete Part I of Form IT-398 to determine the amount to include on line 68. You must attach Form IT-398 to your return.

S-30 Amount of IRC section 168(k) property deduction that is greater than the depreciation claimed for New York State (year of disposition adjustment) — If the estate or trust disposes of IRC section 168(k) property (except for resurgence zone property, and New York liberty zone property described in IRC section 1400L(b)(2)) placed in service inside or outside New York State on or after June 1, 2003, **and** the total federal depreciation deduction is more than the New York depreciation deduction for that property, **then** complete Part II of Form IT-398 to compute the amount of the disposition adjustment to enter on line 68. You must attach Form IT-398 to your return.

S-31 Royalty and interest payments made to a related member or members — For tax years beginning on or after January 1, 2003, an estate or trust may be required to subtract certain royalty payments for the use of

intangible property, such as trademarks or patents, and interest payments that it received either directly or indirectly during the tax year from a related member or members, to the extent the payments were included in federal taxable income, and the payments were required to be added back by the related member or members in accordance with A-20. For additional information, see section 612(r) of the Tax Law.

If, the estate or trust, as a related party, included in the federal taxable income certain royalty or interest payments received during the tax year for the use of intangible property, **then** include that amount on line 68.

Schedule C

Shares of New York fiduciary adjustment

The purpose of this schedule is to show the distribution of the New York fiduciary adjustment among the beneficiaries and the fiduciary of the estate or trust. The shares of the beneficiaries and of the fiduciary in the New York fiduciary adjustment (line 70 of Schedule B) are in proportion to their respective shares of the federal distributable net income of the estate or trust.

Enter in columns 1 and 2 the name, address, and identifying number of each beneficiary of the estate or trust. If the mailing address differs from the home address, give both. If a beneficiary is a New York State or Yonkers nonresident, check the appropriate box to the right of his or her name. If space is needed to list additional beneficiaries, attach a separate sheet of paper to the return with the same information required in Schedule C.

Column 3 — Enter the respective share of the federal distributable net income of each beneficiary and of the fiduciary on the appropriate lines of column 3. Entries must be made in Schedule C for all beneficiaries, both resident and nonresident.

Column 4 — Determine the percentage interest of each beneficiary and of the fiduciary in the federal distributable net income of the estate or trust, based upon amounts in column 3, and enter that percentage on the appropriate line of column 4.

Column 5 — Enter the amount of the New York fiduciary adjustment (from line 70 of Schedule B) on the total line of column 5. The share of each beneficiary and of the fiduciary in the total amount is determined by multiplying the total fiduciary adjustment by the column 4 percentage.

If the estate or trust has no federal distributable net income, the share of each beneficiary in the fiduciary adjustment must be in proportion to his or her share of the estate or trust income for the tax year, under local law or the governing instrument, that is required to be distributed currently and any other amounts of the income distributed in that year. Any balance of the fiduciary adjustment not allocable to beneficiaries must be allocated to the estate or trust. If the shares in the New York fiduciary adjustment are apportioned in accordance with this paragraph, do not complete Schedule C. Instead, show the apportionment in a schedule attached to the return.

If an item of income, gain, loss, or deduction is attributable to corpus or principal, or the beneficiaries do not share pro rata, and the applicable method set out above for

apportioning the fiduciary adjustment results in an inequity as defined in the Personal Income Tax Regulations section 119.3, regarding alternate methods of attributing modifications, a fiduciary may, at his or her discretion, use the applicable method set forth in the regulations. If an alternate method is used, the fiduciary, in lieu of completing Schedule C, should attach to the return a schedule containing the information required under the applicable regulations.

If the New York fiduciary adjustment is a **positive** amount, **add** the fiduciary's share for a full-year resident estate or trust at line 4, on the front of Form IT-205, and **add** a resident beneficiary's share to the total federal income on his or her New York return. If the fiduciary adjustment is a **negative** amount, **subtract** their respective shares. For a nonresident estate or trust or a part-year resident trust, enter this amount on Form IT-205-A, Schedule 1, line 9, column a.

