

Supplement to Form RP-305
New Orchards, Vineyards, and Hopyards

This form must be attached to the application for agricultural assessment when applying for the newly planted or replanted orchards, vineyards, or hopyards 100% land exemption in the first six years following planting. Up to 20% of the total orchard or vineyard acreage may be eligible in any given year except if the orchard, vineyard, or hopyard is within an area declared by the Governor to be a state Disaster Emergency. Then the 20% maximum is waived but may not exceed the area damaged or destroyed by the disaster. **The Soil Group Worksheet (APD-1) no longer needs to be revised each year on each parcel that the newly planted area changes.**
