Introduction

The New York State Department of Taxation and Finance (Tax Department or NYSDTF) is pleased to offer e-file of personal income tax (PIT), fiduciary, and partnership returns. Most New York State (NYS) returns can be transmitted through the Federal/State e-file program. The information provided in this publication applies to all associated tax types (PIT, fiduciary, partnership) unless otherwise noted. This publication should be used in conjunction with IRS Publication 1345, *Handbook for Authorized IRS efile Providers of Individual Income Tax Returns*, and IRS Publication 4163, *Modernized e-File (MeF) Information for Authorized IRS e-File Providers for Business Returns*.

Electronic return originators (EROs) authorized by the Internal Revenue Service (IRS) to e-file federal personal income tax, fiduciary, and partnership returns are also authorized to e-file returns with NYSDTF. EROs are not required to submit a separate application for NYS E-file or provide copies of their IRS acceptance letters.

Requirements for tax preparers participating in the NYSDTF E-file program

Tax preparers must apply to and be accepted by the IRS as an authorized IRS e-file provider for tax returns and have an electronic filer identification number (EFIN) issued by the IRS. A separate e-file application is not required for NYS.

Note: Although NYS does not require preparers to apply for our e-file program, NYSDTF does require certain tax preparers to register and obtain a New York Tax Preparer Registration Identification Number (NYTPRIN). For more information, see [Tax preparer registration](#).

For more information on the IRS application process, refer to Publication 3112, *IRS e-file Application and Participation*.

For more information on how to become an authorized IRS e-file provider and for online tools for tax professionals, visit the [IRS website](#).

Regulations, standards, guidelines, and rules

Tax practitioners must conform to all IRS regulations, standards, guidelines, rules, and requirements.

Tax return preparer penalties

NYS Tax Law, Article 22, § 697(e) and Article 37, § 1825, prescribe penalties for violation of confidentiality of taxpayer information requirements. NYS Tax Law §§ 32 and 685 prescribe penalties for paid preparers who fail to meet their responsibilities. Tax preparers are subject to these penalties if they fail to do the following:

- Sign a NYS tax return or report refund anticipation loans or refund anticipation check documentation when required.
- Include their New York Tax Preparer Registration Identification Number (NYTPRIN) on any NYS tax return or report when required, or on refund anticipation loans or refund anticipation check documentation that requires the facilitator's signature.

There are also penalties for failure to adhere to the e-file mandate (see [E-file mandate penalties](#)).

All return filers (EROs) must:

- Use NYS approved software
 - For PIT: <https://www.tax.ny.gov/pit/efile/homepc.htm>
 - For fiduciary: https://www.tax.ny.gov/pit/efile/mef_fiduciary_approved_software.htm
 - For partnership: https://www.tax.ny.gov/pit/efile/partnership_approved_software.htm
- Complete the following paid preparer information, if applicable:
 - Preparer's name
 - Firm's name (or preparer's name if self-employed)
 - Address
 - Preparer's NYTPRIN or NYTPRIN exclusion code (as applicable)
 - Preparer's PTIN (or SSN if preparer does not have a PTIN)
 - Firm's EIN
 - Preparer's signature

- Fulfill the signature requirements by marking a box that indicates they have read and agreed to our declaration certification language (see [Signature requirements for e-filed returns, estimated tax and extensions](#)).
- Furnish the taxpayer with copies of all e-filed forms and schedules.
- If required, register with NYS DTF as a tax preparer. See [Tax preparer registration](#).
- Rejected returns **must** be corrected and electronically resubmitted.
- Retain a complete copy of the return with all schedules and attachments, including wage and tax statements. The copy may be electronically imaged and stored.
- Not charge a customer an additional amount to e-file a NYS tax document.

Safeguarding data

All tax professionals should be aware that they are potential targets of cybercriminals seeking access to client data for fraudulent purposes, including to file fraudulent tax returns for refunds. NYS requires that tax professionals protect all data during collection and storage, including driver license information, that may be obtained in the preparation of taxpayer returns. Protect yourself and your clients by taking a few critical steps:

- Assess the risks to sensitive information in your office.
- Always use robust security software for all computers and devices, and routinely perform deep scans to identify any malware or virus infections.
- Require the use of strong passwords to access computers and client files.
- Learn to recognize and avoid phishing email schemes.
- Evaluate what data used in completing tax returns you need to retain for the future, retain only what's essential, and protect what you retain.
- Monitor, evaluate, and adjust your security measures as your business or circumstances change.

