# EXEMPTIONS FROM REAL PROPERTY TAXATION IN NEW YORK STATE: 2001 COUNTY, CITY, AND TOWN ASSESSMENT ROLLS

## INTRODUCTION

All real property in New York is subject to taxation unless specific legal provisions grant it exempt status, whereas personal property is not subject to taxation. Real property tax exemptions are granted on the basis of many different criteria, including the use to which the property is put, the owner's ability to pay taxes, the desire of the state and local governments to encourage certain economic or social activities, and other such rationale.<sup>1</sup> Certain exemptions provide full relief from taxation (wholly exempt property) and others reduce the taxes which would otherwise be payable by varying degrees (partially exempt property). Some exemptions apply to taxes levied for county, city/town, and school purposes, whereas others pertain only to some of these purposes. Yet another difference involves the extent of local government autonomy: while some exemptions are mandated by state law, others are subject to local option and/or local determination of eligibility criteria.

This report presents exemption data for 2001 assessment rolls based on submissions of property tax data by assessors and county property tax directors.<sup>2</sup> It covers town, city, and county (Tompkins and Nassau Counties) assessment rolls only; village rolls are not included.

Ultimately, the accuracy of the figures presented depends on the accuracy of the data submitted. Although the overwhelming majority of reported exemptions could be related to specific legal provisions through the standardized reporting system provided by the Office of Real Property Services (ORPS), a very small percentage could not be classified because incorrect codes were used, and are thus omitted from certain tables in this report. Similarly, any errors made by assessors in determining the value of a parcel, or the extent to which this value is exempt from taxation, will appear in the data contained herein. Also, experience has shown that some assessors may not keep the values placed on wholly exempt property fully up to date, as valuation of such property has, for the most part, no effect on local tax revenue. Incorrect assessed values may overstate or understate the effect of exemptions on local tax bases.

---

<sup>1</sup> Most exemptions are granted under Article 4 of the Real Property Tax Law, but others are authorized by a wide variety of statutes ranging from the Agriculture and Markets Law to the Transportation Law.

<sup>2</sup> The material in the report relates to exemptions only. Not covered are the restricted assessments which apply to certain types of property (e.g., condominiums), tax abatement programs, and formerly real property which has been statutorily redefined as personal (non-taxable) property (e.g., certain switching equipment owned by telephone companies). Restricted assessments, tax abatements, and statutory redefinitions, like exemptions, are tax expenditures in that they reduce or shift tax liability.

The remainder of the report is organized as follows. The next section presents a summary of the latest (2001 assessment roll) statewide statistics on exempt property. The section immediately thereafter focuses on the relatively new School Tax Relief (STAR) exemption. Appendix A contains a list of abbreviations and definitions for terms used in the detailed tables that comprise Appendix B.

## **EXEMPTIONS ON 2001 ASSESSMENT ROLLS**

Slightly more than 34 percent of the market value of real property in New York is exempt from taxation and it has changed little since 2000 (33.8 percent). The primary reason for any increase was the third year of phasing in the STAR exemption (\$27 billion more in 2001). Had STAR exemptions been excluded from exempt value, the percent of real property value attributable to exemptions would actually have decreased from 26.8% in 2000 to 26.1% in 2001.