City of New York and city of Yonkers fiduciary taxes

General instructions

City resident fiduciary tax

The fiduciary of a New York City or Yonkers resident estate or trust or part-year resident trust who is required to file a New York State fiduciary return must file a New York City or Yonkers fiduciary return for the estate or trust on the same New York State form on which the New York State tax liability is reported. If forms are required to be filed reporting a state minimum income tax or a state separate tax on lump-sum distributions, the respective New York City separate tax is also required to be computed on the same state forms.

City of Yonkers nonresident fiduciary earnings tax

The fiduciary of a nonresident estate or trust must file a Yonkers nonresident fiduciary earnings tax return on Form Y-206 if the estate or trust has income from wages earned or net earnings from self-employment in Yonkers.

The fiduciary of a part-year resident trust must also file Form Y-206, *City of Yonkers Nonresident Fiduciary Earnings Tax Return*, if the part-year resident trust has income from wages earned or net earnings from self-employment in Yonkers from the part-year nonresident period.

Wages as defined under IRC section 3401(a) include all payments and the cash value of all payments made in any form other than cash for services performed by a decedent employee for an employer.

Wages also include:

- the amount of 414(h) contributions shown on a decedent's wage and tax statement(s), federal Form W-2 (Copy 2), made by the following:
 - a Tier 3 or Tier 4 member of the New York State and Local Retirement Systems, which include the New York State Employees' Retirement System and the New York State Police and Fire Retirement System; **or**
 - a Tier 3 or Tier 4 member of the New York State Teachers' Retirement System; **or**

- a deceased employee of the State or City University of New York who belongs to the Optional Retirement Program; **or**
 - any tier member of the New York City Employees' Retirement System, the New York City Teachers' Retirement System, the New York City Board of Education Retirement System, the New York City Police Pension Fund or the New York City Fire Department Pension Fund; **or**
 - members of the Manhattan and Bronx Surface Transit Operating Authority (MABSTOA) Pension Plan.
- The IRC 125 amount(s) shown on a decedent's wage and tax statement(s), federal Form W-2 (Copy 2) that was deducted or deferred from that salary (section 612(b) (31) of the Tax Law) under a flexible benefits program established on behalf of the deceased employee by the city of New York and certain other New York City public employers (City University of New York, New York City Health and Hospitals Corporation, New York City Transit Authority, New York City Housing Authority, New York City Off-Track Betting Corporation, New York City Rehabilitation Mortgage Insurance Corporation, New York City Board of Education, New York City School Construction Authority, MABSTOA, or the Staten Island Rapid Transit Authority).

Wages do not include unemployment compensation, fees paid to a public officer, or payment for active service as a member of the armed forces of the United States, or income of a nonresident individual or partner doing an insurance business as a member of the New York Insurance Exchange.

Other employee compensation includes but is not limited to salaries, fees, bonuses, tips, commissions on sales or on insurance premiums, vacation allowances, and severance pay subject to withholding under IRC section 3401(a).

Net earnings from self-employment, as defined under IRC section 1402(a), consist of gross income from any trade or business less trade or business deductions allowed under the IRC, plus the taxpayer's distributive share (whether or not distributed) of income or loss from a trade or business carried on by a partnership of which the taxpayer is a member. **Limited partners** are only considered to receive net earnings from self-employment if the income received represents guaranteed payments for services rendered. The deduction for wages and salaries paid or incurred for the tax year, that was disallowed according to IRC section 280C regarding the federal Indian employment credit, work opportunity credit, and empowerment zone employment credit, is allowed in computing your net earnings from self-employment.

Net earnings from self-employment **do not** include any of the following:

- rental income from real estate and from personal property leased with the real estate, together with the deductions attributed to it, unless received in the course of a trade or business as a real estate dealer;
- dividends and interest not received in the ordinary course of a trade or business as a dealer in stocks or securities;

- gain or loss from the sale or exchange of capital assets, or from the sale, exchange, or involuntary conversion of property other than stock in trade;
- any deduction for net operating losses; **or**
- retirement payments received by a partner according to a written plan and excluded under IRC section 1402(a)(10).

A nonresident estate or trust is deemed to have net earnings from self-employment determined in the same manner as if it were an individual subject to the federal tax on self-employment income, reduced by deductions allowed under the IRC for (a) amounts paid or permanently set aside for charitable purposes, and (b) income distributed or required to be distributed currently and corpus credited or required to be distributed to the extent that they represent distributions or payments to a resident of the city. (See instructions on Form Y-206 for lines 2 and 4.)