In addition, NYS strongly encourages you to review and implement the best practices outlined in IRS Publication 4557, [Safeguarding Taxpayer Data](#). Also see [Data Theft Information for Tax Professionals](#).

- Personal income tax and calendar year 2023 fiduciary returns are due April 15, 2024.
- Partnership, limited liability company (LLC), and limited liability partnership (LLP) returns for calendar year 2023 are due March 15, 2024.

- Fiscal year or short year 2023 partnership returns are due on the 15th day of the third month following the close of the tax year.

*These dates do **not** reflect extended filing deadlines due to extensions or special conditions.

E-file mandate information

- The e-file mandate applies to tax preparers, business owners (partnerships, LLCs, and LLPs) and taxpayers.
- Clients of tax preparers cannot opt out of e-file.
- Returns for tax years 2023, 2022, and 2021 are mandated to be e-filed.
- Amended returns are mandated to be e-filed.
- Extensions must be e-filed either via software or through the NYS DTF website.

For more information on the e-file mandate, see [Who the tax preparer e-file mandate applies to](#).

NYS does not accept federal extensions

NYS DTF does **not** accept federal Form 4868 or federal Form 7004 extensions in place of an NYS extension request using Form IT-370, *Application for Automatic Six-Month Extension of Time to File for Individuals*, or Form IT-370-PF, *Application for Automatic Extension of Time to File for Partnerships and Fiduciaries*.

- You **must** file the correct NYS extension form. If you are subject to the e-file mandate, the extensions must be filed electronically using your tax preparation software or on our website. See [Apply for an extension of time to file an income tax return](#).

Estimated income tax payments

Forms IT-2105, *Estimated Tax Payment Voucher for Individuals*, and **IT-2106, *Estimated Income Tax Payment Voucher for Fiduciaries***

- Using tax software, the taxpayer may submit up to 12 separate estimated tax payments during each tax year. These can be submitted concurrently or individually throughout the year. Form IT-2105 is filed for an individual regardless of the filing status for the primary return, and each is a distinct submission. If a submission is received with both spouse's information included, that submission will be **rejected**.

- When filing estimated taxes electronically, a filer **must** pay via ACH and must select the quarter for which the payment is being made. If filing before the due date of any quarter, the taxpayer may choose to have the funds withdrawn on any date prior to the due date of the selected quarter. If a taxpayer selects a payment date after the due date of the selected quarter, the payment will be drawn on the due date. If the taxpayer files after the due date of the selected quarter, the withdrawal will be processed on the date the e-file return is accepted. If a taxpayer attempts to submit a filing lacking a payment amount, or the total of the NYS, New York City (NYC), and Yonkers allocations does not match the payment amount, the filing will be **rejected**.
- Only calendar year filers may e-file estimated tax payments. Other filers must remit estimated payments using the appropriate form.
- Taxpayers will be able to self-cancel scheduled electronic payments. See [Cancelling scheduled electronic payments](#).

Exclusions from NYS E-file

Returns meeting any of the following criteria may not be e-filed:

- Personal income tax returns filed for a tax period other than January 1, 2023, through December 31, 2023; or January 1, 2022, through December 31, 2022; or January 1, 2021, through December 31, 2021.
- Fiduciary or partnership returns for liability periods beginning before January 1, 2021, or after December 31, 2023. NYS accepts short year and fiscal year fiduciary and partnership filings.
- Fiduciary or partnership filings that include forms not accepted for e-file. See the lists of forms accepted for [fiduciary](#) e-file and [partnership](#) e-file.
- Fiduciary filings for bankruptcy estate cases.
- Returns requesting electronic funds withdrawal payment, or a direct deposit, where the funds would come from or go to an account outside the United States.

How to enter foreign addresses

Address – With the exception of Canadian addresses, foreign ZIP (postal) codes should be entered at the end of the address field.

City – Enter city/town as applicable.

State – For Canadian addresses, enter two-character province abbreviation. For all other foreign addresses, the state **must** be blank.

Country code – enter appropriate foreign country code; NYSDTF uses the [IRS country codes](#).