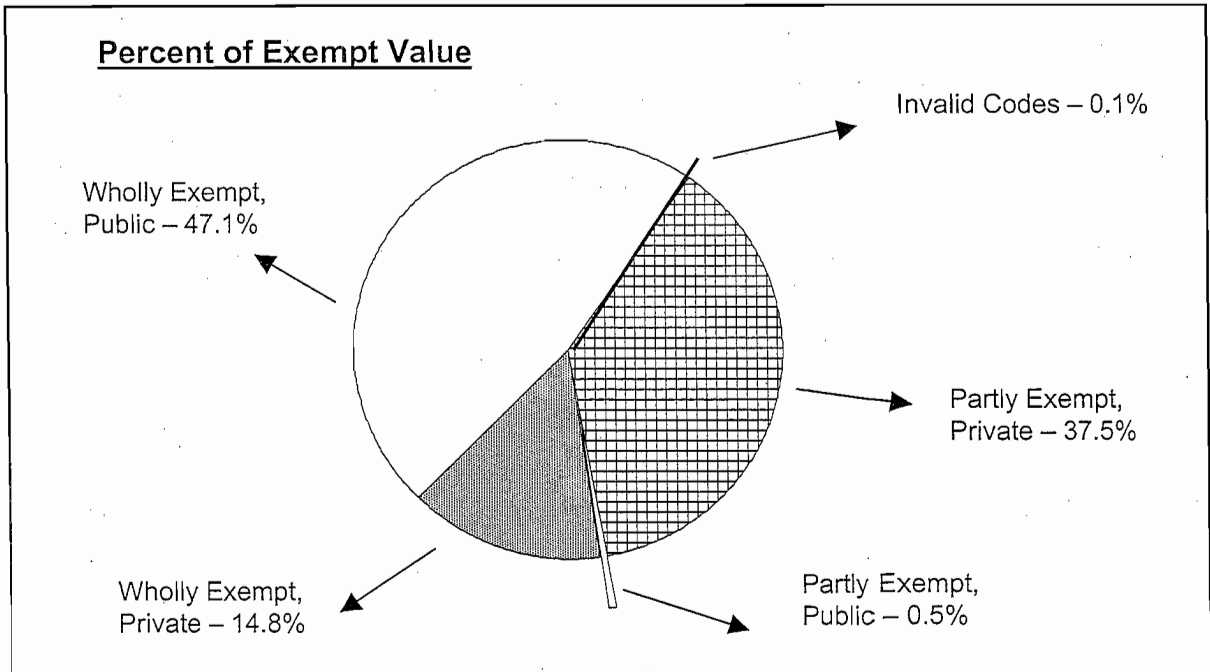

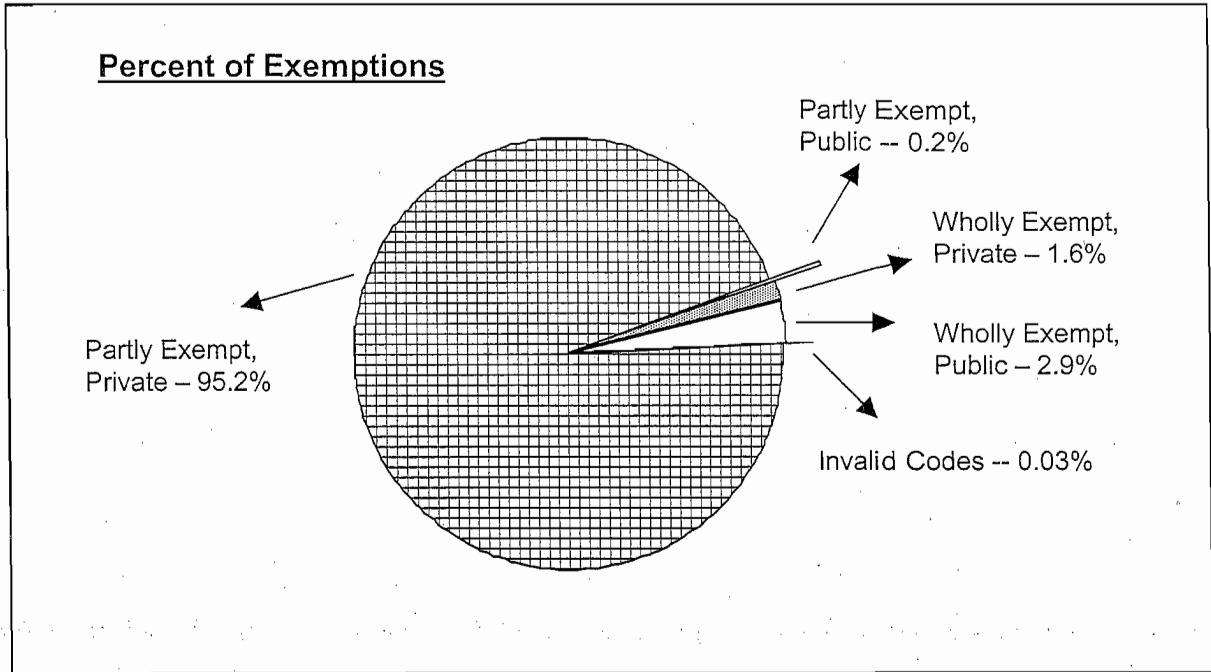

With the exception of the years in which the STAR exemption was introduced (1998 and after) value that is exempt has changed little since the early 1980s. In 1998, the first year in which STAR was granted to eligible senior citizens, exempt property increased from 28 percent to 30 percent of total value. In 1999, when STAR was first granted to non-seniors, exempt value increased to approximately 32 percent of total property value. At the same time, the total number of wholly or partially exempt parcels increased significantly to more than 2.9 million in 1999 and more than 3.0 million in 2000, with over half of all parcels in both years receiving some type of exemption. In 2001, this trend continued, with the number of exempt parcels totaling over 3.1 million and representing more than 57 percent of all parcels. Partial exemptions, including the STAR exemption, accounted for the overwhelming majority of these, at 95 percent.

In prior years, roughly 1 out of every 5 parcels had benefited from some sort of exemption. However, with STAR exemptions amounting to nearly 2.9 million, this portion has increased substantially since 1997. With the last installment of the basic STAR exemption implemented in 2001 (\$30,000), the exempt value of property in New York increased to more than \$440 million.

Figure 1 shows a breakdown of 2001 assessment roll exemptions according to type of ownership (public vs. private) and extent of exemption allowed (whole vs. partial). The overall proportions, which are similar to those seen in prior years, depend on whether one looks at the number of exempt parcels or exempt value.

Figure 1. Distribution of Exemptions by Type of Ownership, 2001

The most common exemptions are partial exemptions granted on parcels owned by private individuals or organizations (95 percent of all exemptions). A further 1.6 percent are granted on property that is privately owned and wholly exempt. Publicly owned property, nearly all of which is wholly exempt, accounts for the remainder of the exemptions (3.2 percent).

However, in terms of exempt value, the publicly owned, wholly exempt property accounts for nearly half of all exempt value. Fully 47.1 percent falls in this category, with nearly all the remainder consisting of privately owned property which is split between the wholly exempt (14.8 percent) and the partially exempt (37.5 percent).