For the definition of a **city** resident and nonresident estate or trust and part-year resident trust, refer to the definitions of a New York State resident and nonresident estate or trust on the front page of these instructions and substitute the word *City* in place of the word *State*.

City forms to be filed

Forms IT-205, IT-220, IT-230, and Y-206 should be completed for estates and trusts as follows:

1. **New York City resident estate or trust** — Complete the required New York City areas on the same Form IT-205 filed for New York State purposes.
 - Form IT-220, Minimum Income Tax** — The New York City minimum taxable income is the same as the New York State minimum taxable income. (See Form IT-220 on page 2 of these instructions.)
 - Form IT-230, City of New York Separate Tax on Lump-Sum Distributions** — The New York City taxable income on lump-sum distributions of an estate or trust is the same as the New York State taxable income on lump-sum distributions on Form IT-230. (See Form IT-230 on page 2 of these instructions.)
2. **Yonkers resident estate or trust** — Complete the Yonkers line on the same Form IT-205 filed for New York State purposes.
3. **Yonkers nonresident estate or trust and part-year resident trust** — Complete Form Y-206 and transfer the amount from line 10 to Form IT-205, line 27.
4. **New York City or Yonkers part-year resident trust** — Complete New York City Worksheet A on page 2 of the instructions for Form IT-205-A or Yonkers Worksheets B and C on page 4 of the instructions for Form IT-205-A. Transfer the total to Form IT-205, line 15b or line 26 as applicable.

Form Y-206 is due at the same time as the New York State fiduciary return and must be attached to it.

City of Yonkers tax returns for individuals — Every fiduciary who acts for a nonresident individual whose entire income is in the fiduciary's charge (for example, a guardian or committee for an incompetent

person) must make a return for the nonresident individual on Form Y-203 (if that individual is subject to the tax), and pay the tax due.

Change of city residence of trust

If the person whose property constitutes a revocable trust has changed his or her domicile from or to New York City or Yonkers between the time of transfer of the property to the trust and the time it becomes irrevocable, the residence of the trust will be deemed to have been changed at the date it ceases to be revocable. In this case the fiduciary must, for the tax year in which the change of status of trust occurs, include on Form IT-205-A, Schedule 4, column c or column d, any item of income, gain, loss, or deduction the trust received or accrued up to the time the trust changed its residence, and complete a return as a nonresident trust (on Form Y-206) for the portion of the year during which the trust is a Yonkers nonresident trust. Income, gain, loss, or deduction for the year of change is subject to the applicable special accruals permitted or required by law to the extent they affect the taxable income of the fiduciary. In addition, the exemption of the trust must be prorated according to the period of residence.

The *General instructions*, on pages 1 through 4 of this form, regarding tax returns for individuals and decedents, exempt trusts — special depreciation, payments for charitable purposes, use of federal figures, whole dollar amounts, penalties, accounting periods, and federal changes also apply for purposes of the New York City and Yonkers resident estates and trusts, Yonkers nonresident estates and trusts, and New York City and Yonkers part-year resident trusts, if applicable.

Specific instructions

City of New York resident tax

The New York City taxable income is the same as the New York State taxable income shown on Form IT-205, line 5.

Line 15a City of New York resident tax — Compute the New York City income tax on the amount on line 5 using the *New York City tax rate schedule* and worksheets on page 21. Enter the amount of New York City income tax on line 15a.

Line 15b City of New York part-year resident tax — Enter on line 15b the amount of New York City part-year resident tax from Form IT-205-A-I, page 2, Worksheet A, line b.

Line 16 — Enter on line 16 the amount of New York City tax on the capital gain portion of the estate's or trust's lump-sum distribution from Form IT-230, Part II, line 2. Attach Form IT-230 to Form IT-205.

Line 18 — If an accumulation distribution has been made, attach a statement showing the computation of the credit claimed and enter on line 18. See *Accumulation distribution credit* on page 3.

Line 20 — City of New York separate tax on lump-sum distributions — Enter the amount of any New York City separate tax on lump-sum distributions from Form IT-230, line 24, city of New York column. Attach Form IT-230 to Form IT-205.

