General information

Distributors of motor fuel, liquefied petroleum gas fuel permittees, distributors of diesel motor fuel, residual petroleum product businesses, and aviation fuel businesses must file Form PT-100, *Petroleum Business Tax Return*. Retailers of heating oil only and distributors of kero-jet fuel only that are registered as distributors of motor fuel or as residual petroleum product businesses must also file Form PT-100. Form PT-100 must be filed for each month.

If you do not receive the proper forms for a tax you owe, call the forms and publications number listed under *Need help?* below.

Form PT-100 summarizes the amount of the various taxes computed on Forms PT-101 through PT-106 and is used to determine the total amount due, including any appropriate penalty and interest.

Changes in business information — Make changes to any incorrect preprinted information shown on the label. In addition, you must report any changes in your business name, ID number, mailing address, business address, telephone number, or owner/officer information on Form DTF-95, Business Tax Account Update. To change only your address, you may use Form DTF-96, Report of Address Change for Business Tax Accounts. You can obtain these forms from our Web site, by fax, or by phone; see Need help? below.

Type of filer — Indicate the type(s) of petroleum product you are registered for by checking the appropriate box(es) in the left-hand column of lines 1 through 6, on the front of the return. Also, indicate whether you are an electric utility (electric utilities may file Form PT-105).

Line instructions

Lines 1 through 6 — Enter any credit amounts in brackets. You must attach the appropriate Forms PT-101 through PT-106 for each box checked.

Line 8 — Enter the total credit from line 18 of your prior month's Form PT-100.

Line 10 — Enter the total requested refund/reimbursements for the month, if any, from Form PT-100-B, *Schedule of Weekly Refund/Reimbursements*. Attach Form PT-100-B to Form PT-100.

Line 11 — Add the amount on line 10 to the amount on line 9. If the result is an amount greater than zero, enter the balance due. If the result is zero or less than zero (negative amount), enter *0* and show the overpayment on line 17.

Line 12 — If you are a participant in the Articles 12-A and 13-A PrompTax Program, enter the amount you already paid by electronic funds transfer or certified check. Do not include any amount paid as interest or penalty.

Actual method — If your payment was based on actual tax due for the period (November 1 through November 22, 2004), check box *A* and enter on line 12 the amount of your actual tax due. Your PrompTax payment must have been equal to at least 90% of the actual tax liability for this period to avoid interest and penalty.

Estimated method — If your payment was based on last year's comparable period (November 2003), check box *E* and enter on line 12 the amount of last year's comparable period tax due. Your PrompTax payment must have been equal to at least 75% of the tax liability (prior to credits) for the comparable month of the preceding year to avoid interest and penalty.

Report your PrompTax payment for the sales and use tax quarterly on Schedule P (Form ST-810.6), with Form ST-810, New York State and Local Sales and Use Tax Return Quarterly for Part-Quarterly Filers. Report your PrompTax payment for the prepaid sales tax on motor fuel and diesel motor fuel monthly on Schedule FT (Form FT-945/1045-A), with Form FT-945/1045, Report of Sales Tax Prepayment on Motor Fuel/Diesel Motor Fuel.