Approximately 80 percent of the individual exemptions granted annually resulted from state-mandated exemption provisions rather than local-option statutes (local governments are not permitted to reduce or rescind mandated exemptions). The STAR program accounted for by far the largest category of mandatory exemptions. In 2001, more than 2.9 million qualified homeowners were granted almost \$119 billion of exempt value as a result of STAR, amounting to more than 70 percent of all exemptions granted statewide.

The major local-option exemptions were those granted to senior citizens, to certain veterans, to various limited-profit housing companies, and to businesses that made eligible improvements to real property. These optional exemptions totaled \$33.2 billion in 2001, an increase of \$0.6 billion from the \$32.6 billion reported in 2000. While the exempt value increased for this group, the number of exemptions declined by more than 5,300 or about 0.7 percent since the last report. This decrease was the result of 5,900 fewer senior citizens exemptions from 2000 to 2001.

Table 1 shows the number of exemptions and equalized exempt value by major exemption category. The overwhelming majority of exemptions (92 percent) involve partially exempt property owned by certain individuals, primarily homeowners receiving STAR exemptions (about 70 percent), senior citizens (5.4 percent), and veterans (about 12 percent). However, only about 32 percent of the total exempt value is attributable to this category of exemptions. Nevertheless, the total exempt value of this group is greater than that of any other group shown in Table 1, with STAR exemptions causing substantial additions in recent years.

The second largest category in terms of exempt value is the general-purpose property owned by local government entities (excludes housing, some forest land, and certain other uses). Although such properties account for only about 2 percent of all exemptions, they comprised more than 24 percent of the total value exempt. Other categories accounting for major shares of

the total value exempt, but relatively few exemptions, included property owned by the United States and foreign governments and property owned by New York State.