Line 22 — Credit for city of New York unincorporated business tax (UBT) — Enter the amount of city of New York unincorporated

business tax credit from Form IT-219, *Credit for City of New York Unincorporated Business Tax*. The estate or trust can claim this credit if:

- the estate or trust was the owner of a business located in the city of New York that filed NYC-202 and paid unincorporated business tax; **or**
- the estate or trust was a partner in a partnership that operated a business located in the city of New York that filed Form NYC-204 and paid unincorporated business tax.

To claim this credit, fill in Form IT-219 and transfer the amount to Form IT-205, line 22. Attach Form IT-219 to your return. For more information, see the instructions for Form IT-219.

Line 24 City of New York minimum income tax — Enter the amount of any New York City minimum income tax due from Form IT-220. Items of tax preference that fiduciaries report on Form IT-220 are to be taken from federal Form 1041, Schedule I, *Alternative Minimum Tax*. Attach Form IT-220 to Form IT-205.

Line 25 City of Yonkers resident income tax surcharge — Enter on this line the estate's or trust's Yonkers resident income tax surcharge from the *Yonkers worksheet*, line o, below. However, if the estate or trust did not make an entry on line 14, leave line 25 blank also.

Line 26 City of Yonkers part-year resident tax — Enter on line 26 the amount of Yonkers part-year resident tax from the instructions for Form IT-205-A, page 4, Worksheet C, line 14.

Line 27 City of Yonkers nonresident fiduciary earnings tax — Compute the Yonkers nonresident fiduciary earnings tax on Form Y-206 and enter the tax on Form IT-205, line 27. Attach Form Y-206 to Form IT-205.

o. Multiply line m by line n. Enter this amount here and on Form IT-205, line 25	o. _____

Line 28 (continued)

Sales or use tax

When does an estate or trust owe sales or use tax?

An estate or trust owes state and local sales or use tax if it:

- purchases property or a service which is delivered in New York State without payment of New York State and local tax to the seller, such as through the Internet, by catalog, from television shopping channels, or on an Indian reservation.

An estate or trust may also owe state and local sales or use tax if it is a resident of New York State at the time of purchase and any of the following was purchased outside the state:

- property the estate or trust brings into New York State for use here;
- a service performed on property outside New York State and the estate or trust brings that property into New York State for use here; or
- a service (such as an information service) the estate or trust brings into New York State for use here.

(The estate or trust may be eligible for a credit for sales or use tax paid to another state. See *Instructions for Worksheet 1*, Column D, on page 18.)

However, an estate or trust is not required to pay state or local sales or use tax on any property or service that it brings into New York State which it purchased outside of the state before it became a resident of New York State.

An estate or trust may owe an additional **local** tax if it is a resident of a locality (county or city) at the time of purchase and it:

- brings property into that locality which it purchased in another locality in New York State that has a lower tax rate;
- brings property into that locality on which it had a taxable service performed in another locality in New York State that has a lower tax rate; or
- brings a service (such as an information service) into that locality which it purchased in another locality in New York State that has a lower tax rate.

However, an estate or trust is not required to pay any additional local tax on any property or service that it brings into a locality in New York State that it purchased outside that locality before it became a resident of that locality.

Note: For purposes of these sales and use tax line instructions, the word *tax* will be used to refer to either the sales tax or the use tax, or both.

For sales and use tax purposes, an estate or trust that is carrying on a business, trade, profession, or employment in New York State is a *resident* of the state and of any county or city in which the estate or trust is carrying on these activities, with respect to purchases of taxable property or services used in these activities.

What tangible personal property and services are subject to sales and use taxes?

Most tangible personal property is subject to tax. Some examples are: cigarettes and other tobacco products; alcohol; candy; clothing; books; electronic equipment; furniture; collectibles (for example, stamps, coins, etc., bought for collections); works of art; and off-the-shelf computer software. Some examples of exempt items are: certain medical equipment; newspapers; periodicals; flags of the United States of America or the state of New York; and Indian arts and crafts when purchased on an Indian reservation.

Only certain services are subject to tax. Taxable services include maintaining, servicing, and repairing tangible personal property and real property. Some examples are: auto repair; appliance service; building repairs; lawn maintenance; and information services. Some examples of exempt services are: legal services and medical services.

