

Ontario County Sales and Use Tax Rate Increase Effective September 1, 2009

Attention:

All persons required to collect sales tax, pay compensating use tax, or both: Ontario County has enacted legislation to increase its local sales and use tax rate. **As of September 1, 2009, the combined state and local tax rate imposed in Ontario County is increased to 7½%.** This includes the 4% state tax and the 3½% Ontario County local tax. This change will affect your tax collections and payments if you make taxable sales or deliveries to customers, or if you make taxable uses, in Ontario County.

Therefore, beginning September 1, 2009, **all taxable sales and uses in Ontario County are subject to tax at the 7½% rate**, except as otherwise provided by the special transitional provisions below.

Reporting requirements

All taxable sales made within Ontario County reported on sales and use tax returns Form ST-100, Form ST-101, and Form ST-810, must be reported on the Ontario County 7½% entry line.

All **Schedule B** filers reporting sales of **residential** gas, propane in containers of 100 pounds or more, electricity, and steam, must enter this information on Schedule B, Part 1, on the Ontario County 3½% entry line. Report sales of coal, fuel oil, and wood (for heating) for **residential** use, on Schedule B, Part 2, on the Ontario County 3½% entry line.

All **Schedule H** filers reporting sales within Ontario County of clothing and footwear eligible for exemption must enter this information on the Ontario County 3½% entry line.

All **Schedule FR** filers reporting retail sales of motor fuel and diesel motor fuel must enter this information as instructed on the schedule.

Special transitional provisions

All sales and uses occurring on or after September 1, 2009, are taxed at the rate of 7½%, except as provided below:

(a) Layaway sales

Receipts may be reported at the lower rate of 7⅛% only if the following conditions are met:

- (1) before May 1, 2009, a written agreement was made and the item sold was segregated from other similar property in the possession of the vendor; and
- (2) before September 1, 2009, the purchaser has paid at least 10% of the sales price.

(b) Utility bills for gas and electricity based on meter readings

If the meter is read on or after September 1, 2009, and the number of days from September 1, 2009, to the date of the meter reading is more than half the total number of days covered by the bill, report sales of these services at the higher residential rate of 3½% or nonresidential rate of 7½%.

(c) Telephone bills

Report charges for services furnished on or after the date of the first bill dated in September 2009 at the higher rate of 7½%. Report charges for services furnished before the date of the first bill dated in September 2009 at the lower rate of 7⅛%, even though the services may be furnished on or after September 1, 2009.

(d) Telephone answering services

Prorate receipts that cover a period beginning before and ending on or after September 1, 2009. Receipts for the period prior to September 1, 2009, must be reported at the lower rate of 7⅛%. Report receipts for the period on and after September 1, 2009, at the higher rate of 7½%.

(e) Social and athletic club dues

Regardless of the date a bill is mailed, report all bills covering any period that begins on or after September 1, 2009, at the higher rate of 7½%. Report all bills covering periods that begin before September 1, 2009, at the lower rate of 7⅛%.

(f) Admissions

Report taxable admissions to an event occurring on or after September 1, 2009, at the higher rate of 7½%, whether or not the admission charge was paid before that date, unless the tickets were sold and delivered before September 1, 2009, to the person attending the event.

(g) Hotel occupancy

Report all taxable daily rentals occurring on or after September 1, 2009, at the higher rate of 7½%. Report all taxable daily rentals occurring before September 1, 2009, at the lower rate of 7⅛%. If the rental is on other than a daily basis, prorate the amount of rent between the number of days taxable at the higher rate and the number of days taxable at the lower rate.

(h) Pre-existing lump sum or unit price construction contracts

Contractors purchasing materials in Ontario County for use in construction contracts pay the rate of 7 $\frac{1}{8}$ % on purchases made before September 1, 2009, and 7 $\frac{1}{2}$ % on purchases made on or after that date. Contractors who irrevocably entered into a pre-existing lump sum or unit

price construction contract before July 16, 2009, (the date on which the local legislation was adopted), may receive a credit or refund of the additional $\frac{3}{8}$ % local sales and use tax paid on or after September 1, 2009. This credit or refund applies only to purchases of tangible personal property used solely in the performance of such contract.