ZIP code and ZIP code extension – For Canadian addresses, enter the first three characters of the postal code in the ZIP code field, and characters four, five, and six in the ZIP code extension field. For all other foreign addresses, ZIP code and ZIP code extension **must** be blank.

Payment information

Taxpayers can pay the balance due on their return or make estimated tax payments using one of the following payment options:

- **Pay by electronic funds withdrawal (direct debit)**
Payments may be made by an electronic funds withdrawal from a checking or savings account as long as the payment is **not** coming from an account outside the United States. At the time of filing, the following information **must** be provided on the return:
 - the amount to be withdrawn;
 - the bank account number;
 - the bank routing number;
 - the date of the withdrawal; and

- the type of the account – either personal checking or savings; or business checking or savings.

Taxpayers can specify a payment date up to and including the due date of the return. If the payment date falls on a weekend or bank holiday, the payment will be withdrawn the next business day. If you e-file before the April due date, the money will not be withdrawn from the account before the date you specify, but the date specified cannot be after the return due date. For returns e-filed after the due date, the authorized withdrawal from the account will be processed on the date the e-filed return is accepted.

Cancelling scheduled electronic payments

Taxpayers may cancel a payment online with a scheduled payment date at least two (2) business days in the future by logging into their [Online Services](#) account. Select *View and cancel scheduled payments* from the menu.

Note: Payments for e-filed Forms IT-204-LL, *Partnership, Limited Liability Company, and Limited Liability Partnership Filing Fee Payment Form*, cannot be canceled through Online Services accounts.

The taxpayer can revoke an electronic payment by calling NYSDTF no later than two (2) business days before the date of the payment withdrawal.

Note: Unpaid returns will be accepted in e-file and the balance due will be billed at a later date.

- **Pay by credit card (personal income tax only)**

Taxpayers can use Discover®/Novus®, MasterCard®, Visa® or American Express® Cards to pay their balance due. The credit card service provider will charge a convenience fee to cover the cost of this service. The fee will be disclosed before the transaction is completed. Taxpayers must have an [Online Services](#) account to make a payment by credit card.

For returns filed before the April due date, credit card payments can be made any time up to and including that due date. For returns filed on or after the April due date, the credit card payment must be made at or about the time the return is filed.

The taxpayer should have a copy of their completed NYS income tax return available. Taxpayers will receive a confirmation number for successful credit card payments and should retain the confirmation number as proof of payment.

- **Pay by check or money order (personal income tax and fiduciary income tax)**

Payments may be made by check or money order. Payment **must** be accompanied by Form IT-201-V, *Payment Voucher for Income Tax Returns* or Form IT-205-V, *Payment Voucher for Fiduciary Income Tax Returns*. Taxpayers should follow the instructions for the appropriate form. When possible, Form IT-201-V or IT-205-V and payment should not be submitted until after receipt of the Tax Department’s acceptance acknowledgment. However, these payments **must** be submitted on or before the due date to avoid penalty and interest charges. Do **not** include a copy of the return with Form IT-201-V.

Mail Form IT-201-V and payment to:

**NYS PERSONAL INCOME TAX
PROCESSING CENTER
PO BOX 4124
BINGHAMTON NY 13902-4124**

Mail Form IT-205-V and payment to:

**NYS FIDUCIARY INCOME TAX
PROCESSING CENTER
PO BOX 4145
BINGHAMTON NY 13902-4145**

Note: Payments for an e-filed Form IT-204-LL **must** be paid electronically by ACH debit. There is no credit card or voucher payment method for Form IT-204-LL. If the fee is not paid by the due date, we will issue an assessment (bill) for the balance, including penalty and interest.

If you are not using U.S. Mail, see [Publication 55, Designated Private Delivery Services](#).

Paying a balance due on Form IT-370 or Form IT-370-PF

There are several payment options:

- For extensions filed using tax preparation software, payment **must** be made by electronic funds withdrawal from a checking or savings account.
- For extensions filed through the NYS Tax Department's website, there are three payment options:
 - **Electronic funds withdrawal** (which requires an [Online Services](#) account to act on the taxpayer's behalf)
 - **Credit card (personal income tax only)**: See [Pay by credit card](#) on our website (taxpayers must have an Online Services account to make a payment by credit card)
 - **Check or money order** (Form IT-370-V, *Payment Voucher and Instructions for Form IT-370 Filed Online*, or Form IT-370-PF-V, *Payment Voucher and Instructions for Form IT-370-PF Filed Online for Fiduciaries*, will be generated if you select this payment option)

Mail Forms IT-370-V or IT-370-PF-V with payment to:

<p>EXTENSION REQUEST PO BOX 4125 BINGHAMTON NY 13902-4125</p>
--

If you are not using U.S. Mail, see [Publication 55, Designated Private Delivery Services](#).