Reporting and paying sales and use taxes

An estate or trust must report any sales or use tax for 2003 on its fiduciary income tax return for 2003.

For example, an estate or trust may report and pay a sales or use tax liability on its fiduciary income tax return for:

- purchases related to royalty activities or rental real estate activities reported in Part I of federal Schedule E; and
- purchases related to a Schedule C, C-EZ, or F business (not otherwise eligible for exemption) unless the business is, or is required to be, registered for sales tax purposes.

However, if the estate or trust is registered, or required to be registered, for sales tax purposes, all sales and use taxes owed with respect to business purchases must be reported and paid with the estate's or trust's sales tax returns.

If the estate or trust is requesting an extension of time to **file** its fiduciary income tax return and it owes sales or use tax, the estate or trust must pay any sales or use tax it owes at the time it requests the extension. For more information, see Form IT-370-PF.

An estate or trust which is not filing an income tax return but which owes sales or use tax for 2003 must pay the sales or use tax by filing Form ST-140 by April 15, 2004. However, if the estate or trust is registered, or required to be registered, for sales tax purposes, all sales and use taxes owed with respect to business purchases must be reported and paid with its periodic sales and use tax return.

Any unpaid sales or use tax on a motor vehicle, trailer, all-terrain vehicle, vessel, or snowmobile that must be registered or titled by the New York State Department of Motor Vehicles is collected at the time of registration. Therefore, do not report or pay the sales or use tax on these items on the estate's or trust's fiduciary income tax return.

What happens if the estate or trust doesn't pay the sales or use tax due?

The Tax Department has the authority to issue an assessment for, and impose penalty and interest on, unpaid sales or use tax. The department conducts both routine and special audits that produce this type of information. In addition, the U.S. Customs Service provides the department with information from customs declarations filed by New York State residents returning from overseas travel. The department also has agreements with several other states to provide information to the department when an audit is done on a merchant in one of the other states, and sales to New York State residents are discovered.

Computing sales or use tax

To compute the amount of tax the estate or trust owes, see *How to calculate and report a sales and use tax liability on Form IT-205*, below.

If the estate or trust doesn't owe any sales or use tax, it **must** enter "0" on **line 28** of the fiduciary income tax return.

For more information, see Publication 774, *Purchaser's Obligation to Pay Sales and Use Taxes Directly to the Tax Department*.

For more information on taxable and exempt goods and services, see Publication 750, *A Guide to Sales Tax in New York State*.

How to calculate and report a sales and use tax liability on Form IT-205

To determine if the estate or trust owes sales or use tax, continue with these instructions.

Complete *Worksheet 1* on page 18 to compute the estate's or trust's sales and use taxes due for business-related purchases or for royalty activity or rental real estate activity-related purchases.

If the estate or trust does not owe sales or use tax, you must enter "0" on **line 28** of Form IT-205.

Worksheet 1 — Schedule C, C-EZ, and Schedule F taxable business purchases or Schedule E (Part I) taxable royalty or rental real estate activity-related purchases during 2003.

Part I — Purchases of clothing and footwear costing less than \$110, excluding shipping and handling, made on or after January 1, 2003, and before June 1, 2003, or on or after August 26, 2003, and before September 2, 2003.

Clothing and footwear purchases under \$110 per item, excluding shipping and handling, made on or after January 1, 2003, and before June 1, 2003, or on or after August 26, 2003, and before September 2, 2003, were exempt from the **state** portion of the tax and also from some local taxes. However, if the locality where the item is used chose not to provide the clothing and footwear exemption, the **local** portion of the tax still applied. Chart II on page 20 of these instructions lists the appropriate rate of local tax to enter for the locality in column B below. If the locality provided the clothing and footwear exemption, its rate will be listed as "0". In this case, do not complete Part I.

List all clothing and footwear purchases under \$110 per item, excluding shipping and handling, made during the above periods if the locality imposed tax during one or both of these periods. (See Chart II on page 20.) However, the shipping and handling charges must be included in column A when computing the tax due. Therefore, the total purchase price may exceed \$110 in column A when the shipping and handling charges are included.