**Table 1**  
**Real Property Tax Exemptions by Property Group, 2001 Assessment Rolls**

<u>Group</u>	<u>Number of Exemptions</u>	<u>Equalized Exempt Value (\$000)</u>
A. Residential Property other than Multiple Dwellings Non-Residential Property Owned by Certain Individuals	3,794,197	\$156,538,432
B. Property of New York State Government and Agencies	17,309	48,348,357
C. Property of Municipal Governments and Agencies, School Districts, BOCES, and Special Districts	94,390	119,383,714
D. Property of U.S. and Foreign Governments and Agencies, International or Interstate Agencies, and Indian Tribes	3,582	25,017,453
E. Property of Private Community Service Organizations, Social Organizations, and Professional Societies	64,070	67,021,323
F. Industrial, Commercial, and Public Service Property	22,617	39,637,529
G. Urban Renewal Property, Public Housing, and Private Subsidized Housing (Multiple Dwellings)	45,556	29,183,182
H. Agricultural and Forest Property	79,915	3,392,957
<b>Total, Valid Exemption Codes</b>	<b>4,121,636</b>	<b>\$488,522,947</b>
Invalid Codes	1,281	480,523
<b>TOTAL</b>	<b>4,122,917</b>	<b>\$489,003,470</b>

Across the state, total exempt value increased by 10.8 percent, from \$441 billion in 2000 to \$489 billion in 2001. Far and away the most substantial change in exempt value for any one exemption group, as shown in Table B4, Appendix B, was the 23 percent increase in Group A (Residential Property other than Multiple Dwellings and Non-Residential Property Owned by Certain Individuals). Continued growth in the number of basic STAR exemptions (82,750 more in 2001), as well as the third installment of this exemption (\$30,000), accounted for more than \$28 billion of the \$29 billion increase in the exempt value of this group.

The exempt value changes in the remaining exemption groups ranged from a 9.5 percent increase for Group F (Industrial, Commercial, and Public Service Property) to a 0.4 percent increase for Group D (Property of U.S. and Foreign Governments and Agencies, International or Interstate Agencies, and Indian Tribes). The \$3.4 billion increase in the exempt value of Group F was largely the result of three exemptions: a \$1.8 billion increase for Municipal Industrial Development Agencies (Real Property Tax Law (RPTL) Section 412-a), a \$0.5 billion increase for Industrial and Commercial Properties Certified by the New York City Department of Finance (RPTL Section 489-bbbb), and a \$0.4 billion increase for Electric Generating Facilities (RPTL Section 485). Almost half of the increase in the value of municipal industrial development agencies occurred in four municipalities: \$319 million in the Town of Tonawanda (Erie County), \$229 million in New York City, \$212 million in the City of Dunkirk (Chautauqua County) and \$92 million in the City of New Rochelle (Westchester County). Meanwhile, the Town of Cortlandt was solely responsible for the \$0.4 billion increase in the Electric Generating Facilities exemption; however, the Indian Point 3 Plant in the Town of Cortlandt had been fully exempt on 2000 rolls for about \$0.8 billion due to its ownership by the New York State Power Authority. While it might appear initially that Group D experienced relatively few changes from 2000 to 2001, this was actually not the case. Offsetting a \$520 million increase in the value of USA-owned property was a \$500 million net decrease in the value of property owned by the New York and New Jersey Port Authority. The overall result of these competing changes explains the 0.4 percent net increase for the entire group.