- **Paying a balance due on an amended return**

ACH payment data should reflect the additional payment due with the return. If the ACH data (routing number, account number, and payment amount) is exactly the same on the previous filing, the filing will **reject**.

Frequently asked questions about electronic funds withdrawal (direct debit)

- **How can I confirm that an electronic funds withdrawal payment was successful?** Review the bank statement for the account against which the payment was authorized. The bank statement should include an entry described as *NYS DTF Tax Payment*. If you are aware that an electronic funds withdrawal was not successful, payment should be submitted as soon as possible. Replacement payments made after the due date may be subject to penalty and interest.
- **Can I make a partial payment?** Partial payments are allowed on personal income tax returns (Forms IT-201, IT-201-X, IT-203, and IT-203-X), fiduciary returns (Form IT-205, *Fiduciary Income Tax Return*) and partnership Form IT-204-LL. Partial payments are **not** allowed on estimated payments (Forms IT-2105 and IT-2106) or balance due extensions (Forms IT-370 and IT-370-PF).
- **Can an authorized electronic payment be canceled?** Yes. See [Canceling scheduled electronic payments](#).

Special condition codes

You can only use up to two special condition codes for each e-filed return or extension. Qualifying for more than two special condition codes does **not** exempt a return from the e-file mandate. For information about special condition codes, see the instructions for Forms IT-201, IT-203-X, IT-203, IT-203-X, IT-204, *Partnership Return*, IT-205, IT-370, or IT-370-PF.

Note: There are no allowable special condition codes for estimated payments, Form IT-204-LL, or partnership extensions.

Special condition codes can be used on the applicable forms, as shown below:

Note: Special condition codes K2, C7, D1, D2, D3, P2, A6, and 56 can be e-filed. The additional information requested with these special condition codes **must** be sent as a PDF attachment with your e-filed return.

State-only filings

If a federal return was not e-filed, the NYS return **must** be e-filed as a *state only* return.

Receipts and acknowledgement system

IRS e-file receipt

IRS e-file will create a *receipt* for transmitters (usually your software provider) for every state submission received. This receipt only indicates that the submission was received by the IRS and does not indicate that it has passed validation or that the state return has been provided to the participating state. Transmitters are not required to provide *receipts* to their customers.

State submission denied by IRS e-file

If the state submission does **not** pass IRS validation it will be **denied** by the IRS. The IRS will create an *acknowledgement* for the transmitter indicating that the state submission is denied, and that the submission will not be provided to the state. In this case, NYSDTF will **not** know that the transmitter has sent a state submission to IRS e-file and will not know that the IRS denied it. These returns **must** be corrected and resubmitted. Your transmitter will notify you if you need to correct and resubmit a return that was denied by the IRS.

State receipt and acknowledgment

- NYSDTF will retrieve the state submission from IRS e-file and send a *receipt* via IRS e-file to the transmitter.
- NYSDTF will validate the submission. An *acknowledgment* (indicating *accepted* or *rejected*) will be sent back to the transmitter via IRS e-file.
- The transmitter will retrieve the acknowledgment and notify the filer that the return was accepted or rejected.
- An acknowledgment indicates the return and payment data (if applicable) have been received and have successfully completed the transmission validation process.
- An accepted acknowledgment does not indicate that an ACH debit authorized with the return filing was successfully processed.

Rejected returns

If a state return is rejected by NYSDTF, you **must** correct the errors and e-file the corrected return. Rejected returns will display up to 100 error codes at a time. These codes will indicate the errors to be corrected prior to resubmission. The corrected, resubmitted return should contain the **original** submission identification (ID) of the rejected return. The inclusion of the original submission ID is generally handled by your software.