A Purchase price <i>(see instructions below)</i>	B Local rate <i>(from Chart II, page 20; see instructions below)</i>	C Tax <i>(multiply column A by column B)</i>	D Tax paid to another taxing jurisdiction, if any <i>(see instructions below)</i>	E Tax due <i>(subtract column D from column C; do not enter less than zero)</i>
1 Total <i>(add the Part I, column E amounts; do not enter less than zero)</i>				1.

Part II — All other taxable items and services — List all other taxable items and services and taxable clothing and footwear not included in Part I on which no New York State or local tax was collected at the time of purchase or on which additional local tax is owed (see page 17). If any item or service purchased cost \$25,000 or more each, excluding shipping and handling, the fiduciary must also complete Form IT-135, *Sales and Use Tax Report for Purchases of Items and Services Costing \$25,000 or More*, and attach it to the return.

Note: Any unpaid sales or use tax on a motor vehicle, trailer, all-terrain vehicle, vessel, or snowmobile that must be registered or titled by the New York State Department of Motor Vehicles is collected at the time of registration. Therefore, do not report or pay the sales or use tax on these items on the fiduciary income tax return.

A Purchase price <i>(see instructions below)</i>	B Combined state and local rate <i>(from Chart I, page 19; see instructions below)</i>	C Tax <i>(multiply column A by column B)</i>	D Tax paid to another taxing jurisdiction, if any <i>(see instructions below)</i>	E Tax due <i>(subtract column D from column C; do not enter less than zero)</i>
2 Total <i>(add the Part II, column E amounts; do not enter less than zero)</i>				2.
3 Add lines 1 and 2; enter the total here and on line 28 of Form IT-205				3.

Instructions for Worksheet 1

Column A — Purchase price

The tax is generally computed on the price paid for an item or service, including any shipping or handling charges made by the seller. However, if the estate or trust was a resident of New York State for sales or use tax purposes at the time of purchase and it purchased property outside New York State which was used outside the state for more than six months before it was brought into the state, compute the tax on the lower of the cost or fair market value of the property at the time it was brought into New York State. This may result in a lower amount of tax. The same six-month rule applies for purposes of computing local tax.

Column B — Rate

The tax rate to use is determined as follows:

- If the property or service is delivered in New York State, the tax is computed at the combined state and local rate in effect in the locality where the delivery occurs. The rate

that applies is the rate in effect at the time of delivery.

- If the estate or trust is a New York State resident for sales and use tax purposes and purchases property or services outside New York State which it bring into a New York State jurisdiction where the estate or trust is a resident, tax is computed at the combined state and local rate in effect for that jurisdiction. The rate that applies is the rate in effect at the time the property or service is brought into the jurisdiction where the estate or trust is a resident for sales and use tax purposes.

In addition, if the property or service is used in another locality in New York State, tax is owed to the second locality if the estate or trust was a resident of that locality for sales and use tax purposes at the time of the purchase, and the second locality's rate is higher than the rate in effect where the purchase was made.

See Chart I on page 19 or Chart II on page 20 for a listing of rates through November 30, 2003. For rate changes effective December 1, 2003, visit our Web site at www.nystax.gov or call the Tax Department at 1 800 225-5829.

Column D — Tax paid to another taxing jurisdiction, if any

To determine whether the tax paid to another state or local jurisdiction in another state qualifies for credit against New York State and local tax, see Publication 39, *A Guide to New York State Reciprocal Credits for Sales Taxes Paid to Other States*. If you bought the item or service in a locality in New York State other than where you reside, the tax you paid at the time of purchase may be claimed as a credit against the tax due in the locality where you reside. Federal excise taxes and customs duties, and taxes and fees you paid in foreign countries are not allowed as a credit against any New York State or local sales or use tax that the estate or trust owes.

Chart I

New York State Sales and Use Tax Rates by Jurisdiction

This chart and the notes below show the combined state and local tax rates for the period January 1, 2003, through and including November 30, 2003. Use these rates for your entries in the worksheet on page 18. The tax rates shown below include the $\frac{1}{4}\%$ increase in the state rate that went into effect June 1, 2003. Therefore, for purchases prior to June 1, 2003, the rates listed below should be reduced by $\frac{1}{4}\%$. Changes to county and city rates that occurred during the period are noted in the footnotes below.