The exempt value changes for the remaining groups ranged from 5.5 percent in Group C (Property of Municipal Governments and Agencies, School Districts, BOCES, and Special Districts) to 7.3 percent in Group G (Urban Renewal Property, Public Housing, and Private Subsidized Housing (Multiple Dwellings)). These trends were somewhat lower than the 8.8 percent increase in the total value of property in New York State that occurred from 2000 (\$1.3 trillion) to 2001 (\$1.4 trillion)

The 10.8 percent overall increase in exempt value varied somewhat among counties, but 70 percent of all counties had increases that were in the 0 percent to 10 percent range. Of the remaining 17 counties, 11 had decreases ranging from -0.1 percent to -27.1 percent, 5 had an increase of 10 percent to 20 percent, and 1 had an increase of more than 20 percent. The primary reason for the increased exempt values in New York's counties was due to the growth in the STAR exemption program. The third installment of the basic STAR exemption phase-in and continuation of the enhanced senior citizen STAR exemption accounted for about 24.3 percent of total statewide exempt value.

Chautauqua, Lewis, and Seneca counties were exceptions to this general trend. In 2001, the \$420 million Five Points Correctional Facility was completed at the former Seneca Army Depot in the Town of Romulus (Seneca County). Various other uses, including a non-profit treatment center for children with clinical emotional problems, are also planned for the former military depot. The completion of this facility completely explained Seneca County's 94 percent increase in exempt value, the largest in any county in the state as well as the only increase greater than 20 percent

At the other end of the spectrum, Lewis County's 27 percent decrease in exempt value and Schuyler County's 14 percent decrease were the only double-digit percentage reductions in any of New York's counties. For both of these counties, the decreases were primarily the result of revaluations that adjusted the values of certain municipally owned properties. In Lewis County, the value of 12 parcels owned by the Town of Crogan's municipal industrial development agency (IDA) was nearly \$86 million less after the town's 2001 revaluation than it was in 2000 (\$86.3 million). Likewise, in Schuyler County, the 2001 revaluation of property in the Town of Orange resulted in a \$12 million decrease in the value of three school district properties and accounted for more than half of the \$18 million decrease in the county's exempt value. Additionally, the value of wholly exempt IDA property in the Town of Reading decreased by \$12 million after eight US Salt parcels were no longer subject to a three-year payments in lieu of taxes (PILOT) program established by Reading IDA and coded with the IDA exemption code.

Large differences in the incidence of exempt property may be found throughout the state (Tables 2 through 5). For the second consecutive year, Tompkins County ranked highest in terms of exempt value, with nearly half of its real property exempt. Property owned by nonprofit educational institutions (primarily Cornell University and Ithaca College) in the City and Town of Ithaca accounts for approximately 60 percent of Tompkins County's exempt value.

In prior years, St. Lawrence County had ranked first in this regard, with almost half of its property exempt, including substantial amounts of wholly exempt property owned by the New York State Power Authority and the St. Lawrence Seaway Development Corporation. This exemption situation continued in 2001, but the growth of exempt value in Tompkins County resulted in St. Lawrence dropping to the second-highest ranking. Other important contributors to relatively high levels of exempt value in the county were wholly exempt land owned by other state entities, municipal industrial development agencies, and educational institutions. Four assessing units in St. Lawrence County had significant portions of their property value effectively removed from the tax rolls (Waddington, 72 percent; Massena, 71 percent; Potsdam, 51 percent; and the City of Ogdensburg, 73 percent).

The previously mentioned conversion of the Seneca Army Depot to the Five Points Correctional Facility in the Town of Romulus (Seneca County) resulted in Romulus having nearly 90 percent of its property exempt and attaining the highest ranking among New York State towns in terms of exempt value. Also having approximately 90 percent of its property exempt, the Town of Ashford in Cattaraugus County had previously held this highest rank among New York State towns in terms of exempt value, but ranked second for this measure in 2001. This situation is largely the result of the very high value of the wholly exempt West Valley nuclear disposal site. The Town of LeRay (Jefferson County) ranked third in this regard, primarily because of the Fort Drum Army Base.

Eight of the state's 62 cities had tax bases that were reduced by at least 50 percent as a result of exempt property in 2001. In addition to the already mentioned Ogdensburg, the cities of Dunkirk, Geneva, Hudson, Ithaca, Oneonta, Troy, and Watervliet all belong to this group. Prior to the 2001 rolls, the City of Dunkirk only had about one-quarter of its value exempt. However, the transfer of the Dunkirk Steam Plant to the Dunkirk Industrial Development Agency increased the city's exempt value by more than \$210 million and fully explained the doubling of the city's exempt percentage. Exempt property in the City of New York was somewhat less prevalent, comprising only about 35 percent of total value.