Perfection period for a rejected submission (returns, estimated payments, and extensions)

There is a seven (7) calendar-day perfection period to correct the submission and refile it electronically. If the submission is rejected or denied on the IRS level, NYSDTF will not receive the original submission and the perfection period will not systematically initiate.

The e-file perfection period is initiated only when the:

- original submission was timely;
- original submission was rejected by NYSDTF;
- original submission ID number is present on the resubmission;
- resubmission is after the due date; and
- resubmission is within seven days of the original submission.

E-file reject codes

NYS E-file reject codes for TY 2023 are available on our website:

For PIT: https://www.tax.ny.gov/bus/efile/swd_income.htm

For fiduciary: <https://www.tax.ny.gov/bus/efile/swd-fiduciary.htm>

For partnership: <https://www.tax.ny.gov/pit/efile/swd-partnership.htm>

Handling of attachments: attaching documents as PDF files

All non-XML attachments **must** be sent in PDF format. This includes federal required attachments for state filings, pages with additional information from forms, letters of explanation, certificates, and copies of federal returns or schedules that cannot be attached as XML, and so on. Your software will guide you on how to include PDF attachments with an e-filed return.

Do **not** password protect, encrypt, or in any way document protect PDF attachments submitted through e-file.

Liability periods

Calendar-year filer

If the return is for the calendar year 20YY, the beginning and ending dates **must** be 01/01/20YY and 12/31/20YY, respectively. The liability period reported on your filing must not be greater than 12 months or the filing will **reject**.

Fiscal-year filer (fiduciary and partnership)

Fiduciary and partnership MeF accept fiscal-year filings. A fiscal year is a tax period of 12 consecutive months that does **not** end on the last day of December. The tax year of fiscal year filers is determined by the beginning date of the liability period. For example, a fiscal year of 11/1/2022 through 10/31/2023 is considered a tax year 2022 return and **must** be filed using 2022 software.

Short tax year (fiduciary and partnership)

A short tax year is a tax period of less than 12 months. Short period returns should be filed with the correct tax year software. Check with your software provider to confirm availability. The tax year for short period returns is determined by beginning date of the liability period. For example, a short tax year of 12/1/2022 through 5/31/2023 is a tax year 2022 filing. Short tax years of 1/1/2023 through 6/30/2023 or 12/1/2023 through 10/30/2024 are tax year 2022 filings.

Current year software is not available

In certain situations, a taxpayer may need to file a short tax year return before the software is ready. For example, in calendar year 2024 a taxpayer may need to file a short tax year TY2024 return with a tax period beginning date of 01/01/24 and an ending date of 05/31/24. This return is due by 8/15/2024. These returns can be e-filed using TY2023 software if the IRS is accepting returns during the **current year**.

Note: This is valid **only** until the IRS shut-down period for the calendar year. Once filing opens in the following year, the correct tax year software **must** be used, or the return will be **rejected**.

Single-day liability period (fiduciary and partnership)

In the event of a single-day liability period, enter the date of the single day as the *liability period beginning date*. For the *liability period ending date*, enter the **next** day's date. For example, if the single day was 2/1/2023, enter the beginning date as 2/1/2023 and the ending date as 2/2/2023. NYSDTF **will** reject returns where the liability period beginning and ending dates are the same.

52-53 week filer (partnership only)

Taxpayers can elect to use a 52-53 week tax year if the taxpayer keeps their books and reports their income and expenses on that basis.

To file a 52-53 week return for tax year 2023, set the beginning and ending dates to 01/01/2023 and 12/31/2023, respectively. Attach a statement in PDF format with the following information:

- The month in which the new 52-53 week tax year ends.
- The day of the week on which the tax year always ends.
- The date the tax year ends on which the chosen day is either the:
 - last day that occurs in the month in the first bullet above, **or**
 - day that occurs nearest to the last day of the month in the first bullet above.

Notes:

- Form IT-195 is used to provide account information for direct deposit of all or part of a refund into as many as three NYS 529 college savings accounts.
- NYS supports **both** federal Forms 1099-MISC and 1099-G for electronic filing, even though the IRS does not. If New York taxes were withheld on the income reported on these forms, then you **must** key the data from those forms into your software, so it is included in the electronic return data when the New York return is e-filed.
- If you attempt to file federal Form 1099-G with a NYS tax return for income other than that from the NYS Department of Labor, the return filing will be **rejected**.
- If the taxpayer is **not** required to file Forms IT-201, IT-201-X, IT-203, or IT-203-X, then Form NYC-210 **must** be filed as a stand-alone form. If the taxpayer is required to file Form IT-201 or IT-201-X, they may claim the credit on their return. However, they do **not** include Form NYC-210 with Form IT-201 or IT-201-X.
- Form IT-214 can either be e-filed as a stand-alone form or e-filed with Form IT-201 or IT-201-X.