New York City comprises five counties. These counties are also boroughs whose names are more widely known. The counties, with

borough names shown in parentheses, are Bronx (Bronx), Kings (Brooklyn), New York (Manhattan), Queens (Queens), and Richmond (Staten Island).

Note that tax rates may change over the course of the year. The tax rates included with these instructions were effective through November 30, 2003. For information on whether the rates changed after November 30, 2003, visit our Web site at www.nystax.gov or call the Tax Department at 1 800 225-5829.

County or other locality	Tax rate %	County or other locality	Tax rate %	County or other locality	Tax rate %
New York State — only	4 $\frac{1}{4}$	Jefferson	7 $\frac{1}{4}$	Richmond (Staten Island) — see <i>New York City</i>

1 The combined state and local rate was 7% from January 1, 2003, through May 31, 2003.

2 Dutchess County combined rate was 7 $\frac{1}{4}$ % from January 1, 2003, through May 31, 2003.

3 New York City combined rate was 8 $\frac{1}{4}$ % from January 1, 2003, through May 31, 2003, and 8 $\frac{1}{2}$ % from June 1, 2003, through June 3, 2003.

4 Niagara County combined rate was 7% from January 1, 2003, through February 28, 2003, and 8% from March 1, 2003, through May 31, 2003.

5 Schenectady County combined rate was 7 $\frac{1}{2}$ % from January 1, 2003, through May 31, 2003.

6 Yates County combined rate was 7% from January 1, 2003, through May 31, 2003, and 7 $\frac{1}{4}$ % from June 1, 2003, through August 31, 2003.

Chart II

Local Sales and Use Tax Rates on Clothing and Footwear Effective 1/1/03 - 5/31/03 and 8/26/03 - 9/1/03

Local tax rates are shown below for jurisdictions that imposed tax on purchases of clothing and footwear costing less than \$110 per item, excluding shipping and handling, during the period beginning 1/1/03 and ending 5/31/03 or beginning 8/26/03 and ending 9/1/03.

Use these rates for your entries in the worksheet on page 18.

If the rate for your locality is "0," no state or local tax is due on clothing and footwear costing less than \$110 purchased during that period.

Tax computation worksheet VI

1. Enter the taxable income from Form IT-205, line 5 1. _____
2. Multiply line 1 by 4.45% (.0445). Enter here and on Form IT-205, line 15a 2. _____

Privacy notification

The Commissioner of Taxation and Finance may collect and maintain personal information pursuant to the New York State Tax Law, including but not limited to, sections 171, 171-a, 287, 308, 429, 475, 505, 697, 1096, 1142, and 1415 of that Law; and may require disclosure of social security numbers pursuant to 42 USC 405(c)(2)(C)(i).

This information will be used to determine and administer tax liabilities and, when authorized by law, for certain tax offset and exchange of tax information programs as well as for any other lawful purpose.

Information concerning quarterly wages paid to employees is provided to certain state agencies for purposes of fraud prevention, support enforcement, evaluation of the effectiveness of certain employment and

training programs and other purposes authorized by law.

Failure to provide the required information may subject you to civil or criminal penalties, or both, under the Tax Law.

This information is maintained by the Director of Records Management and Data Entry, NYS Tax Department, W A Harriman Campus, Albany NY 12227; telephone 1 800 225-5829. From areas outside the United States and outside Canada, call (518) 485-6800.

Private delivery services

If you choose, you may use a private delivery service, instead of the U.S. Postal Service, to file your return and pay tax. However, if, at a later date, you need to establish the date you filed your return or paid your tax, you cannot use the date recorded by a private delivery

service **unless** you used a delivery service that has been designated by the U.S. Secretary of the Treasury or the Commissioner of Taxation and Finance. (Currently designated delivery services are listed in Publication 55, *Designated Private Delivery Services*. See *Need help?* below for information on ordering forms and publications.) If you have used a designated private delivery service and need to establish the date you filed your return, contact that private delivery service for instructions on how to obtain written proof of the date your return was given to the delivery service for delivery. If you use **any** private delivery service, whether it is a designated service or not, address your return to:

STATE PROCESSING CENTER
101 ENTERPRISE DRIVE
KINGSTON NY 12401