Counties with the lowest incidence of exempt property tended to be rural and forested, with Columbia, Delaware, Greene, Hamilton, Warren, and Washington all having 19 percent or less of their tax bases exempt. In contrast, 3 heavily residential counties in the metropolitan New York City area and on Long Island also had relatively small proportions of total value exempt, with Putnam, Rockland, and Nassau in the 15 percent or less range.

With the exception of Glen Cove in Nassau County, all of the state's cities had at least 17 percent of their tax bases exempt. Many towns had a much lower incidence of exemptions, with 36 having less than 5 percent of their assessment rolls in exempt property value. Among the towns with the lowest percentages of exempt value, two-thirds are in rural and forested areas.

## LOCAL-OPTION EXEMPTIONS

### Local-Option Exemption Impacts

Statewide, the value of local-option exemptions comprised approximately 11 percent of total exempt value. However, Tables 6, 7, and 8 show a wide range of values among counties, cities, and towns. For example, county local-option percentages varied from 21.0 percent in Fulton County to 2.5 percent in Tompkins County.

The STAR exemption program continued to have a significant effect on the shares of municipal exempt value that were comprised of local-option exemptions. In 1997, the

percentage of total exempt value represented by local-option exemptions among counties ranged from a low of 2.2 percent (Clinton County) to a high of 38.4 percent (Fulton County). The comparable range on the 2001 assessment rolls was from 2.5 percent (Tompkins County) to 21.0 percent (Fulton County). This downward trend has been due primarily to the phasing-in of the mandatory STAR program.

The combined effects of four types of local option exemptions provided much of the reason for Fulton County's top ranking. Local-option veterans' exemptions and exemptions for persons aged sixty-five years or more accounted for 7.4 percent of the county's exempt value. Relatively high values for the property of various non-profit organizations exempt under Section 420-b of the Real Property Tax Law (RPTL) comprised another 5 percent. An additional 5 percent resulted from exemptions provided to commercial and industrial properties under RPTL Section 485-b (Business Investment Property Outside New York City) and RPTL Section 485-e (Property Improvements in Empire Zones). In second and third places were Saratoga County (17 percent local option exempt value) and Herkimer County (16 percent local option exempt value).

As wide as the variation for local-option exemptions was for counties, the range was even greater for cities and towns. The percentage of total exempt value attributable to local-option exemptions ranged from a high of 51 percent in the Town of Piercefield (St. Lawrence County) to the Town of Moira in Franklin County which had no local option exemptions at all. The primary reason for Piercefield's first-place ranking was its large share of property owned by the Boy Scouts of America. This property was exempt due to ownership by a non-profit organization and represented 52 percent of the town's exempt value.

Even though local-option exemptions among New York's cities and towns ranged from zero percent to 55 percent of total exempt value, the vast majority of municipalities had less than 20 percent. As can be seen from Table 8, in more than 9 out of every 10 municipalities, local-option percentages accounted for less than 20 percent of the total exempt value. In comparison, before the introduction of the basic STAR exemption on the 1999 assessment rolls, about 3 out of every 4 municipalities had local-option percentages of 20 percent or less.

### **“STAR” STATE-FUNDED EXEMPTION**

The School Tax Relief (STAR) program was enacted in 1997 as Section 425 of the Real Property Tax Law. This state-funded program provides a partial exemption from school property taxes for owner-occupied primary residences, including condominiums, cooperative apartments, and mobile/manufactured homes. The exemption first became available on the 1998 assessment rolls.

For qualifying senior citizens (age 65 or older), STAR generally exempts the first \$50,000 of a home from school taxes. In the case of property owned by a husband and wife, only one of them must be at least 65 years of age to qualify for the exemption. Their combined annual income, however, must not exceed \$60,000, even if only one of the resident spouses is the owner. This exemption is generally referred to as the “enhanced” STAR exemption.