Taxpayer's driver license or non-driver ID information is required

NYS **requires** you to include your client's driver license or non-driver ID information on their return. This applies to both the primary taxpayer and their spouse (if applicable). The information must be entered each tax year as NYS does **not** allow the retention of driver license information by tax preparation software.

The following information needs to be provided from either the prime taxpayer's, their spouse's, or both, driver license or non-driver ID:

- the driver license or non-driver ID number;
- the issuing state;
- the issue date;
- the expiration date; and
- NYS-issued licenses and non-driver IDs only—the first three characters of the document number.

This requirement applies to driver licenses or non-driver IDs from **any** state.

If your client(s) does not have a driver license or non-driver ID (or is deceased), you can indicate that within the software to fulfill this requirement.

IDs and documents

What we accept

We accept information from your client's most **recent** driver license or non-driver ID. The ID can be active **or** expired. If your client's ID is expiring, we will not reject the return.

How to locate ID and document numbers

The document numbers for New York State driver licenses and non-driver IDs consist of either 8 or 10 alphanumeric characters (we only require the first three characters).

To view the standard placement of document numbers on New York State-issued licenses and IDs see [Sample New York State DMV Photo Documents](#) on the NYS Department of Motor Vehicles website.

Why we want this information

We will use the driver license and non-driver ID information as verification to protect taxpayers from fraud and identity theft.

Extensions

If you do not have your client's information at the time of filing, you may check the *Did not provide ID* box on the extension. **However**, when you subsequently e-file the return, you **must** include driver license or non-driver ID information.

Compliance

NYS **requires** you to obtain this information from your clients.

If your client will not disclose their ID information

If your client refuses to provide their information, you may check the box to indicate your client does not have an ID and you must keep documentation to prove you used due diligence to obtain the information and that your client refused.

If you do not include your client's ID information

We use their ID information to validate their identity; if we cannot validate your client, their refund may be delayed.

If your client has an out-of-state ID

As long as your client provides a valid out-of-state ID, they should not experience a processing delay.

Driver license or state identification reject codes:

- R1117 - Missing or incomplete spouse driver license or state ID info on married filed jointly (MFJ) return
- R1118 - Missing primary NYS document number
- R1119 - Missing spouse NYS document number
- R1120 - Primary NYS driver license or state ID number formatted incorrectly
- R1121 - Spouse NYS Driver license or state ID number formatted incorrectly
- R1122 - Prime must provide driver license state ID information
- R1123 - Spouse must provide driver license or state ID information

Special condition code C2

This special condition code is valid for Forms IT-201, IT-201-X, IT-203, and IT-203-X. It should only be used within the software if the user cannot pay their balance in full with the return. Including code C2 **will not** automatically set up an installment payment agreement (IPA). It will enable the taxpayer to receive a bill sooner with instructions on how to set up an IPA.

Addresses

The taxpayer's home address is required. If the taxpayer's mailing address is a PO Box, the home address **must** also be entered. If the taxpayer moved after December 31, 2023, enter the new home address in the mailing address and the

2023 address as the permanent address.

Signature requirements

Signature requirements for tax returns e-filed through your tax preparation professional software package

The taxpayers and the ERO/preparer must sign Form TR-579-IT, *New York State E-File Signature Authorization for Tax Year 2023*. Form TR-579-IT establishes that the taxpayer has reviewed their return, and authorizes the e-filing of the return, and if an electronic funds withdrawal (for payment of the amount owed on the return) has been requested, it verifies that the taxpayer has authorized the electronic funds withdrawal. The taxpayer may fax or email a copy of their TR-579-IT to the ERO/preparer. The ERO/preparer **must** retain the signed Form TR-579-IT for three years and **not** mail it to the NYS Tax Department. The ERO/preparer must also sign the return electronically by checking a box that indicates that they have read and agreed to our declaration certification language.