For non-senior homeowners and those seniors whose incomes exceed \$60,000, a lower “basic” STAR exemption that generally amounts to \$30,000 is available. The STAR exemption was phased in with three increments that began in 1999-2000 with a maximum exempt value of \$10,000. The limit was increased to \$20,000 in 2000-2001 and to \$30,000 in 2001-2002.

Both STAR exemption ceilings are adjusted upwards in counties where median home values exceed the statewide median. Both are also adjusted to the local level of assessment in each assessing unit by application of the appropriate equalization rate or class equalization rate (special assessing units).

Additionally, the STAR exemption is adjusted for the cities of Buffalo, New York, Rochester, Syracuse, and Yonkers to account for the school district being fiscally dependent on the city. This adjustment is made by multiplying the STAR exemption amount that would

otherwise be determined by 50 percent for New York City, or, in the case of the other 4 cities, by 67 percent. The exempt amount resulting from this calculation is applied both to the assessed value for city school district purposes and to the assessed value for general city purposes.

There were nearly 640,000 "enhanced" STAR exemptions and more than 2.2 million "basic" STAR exemptions reported on 2001 assessment rolls, and they totaled approximately \$118.8 billion in exempt value. These totals represented 24.3 percent of the exempt value and 70.3 percent of all exemptions in New York's cities and towns.

The 2001 STAR exempt value represented a 30 percent increase from the \$91.5 billion shown on the 2000 rolls. More than any other factor, this change is explained by the increase in the maximum exempt value for "basic" STAR exemptions from \$20,000 in 2000 to \$30,000 in 2001. The corresponding exempt values for the "basic" STAR exempt values were \$55 billion in 2000 and \$82.7 billion in 2001. Also contributing to the growth in exempt value between the two years was the increase in the total number of STAR exemptions by almost 83,000. While the major portion of this increase can be explained by new initial applications for the "basic" STAR exemption that are due to new construction or a belated awareness of the exemption, there were also more than 23,000 fewer "enhanced" STAR exemptions from 2000 to 2001. This was most likely the result of a sale of the property to non-qualifying homeowners or an increase in the incomes of senior citizen property owners which made them no longer qualified for the "enhanced" exemption.

## APPENDIX A

### Explanation of Codes and Terms Used

1. **Exemption Code:** A five-digit identification number used for designating each specific exemption type. The first of the five digits can have a value of 1, 2, 3, or 4, and these values can be interpreted as follows:

<u>Value</u>	<u>Meaning</u>
1.	Public owner, exemption not limited by State law in amount, duration, or tax purpose.
2.	Private owner, exemption not limited by State law in amount, duration, or tax purpose.
3.	Public owner, exemption limited by State law in amount, duration, or tax purpose.
4.	Private owner, exemption limited by State law in amount, duration, or tax purpose.

The second, third, and fourth digits are read together and constitute a unique code for each exemption statute. The fifth digit, which can have a value ranging from zero to 6, identifies the tax purposes for which the exemption is granted and it can be interpreted as follows:

<u>Value</u>	<u>Meaning</u>
0.	Exempt for county, city/town, and school purposes.
1.	Exempt for county, and city/town purposes.
2.	Exempt for county purposes.
3.	Exempt for city/town purposes.
4.	Exempt for school purposes.
5.	Exempt for county and school purposes.
6.	Exempt for city/town and school purposes.
—	(Underline) More than one entry possible (local-option exemptions).

2. **Number of Parcels or Parcel Count:** The total number of parcels of real property in the county or municipality, including wholly exempt parcels.
3. **Number of Exempt Parcels:** The total number of parcels on the assessment roll which carry at least one exemption code.

4. **Number of Exemptions:** Total number of exemptions of the type in question (whole or partial). Will not equal the number of exempt parcels since a given parcel may have multiple exemptions.
5. **Wholly Exempt:** Exemptions which provide full relief from taxes levied for all taxing purposes. Includes the assumption, for tables other than B3, that invalid or incomplete exemption codes beginning with 1 or 2 indicate wholly exempt property.
6. **Partly Exempt:** Exemptions which are limited in amount, duration, or taxing purpose. Includes the assumption, for tables other than B3, that invalid or incomplete exemption codes beginning with 3 or 4 indicate partially exempt property.
7. **Total Equalized Value (000):** Total assessed value of all parcels on assessment roll divided by the decimal representation of the appropriate state equalization rate. For the 2001 assessment rolls, the market value standard for equalization rates was January 1, 2001. Equalization rates are based on assessments and market values of taxable property only.
8. **Total Equalized Value of Exempt Parcels (000):** Total assessed value of exempt parcels divided by the decimal representation of the appropriate state equalization rate or class equalization rate.
9. **Equalized Exempt Value (000) or Eq. Val. (000):** Exempt assessed value divided by the decimal representation of the state equalization rate or class equalization rate.
10. **1999 Eq. Rate:** The state equalization rate, or class equalization rates.
11. **Invalid Exemption Codes:** Reported exemption codes which are neither currently valid nor were previously valid. Expressed as a percent of the total number of exemptions coded.
12. **Incomplete Exemption Codes:** Reported exemption codes which were previously, but are not currently, valid. Expressed as a percent of the total number of exemptions coded.
13. **Exempt for County Purposes:** Exemptions coded with a five-digit number ending in 0, 1, 2, or 5.
14. **Exempt for City/Town Purposes:** Exemptions coded with a five-digit number ending in 0, 1, 3, or 6.
15. **Exempt for School Purposes:** Exemptions coded with a five-digit number ending in 0, 4, 5, or 6.
16. **Pct. of Total Parcels Exempt:** Number of exempt parcels divided by the total number of parcels, expressed as a percentage.
17. **Pct. of All Exem. in Cnty.:** The number of exemptions of the type in question divided by the total number of exemptions in the county, expressed as a percentage.
18. **Exempt Value as a Pct. of Total Value:** Table B3 -- Equalized value of exemptions of each type divided by total equalized value, expressed as a percentage.

19. **Pct. of Total County (State) Exempt Value:** Tables B4, B5 -- Equalized value of exemptions of each type divided by total equalized value of exempt parcels only, expressed as a percentage.
  20. **Pct. of Exempt Value:** Equalized value of exemption category in question in relation to total equalized value of all other exemptions granted.
  21. **Pct. of Equal. Value:** (Table B1) Equalized value of exemption divided by total equalized value, expressed as a percentage.

NYSBEA	NYS Board of Equalization and Assessment
O/S	Outside
ORGNZTN	Organization
OTB	Off Track Betting
PANY&NJ	Port Authority of New York and New Jersey
PKG	Parking
PROF	Profit
PROJ	Project
PUB	Public
PUR OR PURP	Purpose
PVT	Private
REDEV	Redevelopment
RELIG	Religious
REN	Renewal
RES	Residence
RETIRE	Retirement
RR	Railroad
SCI	Science
SER	Service
SIM	Similar
SOC	Society
SPEC	Special or Specified
STA	Station
STR	Street
SWR OR SEWR	Sewer
TR	Treatment
UDC	Urban Development Corporation
UNDRG	Underground
UNIV	University
URB	Urban
VG OR VLG	Village
VOL	Volunteer

**APPENDIX B**

**Detailed Exemption Data, by County and Municipality**

**Table**

- B.1 County Level Summary of Exemptions, 2001 Assessment Rolls
- B.2 Municipal Summary of Exemptions, 2001 Assessment Rolls (No longer available in this report; however, it is available on the Internet or by request.)
- B.3 County Level Summary of Exemptions, by Type, 2001 Assessment Rolls
- B.4 Statewide Summary of Exemptions, by Property Group and Exemption Code, 2001 Assessment Rolls
- B.5 Summary of Exemptions, by County, Property Group, and Exemption Code, 2001 Assessment Rolls

**TABLE B.1**

**County Level Summary of Exemptions, 2001 Assessment Rolls**

**Pages B.4 – B.5**
